 BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2022-0002; Internal Agency Docket No. FEMA-B-2256]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: Comments are to be submitted on or before October 31, 2022.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-2256, to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/finx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their

floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address

listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each

community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA-2022-0022; OMB No. 1660-0054]

Agency Information Collection Activities: Proposed Collection; Comment Request; Assistance to Firefighters Grant Program and Fire Prevention and Safety Grants—Grant Application Supplemental Information

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 60-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on a currently approved collection with revisions. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the applications for the Assistance to Firefighters Grant (AFG) program, the Fire Prevention and Safety (FP&S) Grants program, the Staffing for Adequate Fire and Emergency Response (SAFER) Grants program, and the Assistance to Firefighters Grant Program—COVID-19

Supplemental (AFG-S). These programs focus on enhancing the safety of the public and firefighters with respect to fire and fire-related hazards. The changes proposed will acknowledge the FEMA Grants Outcomes (FEMA GO) system as the new collection instrument for the AFG, AFG-S, SAFER, and FP&S programs. The individual forms will be combined into a question bank to allow the FEMA GO system to fully utilize its technology to simplify the process by reducing unnecessary questions.

DATES: Comments must be submitted on or before October 3, 2022.

ADDRESSES: Submit comments at www.regulations.gov under Docket ID FEMA-2022-0022. Follow the instructions for submitting comments.

All submissions received must include the agency name and Docket ID, and will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy and Security Notice that is available via a link on the homepage of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: William Dunham, Fire Program Specialist, FEMA, Grant Programs Directorate, 202-786-9813 or Firegrants@fema.dhs.gov. You may contact the Information Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The authority for these grant programs is derived from the Coronavirus Aid, Relief, and Economic Security (CARES) Act, Div. B (Pub. L. 116-136); and Sections 33 and 34 of the Federal Fire Prevention and Control Act of 1974, Public Law 93-498, as amended (15 U.S.C. 2229, 2229a). The information collected is grant application information that is necessary to assess the needs of the applicants as well as the benefits to be obtained from the use of funds. The information collected through the program's application is the minimum necessary to evaluate grant applications and is necessary for FEMA to comply with mandates delineated in the law.

FEMA is consolidating several forms associated with these programs into the FEMA GO electronic system, FF-207-FY-21-116. Transitioning and consolidating these forms into the electronic system will allow FEMA to retire the following forms: FEMA Form 080-0-2, AFG Application (General Questions and Narrative); FEMA Form 080-0-2a, Activity Specific Questions for AFG Vehicle Applicants; FEMA Form 080-0-2b, Activity Specific Questions for AFG Operations and Safety Applications; FEMA Form 080-3, Activity Specific Questions for Fire Prevention and Safety Applicants; FEMA Form 080-0-3a, Fire Prevention and Safety; FEMA Form 080-0-3b, Research and Development; FEMA Form 080-0-13, Semi-Annual Performance Plan; FEMA Form 080-0-0-16, Final Performance Plan; FEMA
