

in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁵ and the regulations under the NGA⁶ by the intervention deadline for the project, which is May 5, 2023. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/how-guides>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before May 5, 2023. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP23-131-000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by

clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or⁷

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference the Project docket number CP23-131-000.

To mail via USPS, use the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426

To send via any other courier, use the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502-8258 or FERCOnlineSupport@ferc.gov.

Protests and motions to intervene must be served to the applicant by mail to: Estela D. Lozano, Director, Regulatory, P.O. Box 1642, Houston, Texas 77251-1642 or by email (with a link to the document) at estela.lozano@enbridge.com.

Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to

⁷ Additionally, you may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. CP23-129-000; PF22-10-000]

Corpus Christi Liquefaction, LLC; Notice of Application and Establishing Intervention Deadline

Take notice that on March 30, 2023, Corpus Christi Liquefaction, LLC and CCL Midscale 8-9, LLC, 700 Milam Street, Suite 1900, Houston, TX 77002, filed an application in the above referenced docket, seeking authorization pursuant to Section 3(a) of the Natural Gas Act (NGA), and Parts 153 and 380 of the Commission's regulations, to site, construct and operate its Corpus Christi Liquefaction Midscale Trains 8 & 9 Project, an expansion of the Corpus Christi liquefied natural gas terminal (CCL Terminal), located at an existing brownfield site in San Patricio and Nueces Counties, Texas along the La Quinta Ship Channel.

Specifically, the proposed expansion will include (i) two midscale liquefaction trains (Trains 8 & 9) and supporting infrastructure to be interconnected and operated, on an

integrated basis, with the existing CCL Terminal LNG¹ storage tanks, control buildings, marine facilities, and other ancillary facilities, (ii) an increase in the authorized loading rate of LNG carriers visiting the CCL Terminal and (iii) the addition of certain refrigerant, end flash and boil-off gas facilities designed to manage integrated operations once the Project is placed into service. The proposed Trains 8 & 9 together would be capable of liquefying up to approximately 170 Billion cubic feet per year (Bcf/y)² of domestically produced natural gas for export, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (www.ferc.gov) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room. For assistance, contact the Federal Energy Regulatory Commission at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding the application should be directed to Karri Mahmoud, Director Environmental & Regulatory Projects, Cheniere Energy, Inc., 700 Milam Street, Suite 1900, Houston, TX 77002, by telephone at (713) 375-5000, or by email at Karri.Mahmoud@cheniere.com.

On September 9, 2022, the Commission granted the Applicant's request to utilize the National Environmental Policy Act (NEPA) Pre-Filing Process and assigned Docket No. PF22-10-000 to staff activities involved in the Corpus Christi Liquefaction Midscale Trains 8 & 9 Project. Now, as of the filing of the March 30, 2023 application, the Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP23-129-000 as noted in the caption of this Notice.

Pursuant to Section 157.9 of the Commission's Rules of Practice and Procedure,³ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public
