

(“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of certain freight rail couplers and parts thereof (“FRCs”) from China, provided for in subheadings 8607.30.10 and 7326.90.86 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”) and subsidized by the government of China.^{2 3 4}

Background

The Commission instituted these investigations effective September 28, 2022, following receipt of petitions filed with the Commission and Commerce by the Coalition of Freight Coupler Producers, consisting of McConway & Torley LLC, Pittsburgh, Pennsylvania, and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO, CLC. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of FRCs from China were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on March 15, 2023 (88 FR 16031). The Commission conducted its hearing on May 18, 2023. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on July 3, 2023. The views of the Commission are contained in USITC Publication 5438 (July 2023), entitled *Certain Freight Rail Couplers and Parts Thereof from China*:

² 88 FR 32184 (May 19, 2023) and 88 FR 34485 (May 30, 2023).

³ Chairman David S. Johanson dissenting, and Commissioner Randolph J. Stayin not participating.

⁴ The Commission also finds that imports subject to Commerce’s affirmative critical circumstances determination are not likely to undermine seriously the remedial effect of the antidumping and countervailing duty orders on FRCs from China.

Investigation Nos. 701–TA–682 and 731–TA–1592 (Final).

By order of the Commission.

Issued: July 3, 2023.

Lisa Barton,

Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–575 and 731–TA–1360–1361 (Review)]

Tool Chests and Cabinets From China and Vietnam

Determinations

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the countervailing duty order on tool chests and cabinets from China and revocation of the antidumping duty orders on tool chests and cabinets from China and Vietnam would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on December 1, 2022 (87 FR 73786) and determined on March 6, 2023 that it would conduct expedited reviews (88 FR 23464, April 17, 2023).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on June 30, 2023. The views of the Commission are contained in USITC Publication 5445 (June 2023), entitled *Tool Chests and Cabinets from China and Vietnam: Investigation Nos. 701–TA–575 and 731–TA–1360–1361 (Review).*

By order of the Commission.

Issued: June 30, 2023.

Lisa Barton,

Secretary to the Commission.

¹ The record is defined in § 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

DEPARTMENT OF JUSTICE

[OMB Number 1105–0108]

Agency Information Collection Activities; Proposed eCollection eComments Requested; Extension of a Previously Approved Collection; Complaint Regarding United States Marshals Service (USMS) Personnel or Programs

AGENCY: U.S. Marshals Service, Department of Justice.

ACTION: 60-Day notice.

SUMMARY: The Department of Justice (DOJ), U.S. Marshals Service (USMS), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 60 days until September 5, 2023.

FOR FURTHER INFORMATION CONTACT: If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Karl Slazer, U.S. Marshals Service Headquarters, 1215 S Clark St., Ste. 10005, Arlington, VA 22202–4387, 703–740–2316; kslazer@usms.doj.gov.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g.,
