**SUPPLEMENTARY INFORMATION:**

*Title:* Farm Loan Programs, Direct Loan Making.

*OMB Control Number:* 0560–NEW.

*Type of Request:* New.

*Abstract:* FSA’s Farm Loan Programs provide loans to family farmers to purchase real estate and equipment, and to finance agricultural production. FSA simplified the Direct farm loan application as a part of the efforts to conform with the Executive Order 14058, “Transforming Federal Customer Experience and Service Delivery to Rebuild Trust in Government.” The use of the hard copy form is covered in the information collection request under the OMB control number of 0560–0237; FSA reduced the number of pages required for completion of the form FSA–2001, “Request for Direct Loan Assistance” from 29 pages to 13 pages.

To further improve the customer experience and service delivery for the Farm Loan Program loan applicants, FSA is currently developing an Online Loan Application for the applicants to submit requests for Direct Loan assistance electronically. Future releases and iterations of the online application software will include expansion of functionality for direct loan making and provide ability for primary loan servicing application submission.

FSA will expect to further decrease the burden hours under the OMB Control number 0560–0237 as the functionally and use of the online application software expands, and more applicants shift away from using the hard copy application form. Due to ease of application submission, the expected number of annual respondents for all FSA–2001 submissions for loan making purposes is expected to increase by 10 percent over a 5-year average.

For the following estimated total annual burden on respondents, the formula used to calculate the total burden hour is the estimated average time per response hours multiplied by the estimated total annual responses.

*Estimate of Average Time to Respond:* Public reporting burden for the information collection is estimated to average per response 1.2 hours.

*Type of Respondents:* Individuals or households, informal entities, legal entities, businesses or other for-profit farms.

*Estimated Annual Number of Respondents:* 21,610.

*Estimated Number of Responses per Respondent:* 1.82.

*Estimated Total Annual Responses:* 39,330.

*Estimated Total Annual Burden on Respondents:* 47,196 hours.

We are requesting comments on all aspects of this information collection to help us to:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of FSA, including whether the information will have practical utility;

(2) Evaluate the accuracy of FSA’s estimate of burden including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility and clarity of the information to be collected;

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission for Office of Management and Budget approval.

#### SUPPLEMENTARY INFORMATION:

##### Background

On December 14, 2018, Commerce published its final results in the 2016-2017 antidumping duty administrative review of diamond sawblades and parts thereof from China.<sup>1</sup> Commerce applied to non-selected respondents the separate rate assigned to eligible respondents in the last completed administrative review prior to the instant review, which was 82.05 percent.

The Separate Rate Respondents appealed Commerce's *Final Results*. On January 13, 2023, the CIT remanded the *Final Results* to Commerce, granting Commerce's request to consider the effect of recently completed litigation of the prior administrative review<sup>2</sup> on the *Final Results*.<sup>3</sup> In its final results of redetermination, issued on April 7, 2023, Commerce revised the rate (*i.e.*, from 82.05 percent to 41.03 percent) for the Separate Rate Respondents.<sup>4</sup> The CIT sustained Commerce's *Final Remand*.<sup>5</sup>
