

- Propose ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments

A 60-day notice requesting public comment was published in the **Federal Register** on November, 14, 2022 at Vol. 87 FR 68139. This comment period ended January 19, 2023. Three public comments were received in response to that notice. One anonymous commenter generally said AmeriCorps should make it easier for organizations providing accommodations to be reimbursed, but did not provide any specific suggestions for how to do so. Another commenter supported the comments from the third commenter and in particular highlighted that AmeriCorps' estimated time burden is unrealistic. AmeriCorps has adjusted its time burden estimate in response to these comments, increasing the time per response from 9 minutes to 20 minutes as suggested. A few comments related to funding processes and the provision of training on diversity inclusion and accommodation, which are beyond the scope of this information collection request. Comments also requested updating the form to reflect AmeriCorps' branding and specifying the point of contact is at the prime level. AmeriCorps has incorporated these changes into the form and is investigating the feasibility of changing the form to a web-based form, as suggested.

Title of Collection: Disability Accommodation Reimbursement Request Form.

OMB Control Number: 3045-0179.

Type of Review: Renewal.

Respondents/Affected Public: Individuals, Businesses, Organizations, State, Local and Tribal Governments.

Total Estimated Number of Annual Responses: 20.

Total Estimated Number of Annual Burden Hours: 7.

Abstract: AmeriCorps grantees provide the information to request reimbursement for services associated with reasonable accommodation of AmeriCorps service members. The information will be collected electronically via email by submission of this form and the receipt(s) for services. AmeriCorps seeks to renew the current information collection without revisions. The information collection will be used in the same manner as the existing application. AmeriCorps also seeks to continue using the current

application until the revised application is approved by OMB. The current application is due to expire on January 31, 2023.

Margery Ansara,

Acting Chief of Program Operations.

DEPARTMENT OF DEFENSE

Department of the Air Force

[ARQ-221128A-PL]

Notice of Intent To Grant Partially Exclusive Patent License

AGENCY: Department of The Air Force, Department of Defense.

ACTION: Notice of intent.

SUMMARY: Pursuant to the Bayh-Dole Act and implementing regulations, the Department of the Air Force hereby gives notice of its intent to grant a partially exclusive in the field of Structural components and/or applications assisting in the manufacturing of structural components that operate in extreme environments and experience structural dynamic loading during operations to Hyphen Innovations, a limited liability corporation having a place of business at 4231 Pennywood Drive, Beavercreek, OH 45430.

DATES: Written objections must be filed no later than fifteen (15) calendar days after the date of publication of this Notice.

ADDRESSES: Submit written objections to Joshua Laravie, AFRL/RQSP, 2130 8TH ST, B20045 R1501, Wright-Patterson AFB, OH 45433; or Email: Afrl.rq.orta@us.af.mil. Include Docket No. ARQ-221128A-PL in the subject line of the message.

FOR FURTHER INFORMATION CONTACT:

Joshua Laravie, AFRL/RQSP, 2130 8TH ST, B20045 R1501, Wright-Patterson AFB, OH 45433; or Email: Afrl.rq.orta@us.af.mil.

SUPPLEMENTARY INFORMATION:

Abstract of Patent

Methods, architectures, mechanisms and/or apparatus configured to manufacture a component (and components manufactured thereby) by optimizing a location of an internal feature of the component to be manufactured using powder fusion additive manufacturing (PFAM) based on an energy release rate being proportional to the third derivative of a component shape function and the

shape function itself; the internal feature comprising one or more cavities having unfused powder disposed therein to provide vibration dampening.

Intellectual Property

U.S. Patent No. 11,305,352 by Onome Scott-Emuakpor et al. and entitled *Powder fused components with unique internal structures for damping.*

The Department of the Air Force may grant the prospective license unless a timely objection is received that sufficiently shows the grant of the license would be inconsistent with the Bayh-Dole Act or implementing regulations. A competing application for a patent license agreement, completed in compliance with 37 CFR 404.8 and received by the Air Force within the period for timely objections, will be treated as an objection and may be considered as an alternative to the proposed license.

Authority: 35 U.S.C. 209; 37 CFR 404.

Tommy W. Lee,

Acting Air Force Federal Register Liaison Officer.
