

collection requirements. The Commission, as part of its continuing effort to reduce paperwork burdens, invites the general public and the Office of Management and Budget (OMB) to comment on the information collection requirements contained in this document as required by the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, *see* 44 U.S.C. 3506(c)(4), we seek specific comment on how we might further reduce the information collection burden for small business concerns with fewer than 25 employees.

Federal Communications Commission.

Amy Brett,

Acting Chief of Staff, Wireless Telecommunications Bureau.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–1275; FR ID 134259]

Information Collections Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of

Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before June 2, 2023. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060–1275.

Title: 3.7 GHz Band Relocation

Payment Clearinghouse; 3.7 GHz Band Relocation Coordinator; 3.7 GHz Band Space Station Operators.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; not-for-profit institutions; State, Local or Tribal Government.

Number of Respondents and

Responses: 3,007 respondents and 9,362 responses.

Estimated Time per Response: 0.5 hours–600 hours.

Frequency of Response:

Recordkeeping requirement; on occasion, weekly, monthly, quarterly, semi-annual, and annual reporting requirements; third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in sections 1, 2, 4(i), 4(j), 5(c), 201, 302, 303, 304, 307(e), 309, and 316 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i), 154(j), 155(c), 201, 302, 303, 304, 307(e), 309, and 316.

Total Annual Burden: 77,754 hours.

Annual Cost Burden: \$10,705,353.

Needs and Uses: On February 28, 2020, in furtherance of the goal of releasing more mid-band spectrum into the market to support and enabling next-generation wireless networks, the Commission adopted a Report and Order, FCC 20–22, (3.7 GHz Report and Order), in which it reformed the use of the 3.7–4.2 GHz band, also known as the C-band. Currently, the 3.7–4.2 GHz band is allocated in the United States exclusively for non-Federal use on a

primary basis for Fixed Satellite Service (FSS) and Fixed Service (FS). Domestically, space station operators use the 3.7–4.2 GHz band to provide downlink signals of various bandwidths to licensed transmit-receive, registered receive-only, and unregistered receive-only earth stations throughout the United States.

The 3.7 GHz Report and Order calls for the relocation of existing FSS operations in the band into the upper 200 megahertz of the band (4.0–4.2 GHz) and relocation of existing FS operations into other bands, making the lower 280 megahertz (3.7–3.98 GHz) available for flexible use throughout the contiguous United States through a Commission-administered public auction of overlay licenses that is scheduled to occur later this year. The Commission adopted a robust transition schedule to achieve a prompt relocation of FSS and FS operations so that a significant amount of spectrum could be made available quickly for next-generation wireless deployments. At the same time, the Commission sought to ensure the effective accommodation of relocated incumbent users. To facilitate an efficient transition, the Commission adopted a process for fully reimbursing existing operators for the costs of this relocation and for offering accelerated relocation payments to encourage a timely transition. Flexible-use licensees will be required to pay any accelerated relocation payments, if elected by eligible space station operators, and reimburse incumbent operators for their actual relocation costs associated with clearing the lower 300 megahertz of the band while ensuring continued operations for their customers. The 3.7 GHz Report and Order establishes a Relocation Payment Clearinghouse to oversee the cost-related aspects of the transition and establishes a Relocation Coordinator to establish a timeline and take actions necessary to migrate and filter incumbent earth stations to ensure continued, uninterrupted service during and following the transition.

FCC staff will use this data to ensure that 3.7–4.2 GHz band stakeholders adopt practices and standards in their operations to ensure an effective, efficient, and streamlined transition. Status reports and other information required in this collection will be used to ensure that the process of clearing the lower portion of the band is efficient and timely, so that the spectrum can be auctioned for flexible-use service licenses and deployed for next-generation wireless services, including 5G, as quickly as possible. The collection is also necessary for the Commission to satisfy its oversight

responsibilities and/or agency specific/government-wide reporting obligations.

The Commission concluded in the 3.7 GHz Report and Order that a Relocation Payment Clearinghouse and Relocation Coordinator are critical to ensuring that the reconfiguration is administered in a fair, transparent manner and that the transition occurs as expeditiously as possible. To accomplish these goals most effectively, the Commission is seeking approval for a new information collection to collect information from the Relocation Payment Clearinghouse, the Relocation Coordinator, and incumbent space station operators and allow the Relocation Payment Clearinghouse and Relocation Coordinator to collection information to ensure that the band is transitioned effectively.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1208; FR ID 134131]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information

collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before April 3, 2023. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email to *PRA@fcc.gov* and to *Cathy.Williams@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-1208.
Title: Acceleration of Broadband Deployment by Improving Wireless Facilities Siting Policies.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Individuals or households, business or other for-profit entities, not-for-profit institutions and State, local or Tribal governments.

Number of Respondents: 1,350 respondents; 3,597 responses.

Estimated Time per Response: .5 hours to 1 hour.

Frequency of Response: Third-party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in Sections 1, 2, 4(i), 7, 201, 301, 303, and 309 of the Communications Act of 1934, as amended, and Sections 6003, 6213, and 6409(a) of the Middle Class Tax Relief and Job Creation Act of 2012, Public Law 112-96, 126 Stat. 156, 47 U.S.C. 151, 152, 154(i), 157, 201, 301, 303, 309, 1403, 1433, and 1455(a).

Total Annual Burden: 3,535 hours.

Total Annual Cost: None.

Needs and Uses: This information collection will be submitted for extension to the Office of Management and Budget (OMB) after the 60-day comment period to obtain the full three-year clearance. The Commission has not changed the collection, which includes disclosure requirements pertaining to Subpart U (previously subpart CC) of

Part 1 of the Commission's rules.¹ Subpart CC was originally adopted to implement and enforce Section 6409(a) of the Middle Class Tax Relief and Job Creation Act of 2012. Section 6409(a) provides, in part, that "a State or local government may not deny, and shall approve, any eligible facilities request for a modification of an existing wireless tower or base station that does not substantially change the physical dimensions of such tower or base station." 47 U.S.C. 1455(a)(1). In Subpart CC, the Commission adopted definitions of ambiguous terms, procedural requirements, and remedies to provide guidance to all stakeholders on the proper interpretation of the provision and to enforce its requirements, reducing delays in the review process for wireless infrastructure modifications and facilitating the rapid deployment of wireless infrastructure. The following are the information collection requirements in connection with Subpart U of Part 1 of the Commission's rules:

- 47 CFR 1.6100(c)(3)(i) (previously 1.40001(c)(3)(i))—To toll the 60-day review timeframe on grounds that an application is incomplete, the reviewing State or local government must provide written notice to the applicant within 30 days of receipt of the application, clearly and specifically delineating all missing documents or information. Such delineated information is limited to documents or information meeting the standard under paragraph (c)(1) of this section.
- 47 CFR 1.6100(c)(3)(iii) (previously 1.140001(c)(3)(iii))—Following a supplemental submission from the applicant, the State or local government will have 10 days to notify the applicant in writing if the supplemental submission did not provide the information identified in the State or local government's original notice delineating missing information. The timeframe for review is tolled in the case of second or subsequent notices of incompleteness pursuant to the procedures identified in paragraph (c)(3). Second or subsequent notices of

¹ On September 27, 2018, the Commission released a Declaratory Ruling and Third Report and Order that redesignated 47 CFR 1.40001 of Subpart CC as 47 CFR 1.6100 under Subpart U (State and Local Government Regulation of the Placement, Construction, and Modification of Personal Wireless Service Facilities). See Accelerating Wireless Broadband Deployment by Removing Barriers to Infrastructure Investment, FCC 18-133, 33 FCC Rcd. 3102 (2018). This change became effective January 14, 2019 upon publication in the *Federal Register*. See Accelerating Wireless Broadband Deployment by Removing Barriers to Infrastructure Investment, 83 FR 51867 (2019).
