Title: Carriage of the Transmissions of Television Broadcast Stations: Section 76.56(a), Carriage of qualified noncommercial educational stations; Section 76.57, Channel positioning; Section 76.61(a)(1)-(2), Disputes concerning carriage; Section 76.64, Retransmission consent.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 370 respondents and 2,550 responses.

Estimated Time per Response: 0.5 to 5 hours.

Frequency of Response: On occasion reporting requirement; Third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this action is contained in Sections 1, 4(i) and (j), 325, 338, 614, 615, 631, 632, and 653 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154(i) and (j), 325, 338, 534, 535, 551, 552, and 573.

Total Annual Burden: 2,220 hours.

Total Annual Cost: No cost.

Needs and Uses: Under Section 614 of the Communications Act and the implementing rules adopted by the Commission, commercial TV broadcast stations are entitled to assert mandatory carriage rights on cable systems located within the station's television market. Under Section 325(b) of the

Communications Act, commercial TV broadcast stations are entitled to negotiate with local cable systems for carriage of their signal pursuant to retransmission consent agreements in lieu of asserting must carry rights. This system is therefore referred to as "Must-Carry and Retransmission Consent." Under Section 615 of the Communications Act, noncommercial educational (NCE) stations are also entitled to assert mandatory carriage rights on cable systems located within the station's market; however, noncommercial TV broadcast stations *16939 are not entitled to retransmission consent.

In 2019, the Commission adopted new rules governing the delivery and form of carriage election notices. Electronic Delivery of MVPD Communications, Modernization of Media Regulation Initiative, MB Docket Nos. 17-105, 17-317, Report and Order and Further Notice of Proposed Rulemaking, FCC 19-69, 34 FCC Rcd 5922(2019) (2019 Report and Order). That decision modernized the carriage election notice rules by moving the process online for most broadcasters and multichannel video programming distributors (MVPDs), but the Commission sought comment on how to apply these updated rules to certain small broadcast stations and MVPDs.

In 2020, the Commission adopted a Report and Order that resolved the remaining issues regarding carriage election notice rules for small broadcast stations and MVPDs. Electronic Delivery of MVPD Communications, Modernization of Media Regulation Initiative, MB Docket Nos. 17-105, 17-317, Report and Order, FCC 20-14, 2020 WL 948697 (rel. Feb. 25, 2020) (2020 Report and Order). Pursuant to that decision, the obligations of certain small broadcasters and MVPDs were slightly modified.

This information collection is being revised to reflect the changes to 47 CFR 76.64(h) as well as other new obligations adopted in the 2020 Report and Order, which require review and approval from the Office of Management and Budget (OMB).

47 CFR 76.64(h)(5) is amended to require low power television stations and non-commercial educational translator stations that are qualified under 47 CFR 76.55 and retransmitted by an MVPD to, beginning no later than July 31, 2020, respond as soon as is reasonably possible to messages or calls from MVPDs that are received via the email address or phone number the station provides in the Commission's Licensing and Management System (LMS) database.
