Federal Emergency Management Agency

[Docket ID FEMA–2022–0002; Internal Agency Docket No. FEMA–B–2253]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR), in accordance with Federal Regulations. The currently effective community number is shown in the table below and must be used for all new policies and renewals.

DATES: These flood hazard determinations will be finalized on the dates listed in the table below and revise the FIRM panels and FIS report in effect prior to this determination for the listed communities.

From the date of the second publication of notification of these changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Deputy Associate Administrator for Insurance and Mitigation reconsider the changes. The flood hazard determination information may be changed during the 90-day period.

ADDRESSES: The affected communities are listed in the table below. Revised flood hazard information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

Submit comments and/or appeals to the Chief Executive Officer of the community as listed in the table below.

FOR FURTHER INFORMATION CONTACT: Rick Sacbabit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbabit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The specific flood hazard determinations are not described for each community in this notice. However, the online location and local community map repository address where the flood hazard determination information is available for inspection is provided.

Any request for reconsideration of flood hazard determinations must be submitted to the Chief Executive Officer of the community as listed in the table below.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. The flood hazard determinations are in accordance with 44 CFR 65.4.

The affected communities are listed in the following table. Flood hazard determination information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

FOR FURTHER INFORMATION CONTACT: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC

20410-5000; telephone 202-402-3400 (this is not a toll-free number). Persons with hearing or speech impairments may access this number via TTY by calling the Federal Information Relay Service at (800) 877-8339. Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Proposal: Public/Private Partnerships for the Mixed-Finance Development of Public Housing Units.
OMB Control Number: 2577-0275.

Type of Request: Reinstatement with change of a currently approved collection.

Form Number: HUD-50156, HUD-50157, HUD-50158, HUD-50159, HUD-50160, HUD-50161, HUD-52190. This PRA also includes two new forms: The Mixed Finance Amendment to the Annual Contributions Contact and the Mixed Finance Development Proposal for Faircloth to RAD Transactions.

Description of the need for the information and proposed use: The Quality Housing and Work Responsibility Act of 1998 (Pub. L. 195-276, approved October 21, 1998), also known as the Public Housing Reform Act, created section 35 of the U.S. Housing Act of 1937, 42 U.S.C. 1437z-7.1437. Section 35 allows Public Housing Authorities (PHAs) to own, operate, assist, or otherwise participate in the development and operation of mixed-finance projects. Mixed-finance development refers to the development or rehabilitation of public housing, where the public housing units are owned in whole or in part by an entity other than a PHA. Prior to this, all public housing had to be developed and owned by a PHA. However, Section 35 allows PHAs to provide Section 9 Capital Funds and Operating Funds to mixed-finance projects, which are also financially assisted by private financing and other resources including tax credit

equity, private mortgages and other federal, state, or local funds. Section 35 also allows non-PHA owner entities to own and operate mixed-finance projects that contain only public housing units or both public housing and non-public housing units. Mixed-finance real estate development or rehabilitation transactions also help to extend public housing appropriations for housing development and to support the development of mixed-income housing in which public housing residents are anonymously mixed in with affordable and market rate housing residents.

In order to approve the development of mixed-finance projects, HUD collects certain information from each PHA/Ownership Entity. Under current regulations, HUD collects and reviews the essential documents included in this Information Collection Request (ICR) in order to determine approval. After approval is given and the documents are recorded by the associated county, HUD collects the recorded versions of the documents in this ICR, along with financing and legal agreements that the PHA/owner entity has with HUD and with third-parties in connection with that mixed-finance project. This includes unique legal documents along with standardized forms and “Certifications and Assurances” which are not exempted under PRA.

The regulations that govern the processing of mixed-finance public housing projects are at 24 CFR part 905, subpart F. In accordance with these regulations, HUD collects information to ensure that the proposed mixed-finance development has sufficient funds to reach completion; will remain financially viable during its operating period; will follow HUD’s legal and programmatic guidelines for housing project development or rehabilitation, ownership, and use restrictions; and will preserve HUD’s rights to the project during its HUD-required affordability period. Information on HUD-prescribed forms and in HUD-prescribed contracts and agreements, along with other supplemental information called for in 24 CFR part 905, provides HUD with
