DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP19-488-000]

Columbia Gulf Transmission, LLC; Notice of Request for Extension of Time

Take notice that on July 22, 2022, Columbia Gulf Transmission, LLC (Columbia Gulf) requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time (2022 Extension of Time Request), until December 31, 2022, to construct and place into service the facilities that were authorized in the original certificate authorization issued on September 17, 2020 (Certificate Order).¹ The Certificate Order authorized the Louisiana XPress Project (Project) and required Columbia Gulf to complete construction of the Project facilities and made them available for service by September 17, 2022.

Columbia Gulf states that unexpected settlement issues arose at the Chicot and Shelburn Compressor Stations (CS) during the final phases of construction, resulting in a delay of the previously anticipated Project in-service date of February 1, 2022. Columbia Gulf explains that, it has completed remediation activities at the Chicot CS and subsequently placed the Chicot CS into service and commenced flowing partial incremental Project volumes on July 1, 2022. Columbia Gulf states that, Columbia Gulf is working at the Shelburn CS to complete remediation activities and expect to complete construction and have a full in-service date between September 20, 2022 and November 1, 2022.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on Columbia Gulf's request for an extension of time may do so. No reply comments or answers will be considered. If you wish to obtain legal status by becoming a party to the proceedings for this request, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10).

As a matter of practice, the Commission itself generally acts on requests for extensions of time to complete construction for Natural Gas
