SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on May 22, 2023 at 88 FR 32782.

A. Overview of Information Collection

Title of Information Collection: PRO Housing Competition Application Collection.

OMB Approval Number: 2506-New.

Type of Request: New Collection.

Form Number: N/A.

Description of the need for the information and proposed use: HUD is issuing this NOFO under the authority of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328, enacted December 29, 2022) (Appropriations Act) for the identification and removal of barriers to affordable housing production and preservation. The most successful proposals in this competition will demonstrate not only how applicants identify and remove affordable housing barriers within their jurisdiction(s), but also demonstrate: (1) progress and a commitment to overcoming local barriers to facilitate the increase in affordable housing production and preservation; and (2) an acute demand for housing affordable to households with incomes below 100 percent of the area median income. HUD encourages applicants to also consider how their proposed activities

will address issues related to affordable housing production and preservation, such as advancing equity, locating affordable housing near transit and other services, and developing and preserving affordable housing in accordance with input from community members and other stakeholders.

Respondents: State and local governments, Metropolitan Planning Organizations and Multijurisdictional Entities.

Estimated Number of Respondents: 100.

Estimated Number of Responses: 100.

Frequency of Response: 1.

Average Hours per Response: 11.

Total Estimated Burdens: 1100.

The estimated burden for this NOFO application collection includes HUD's Standardized Grant Application forms which have been reviewed and approved by OMB under control number: 2501-0017. Additionally, as stated above, OMB has reviewed and approved the post award activity for CDBG activities under control numbers: 2506-0077, 0085, 0117, and 0165. The burden hours and requirements under the above-mentioned approved collections have not been altered in any way. Applicants are asked to provide narrative responses detailing their proposed activities using PRO Housing funding. Applicants are also required to affirmatively acknowledge the statutorily required certification, located in Appendix D of the NOFO. HUD is collecting certifications from all applicants, and there is a specific certification form depending on each applicant type: local governments, state governments, metropolitan planning organizations and multijurisdictional entities. Each applicant is only required to complete one certification form. The certification form collects information related to a variety of laws, including CDBG requirements and cross-cutting requirements. The applicant will be expected to review and sign the form.

If an applicant is proposing a partnership with one or more entities as part of their application submission, the applicant must provide documentation of that partnership in the form of partner letters from each partner and a partnership agreement. The burden hours include submission of documentation of partnership, if required. Optional partnership templates are included in the application package, which applicants may choose to use to satisfy these requirements.

The burden hours associated with the above-mentioned forms have been included in the burden hours list below.

TABLE 1—ESTIMATED PUBLIC BURDEN

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response *	Annual cost
NOFO Application	100	1	100	10	1000	\$38.92	\$38,920
NOFO Certifications	100	1	100	1	100	38.92	3,892
Total	100	1	100	11	1100	38.92	42,812

* Given that the nature of the applicants is unknown at this time, HUD estimates the cost per response to average around OPMs supplied GS-13 base pay level (locality pay not included). While NOFO applicants may vary in experience, pay, and possibly industry, HUD believes that the average range of pay across the respondents will fall closely within the GS-13 pay range.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected;

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses; and

(5) Ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comment in response to these questions.

Intent To Prepare an Updated Bison and Elk Management Plan for the National Elk Refuge in Wyoming; Environmental Impact Statement

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of intent; announcement of public meetings; request for comments.

SUMMARY: The U.S. Fish and Wildlife Service (Service), U.S. Department of the Interior, intends to prepare an updated Bison and Elk Management Plan (BEMP) and environmental impact statement (EIS) for the National Elk Refuge (NER). The BEMP describes the Service's proposal for the management of the Jackson bison and elk populations within their respective jurisdictions with the goal of ensuring sustainable and healthy herds; an EIS will be prepared pursuant to the National Environmental Policy Act of 1969 to evaluate the potential environmental impacts of the BEMP. We invite input from other Federal and State agencies, Tribes, nongovernmental organizations, private sector businesses, and members of the public on the scope of the EIS, alternatives to our proposed approaches for the management of bison and elk on the NER, and the pertinent issues that we should address in the EIS.

DATES:

Comment submission: To ensure consideration of written comments, they must be received on or before August 31, 2023. Comments submitted online at <https://www.regulations.gov> (see **ADDRESSES**) must be received by 11:59 p.m. eastern time on the closing date.

Public meetings: We will hold public scoping meetings on August 21 and 22, 2023 in Jackson, Wyoming, and Pinedale, Wyoming, respectively. In addition, we will present a public webinar on August 23, 2023. Additional information regarding these scoping

sessions, including the times and venues, and other scoping materials will be available on our website at <https://www.fws.gov/project/upcoming-bison-elk-management-plan>. Persons wishing to participate in the public scoping meetings who need special accommodations should contact Alice Lee at fws-bemp@doimsp.onmicrosoft.com by August 14, 2023.

ADDRESSES: *Comment submission:* You may submit written comments by one of the following methods. Please do not submit comments by both methods.
