

- If different from those of the recipient, a determination of policies to be followed in such areas as travel reimbursement and salaries and fringe benefits (the policies of the consortium participant may be used as long as they meet NIH requirements).
- Terms that establish whether the Financial Conflict of Interest (FCOI) policy of the prime Institution or that of the subrecipient will apply to the subrecipient's Investigators.
- If the subrecipient's Investigators must comply with the prime Institution's FCOI policy, the subrecipient shall certify as part of the written agreement that its policy complies with the 2011 revised FCOI regulation (42 CFR part 50 Subpart F). If the subrecipient cannot provide such certification, the agreement shall state that subrecipient Investigators are subject to the FCOI policy of the prime Institution for disclosing Significant Financial Interests that are directly related to the subrecipient's work for the prime Institution.
- If the subrecipient's Investigators must comply with the subrecipient's FCOI policy, the written agreement shall specify time period(s) for the subrecipient to report all identified FCOI to the prime Institution. Such time period(s) shall be sufficient to enable the prime Institution to provide timely FCOI reports, as necessary, to the Public Health Service (PHS) as required by the regulation.
- Alternatively, if the subrecipient's Investigators must comply with the prime Institution's FCOI policy, the written agreement shall specify time period(s) for the subrecipient to submit all Investigator disclosures of Significant Financial Interests to the prime Institution. Such time period(s) shall be sufficient to enable the prime Institution to comply timely with its review, management, and reporting obligations under the 2011 revised FCOI regulation.
- A provision addressing ownership and disposition of data produced under the **consortium agreement**. This includes whether cell lines, samples or other resources will be freely available to other investigators in the scientific community or will be provided to particular investigators only.
- **For foreign subrecipients, a provision requiring the foreign subrecipient to provide copies of all lab notebooks, all data, and all documentation that supports the research outcomes as described in the progress report. These supporting materials must be provided to prime recipient with each scientific update (no less than**

once every six months, or more frequently based on risks) in line with the timelines outlined in the agreement.

- A provision making NIH data sharing and inventions and patent policy, including a requirement to report inventions to the recipient (see Administrative Requirements-Availability of Research Results: Publications, Intellectual Property Rights, and Sharing Research Resources at https://grants.nih.gov/grants/policy/nihgps/HTML5/section_8/8.2_availability_of_research_results_publications_intellectual_property_rights_and_sharing_research_resources.htm in IIA), applicable to each consortium participant and its employees in order to ensure that the rights of the parties to the **consortium agreement** are protected and that the recipient can fulfill its responsibilities to NIH.

- Expectations for authorship and co-authorship on publications.

- Provisions regarding property (other than intellectual property), program income, publications, reporting, and audit necessary for the recipient to fulfill its obligations to NIH.

- Provisions regarding compliance with requirements for a Unique Entity Identifier (UEI) and subrecipient reporting under the Federal Funding Accountability and Transparency Act (FFATA) (see Recipient Reporting of Subrecipient Data and Executive Compensation Information for FFATA at https://grants.nih.gov/grants/policy/nihgps/HTML5/section_8/8.4.1_reporting.htm#Recipient). Note, the recipient must provide the Federal Award Identification Number (FAIN) at https://grants.nih.gov/grants/policy/nihgps/HTML5/section_1/1.1_abbreviations.htm#FAIN to all subrecipients to aid in this requirement.

- Incorporation of applicable public policy requirements and provisions indicating the intent of each consortium participant to comply, including submission of applicable assurances and certifications (see Public Policy Requirements, Objectives, and Other Appropriation Mandates at https://grants.nih.gov/grants/policy/nihgps/HTML5/section_4/4_public_policy_requirements_objectives_and_other_appropriation_mandates.htm in IIA).
