

regulatory agency information regarding record inaccuracies; (5) buy-in certain record inaccuracies that result in a physical over issuance of securities; and (6) communicate with other transfer agents related to the same issuer. These requirements assist in the creation and maintenance of accurate securityholder records, enhance the ability to research errors, and ensure the transfer agent is aware of the number of securities that are properly authorized by the issuer, thereby avoiding over issuance.

The rule also has specific recordkeeping requirements. It requires registered transfer agents to retain certificate detail that has been deleted for six years and keep current an accurate record of the number of shares or principal dollar amount of debt securities that the issuer has authorized to be outstanding. These mandatory requirements ensure accurate securityholder records and assist the Commission and other regulatory agencies with monitoring transfer agents and ensuring compliance with the rule. This rule does not involve the collection of confidential information.

There are approximately 401 registered transfer agents. We estimate that the average number of hours necessary for each transfer agent to comply with Rule 17Ad-10 is approximately 80 hours per year, which generates an industry-wide annual burden of approximately 32,080 hours (401 times 80 hours). This burden is primarily of a recordkeeping nature but also includes a small amount of third-party disclosure. At an average staff cost of \$50 per hour, the industry-wide internal labor cost of compliance (a monetization of the burden hours) is approximately \$1,604,000 per year (32,080 × \$50). In addition, we estimate that each transfer agent will incur an annual external cost burden of approximately \$18,000 resulting from the collection of information. Therefore, the total annual external cost on the entire transfer agent industry is approximately \$7,218,000 (\$18,000 times 401). This cost primarily reflects ongoing computer operations and maintenance associated with generating, maintaining, and disclosing or providing certain information required by the rule.

The amount of time any particular transfer agent will devote to Rule 17Ad-10 compliance will vary according to the size and scope of the transfer agent's business activity. We note, however, that at least some of the records, processes, and communications required by Rule 17Ad-10 would likely be maintained, generated, and used for

transfer agent business purposes even without the rule.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by November 15, 2022.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-95738]

### Order Granting Application by NYSE Chicago, Inc., for an Exemption, Pursuant to Section 36(a) of the Exchange Act, From the Rule Filing Requirements of Section 19(b) of the Exchange Act With Respect to Certain Rules Incorporated by Reference

September 12, 2022.

NYSE Chicago, Inc. ("Exchange" or "NYSE Chicago") filed with the Securities and Exchange Commission ("Commission" or "SEC") an application<sup>1</sup> for an exemption under Section 36(a) of the Securities Exchange Act of 1934 ("Exchange Act")<sup>2</sup> and Rule 0-12 thereunder<sup>3</sup> from the rule filing

requirements of Section 19(b) of the Exchange Act<sup>4</sup> with respect to the rules of the Exchange governing its members' communications with the public. Section 36 of the Exchange Act authorizes the Commission to conditionally or unconditionally exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions, from any provision or provisions of the Exchange Act, or of any rule or regulation thereunder, to the extent that such exemption is necessary or appropriate in the public interest, and is consistent with the protection of investors.

NYSE Chicago has requested that the Commission grant the Exchange an exemption from the rule filing requirements of Section 19(b) of the Exchange Act for a change to NYSE Chicago Rule 11.2210 governing its members' communications with the public that are effected solely by virtue of a change to Rule 2210 (Communications with the Public) of the Financial Industry Regulatory Authority, Inc. ("FINRA"), which is incorporated by reference into NYSE Chicago Rule 11.2210. Specifically, the Exchange requests that it be permitted to incorporate by reference a change made to FINRA Rule 2210 without the need for the Exchange to separately file a similar proposed rule change pursuant to Section 19(b) of the Exchange Act. The Exchange states that this exemption is appropriate because it would result in NYSE Chicago Rule 11.2210 being consistent with the relevant incorporated FINRA rule at all times, thus helping ensure identical regulation of joint members of NYSE Chicago and FINRA with respect to the rule, which is regulatory in nature, and not a trading rule.<sup>5</sup> The Exchange further states that without such an exemption, joint members of NYSE Chicago and FINRA could be subject to two different standards regarding their communications with the public and that, by helping ensure consistency between NYSE Chicago and FINRA rules of same purpose, the exemption

<sup>5</sup> See Exemptive Request at 2. A self-regulatory organization ("SRO") wishing to incorporate rules of another SRO by reference may submit a written request for an order exempting it from the requirement in Section 19(b) of the Exchange Act to file proposed rule changes relating to the rules incorporated by reference, if, among other things, the rules to be incorporated are categories of rules (rather than individual rules within a category) that are not trading rules (e.g., the SRO has requested incorporation of rules such as margin, suitability, or arbitration). See also Exchange Act Release No. 49260 (Feb. 17, 2004), 69 FR 8500 (Feb. 24, 2004).

would facilitate FINRA's provision of regulatory services to the Exchange.<sup>6</sup>

As a condition of the requested exemption, the Exchange has agreed to provide written notice to its members whenever FINRA proposes a change to FINRA Rule 2210 that is incorporated by reference into NYSE Chicago Rule 11.2210.<sup>7</sup> Such notice would alert the Exchange's members to the FINRA proposed rule change and give them an opportunity to comment on it.<sup>8</sup> The Exchange would similarly inform members in writing when the Commission approves any such proposed rule change.<sup>9</sup>

The Commission has issued exemptions similar to the Exchange's request.<sup>10</sup> In granting one such exemption in 2022, the Commission repeated an earlier Commission statement that it would consider similar future exemption requests from other SROs, provided that:

- An SRO wishing to incorporate rules of another SRO by reference has submitted a written request for an order exempting it from the requirement in Section 19(b) of the Exchange Act to file proposed rule changes relating to the rules incorporated by reference, has identified the applicable originating SRO(s), together with the rules it wants to incorporate by reference, and otherwise has complied with the procedural requirements set forth in the Commission's release governing procedures for requesting exemptive orders pursuant to Rule 0–12 under the Exchange Act;

<sup>6</sup> See Exemptive Request at 2.

<sup>7</sup> See Exemptive Request at 2–3. The Exchange will provide such notice via a posting on the same website location where the Exchange posts its own rule filings pursuant to and within the timeframe required by Rule 19b–4(1) under the Exchange Act. The website posting will include a link to the location on FINRA's website where the applicable proposed rule change is posted. *Id.* at n.6.

<sup>10</sup> See, e.g., Exchange Act Release No. 94707 (Apr. 12, 2022), 87 FR 22962 (Apr. 18, 2022) (order granting The Nasdaq Stock Market LLC and five affiliated national securities exchanges an exemption under Section 36(a) of the Exchange Act from the rule filing requirements of Section 19(b) of the Exchange Act with respect to certain of its rules incorporating by reference rules of FINRA) (“Nasdaq Order”); Exchange Act Release No. 83040 (Apr. 12, 2018), 83 FR 17198 (Apr. 18, 2018) (order granting MIAx PEARL, LLC, an exemption under Section 36(a) of the Exchange Act from the rule filing requirements of Section 19(b) of the Exchange Act with respect to certain of its rules incorporating by reference rules of the Miami International Securities Exchange, LLC); and Exchange Act Release No. 61534 (Feb. 18, 2010), 75 FR 8760 (Feb. 25, 2010) (order granting BATS Exchange, Inc., an exemption under Section 36(a) of the Exchange Act from the rule filing requirements of Section 19(b) of the Exchange Act with respect to certain of its rules incorporating by reference rules of the Chicago Board Options Exchange, Incorporated, FINRA, and the New York Stock Exchange, LLC).

- The incorporating SRO has requested incorporation of categories of rules (rather than individual rules within a category) that are not trading rules (e.g., the SRO has requested incorporation of rules such as margin, suitability, or arbitration); and

- The incorporating SRO has reasonable procedures in place to provide written notice to its members each time a change is proposed to the incorporated rules of another SRO.<sup>11</sup>

The Exchange has satisfied each of these conditions. Moreover, granting the Exchange an exemption from the rule filing requirements under Section 19(b) of the Exchange Act will promote efficient use of Commission and Exchange resources by avoiding duplicative rule filings based on simultaneous changes to identical rule text sought by more than one SRO. The Commission therefore finds it appropriate in the public interest, and consistent with the protection of investors, to exempt the Exchange from the rule filing requirements under Section 19(b) of the Exchange Act with respect to the above-described rule the Exchange has incorporated by reference.

Accordingly, it is ordered, pursuant to Section 36 of the Exchange Act,<sup>12</sup> that the Exchange is exempt from the rule filing requirements of Section 19(b) of the Exchange Act with respect to a change to NYSE Chicago Rule 11.2210 resulting solely from a change made to FINRA Rule 2210 without the need for the Exchange to separately file, pursuant to Section 19(b) of the Exchange Act, a proposed rule change similar to the one filed by FINRA, provided that the Exchange promptly provides written notice to its members whenever a change is proposed to FINRA Rule 2210, and provided that the Exchange informs its members in writing when the Commission approves any such proposed rule change.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>13</sup>
