**II. Discussion**

The NRC is issuing for public comment draft Supplement 60, License Renewal, to the GEIS for License Renewal of Nuclear Plants, NUREG-1437, regarding the renewal of Facility Operating License Nos. NPF-87 and NPF-89 for an additional 20 years of operation for CPNPP. Draft Supplement 60, License Renewal, to the GEIS includes the preliminary analysis that evaluates the environmental impacts of the proposed action and alternatives to the proposed action. The NRC staff’s preliminary recommendation is that the adverse environmental impacts of license renewal for CPNPP are not so great that preserving the option of

license renewal for energy-planning decisionmakers would be unreasonable.

[SEC File No. 270-139, OMB Control No. 3235-0128]

**Proposed Collection; Comment Request; Extension: Rule 12f-1**

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 12f-1 (17 CFR 240.12f-1), under the Securities Exchange Act of 1934 (“Act”) (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Rule 12f-1 (“Rule”), originally adopted in 1979 pursuant to Sections 12(f) and 23(a) of the Act, and as further modified in 1995 and 2005, sets forth the requirements for filing an exchange application to reinstate unlisted trading privileges (“UTP”) in a security in which UTP has been suspended by the Commission pursuant to Section 12(f)(2)(A) of the Act. Under Rule 12f-1, an exchange must submit one copy of an application for reinstatement of UTP to the Commission that contains specified information, as set forth in the Rule. The application for reinstatement, pursuant to the Rule, must provide the name of the issuer, the title of the security, the name of each national securities exchange, if any, on which the security is listed or admitted to unlisted trading privileges, whether transaction information concerning the security is reported pursuant to an effective transaction reporting plan contemplated by Rule 601 of Regulation NMS, the date of the Commission’s suspension of unlisted trading privileges in the security on the exchange, and any other pertinent

information related to whether the reinstatement of UTP in the subject security is consistent with the maintenance of fair and orderly markets and the protection of investors. Rule 12f-1 further requires a national securities exchange seeking to reinstate its ability to extend unlisted trading privileges in a security to indicate that it has provided a copy of such application to the issuer of the security, as well as to any other national securities exchange on which the security is listed or admitted to unlisted trading privileges.

The information required by Rule 12f-1 enables the Commission to make the necessary findings under the Act prior to granting applications to reinstate unlisted trading privileges. This information is also made available to members of the public who may wish to comment upon the applications. Without the Rule, the Commission would be unable to fulfill these statutory responsibilities.

There are currently 24 national securities exchanges subject to Rule 12f-1. The burden of complying with Rule 12f-1 arises when a potential respondent seeks to reinstate its ability to extend unlisted trading privileges to any security for which unlisted trading privileges have been suspended by the Commission, pursuant to Section 12(f)(2)(A) of the Act. The staff estimates that each application would require approximately one hour to complete. Thus, each potential respondent would incur on average one burden hour in complying with the Rule.

The Commission staff estimates that there could be as many as 24 responses annually for an aggregate annual hour burden for all respondents of approximately 24 hours (24 responses × 1 hour per response). Each respondent's related internal cost of compliance for Rule 12f-1 would be approximately \$242.00 (the cost of one hour of professional work of a paralegal needed to complete the application). The total annual cost of compliance for all potential respondents, therefore, is approximately \$5,808 (24 responses × \$242.00 per response).

Compliance with Rule 12f-1 is mandatory. Rule 12f-1 does not have a record retention requirement *per se*. However, responses made pursuant to Rule 12f-1 are subject to the recordkeeping requirements of Rules 17a-3 and 17a-4 of the Act. Information received in response to Rule 12f-1 shall not be kept confidential; the information collected is public information.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper

performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by January 2, 2024.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o John Pezzullo, 100 F Street NE, Washington, DC 20549, or send an email to: [PRA\\_Mailbox@sec.gov](mailto:PRA_Mailbox@sec.gov).

Dated: October 31, 2023.
