SUPPLEMENTARY INFORMATION:

Title: Rules Relating to the Operations and Activities of Commodity Pool Operators and Commodity Trading Advisors and to Monthly Reporting by Futures Commission Merchants (OMB Control No. 3038–0005). This is a request for extension of a currently approved information collection.

Abstract: The various collections of information required by part 4 of the Commission’s regulations were previously approved by OMB in accordance with the PRA and assigned OMB control number 3038–0005.² The Commission offers the following summary of the renewal and the resulting impact on existing burden hour estimates associated with this information collection. The Commodity Exchange Act (CEA) empowers the Commission with the authority to require commodity pool operators (CPOs) and commodity trading advisors (CTAs) to maintain books and records and to file reports as required by the Commission.³ The Commission also has the power to promulgate such regulations as it deems necessary to implement the purposes of the CEA.⁴ It is pursuant to this authority that the Commission has promulgated the various compliance requirements for CPOs and CTAs in 17 CFR part 4. The reporting, filing, and recordkeeping requirements within part 4 of the Commission’s regulations were adopted to assist and inform customers, to establish customer protection initiatives for investors, to facilitate monitoring intermediary compliance with part 4 regulations by the Commission and its delegatee, the National Futures Association (NFA), and to enable the Commission to better monitor the market risks posed by its registrants. The information collections are necessary to enable the Commission and NFA to accomplish the purposes of both the CEA and the compliance regime set forth in part 4 of the Commission’s regulations.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On July 12, 2023, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 88 FR 44280 (60-Day Notice). The Commission did not receive any relevant substantive comments on the 60-Day Notice.

² 17 CFR part 4.

³ 7 U.S.C. 6m(3).

⁴ 7 U.S.C. 8a(5).

Estimated number of respondents: 49,083.

Estimated number of exempt pools/reports per respondent: 8.8.
