Determination of Eligibility for Consideration as Wilderness Areas, Congaree National Park

AGENCY: National Park Service, Interior.

ACTION: Notice of determination of wilderness eligibility for lands in Congaree National Park.

SUMMARY: Pursuant to the Wilderness Act of 1964 and in accordance with National Park Service (NPS) Management Policies 2006, Section 6.2.1, the NPS has completed a Wilderness Eligibility Assessment to determine if lands added to Congaree National Park since 1988 (Addition Lands) meet the criteria indicating eligibility for preservation as wilderness. Based on this assessment, the NPS has concluded that of the 5,356 acres of Addition Lands assessed, 3,937 acres meet the eligibility criteria in the Wilderness Act of 1964 and NPS Management Policies 2006 (6.2.1 and 6.2.1.1). This notice is being furnished as required by NPS Management Policies 2006, Section 6.2.1.3.

ADDRESSES: Maps and descriptions of the eligible lands are on file at Congaree National Park Headquarters, 100 National Park Road, Hopkins, South Carolina 29061.

FOR FURTHER INFORMATION CONTACT: Requests for further information should be directed to Congaree National Park Superintendent Gregory A. Hauburger by phone at 803–647–3983, via email at greg_hauburger@nps.gov, or by mail at Congaree National Park, 100 National Park Road, Hopkins, South Carolina 29061.

SUPPLEMENTARY INFORMATION: Since 1988, the exterior boundary of Congaree National Park has been expanded three times: once legislatively, and twice administratively via minor boundary modifications. See Public Law 108–108 (November 10, 2003) and notices of minor boundary revisions published at 83 FR 12203 (March 20, 2018) and 86 FR 6364 (January 21, 2021). Congaree

National Park staff analyzed all 5,356 acres added to the park since 1988 (the Addition Lands) for wilderness eligibility. Determinations of eligibility were made by applying the wilderness criteria in the Wilderness Act of 1964, as well as the primary eligibility criteria in NPS Management Policies 2006 Section 6.2.1.1 and the additional considerations for determining eligibility found at Section 6.2.1.2. This analysis was completed using the best available data on existing conditions within the Addition Lands. The team that assessed existing conditions was made up of park and regional staff having extensive knowledge of the area. Of the 5,356 acres assessed, 3,937 acres were found to meet the eligibility criteria.

The area found eligible for wilderness designation consists of approximately 1,211 acres in the park lying between the Norfolk Southern rail line on the west and the U.S. Highway 601 right-of-way on the east. An additional 2,715 acres of eligible land extends farther eastward from the U.S. Highway 601 right-of-way to the park boundary on the Wateree River. One small, isolated tract of 10.89 acres (per deed) fronts on the Congaree River west of the Norfolk Southern rail line. The latter tract is bordered on three sides by designated wilderness.

Public notice announcing the park's intention to conduct the eligibility assessment was made by placing a Notice in the **Federal Register** on January 19, 2016 (81 FR 2902) and, more recently, via the park's website, social media, and direct contact with interested Tribes, groups, and individual citizens.

Charles F. Sams, III,
Director, National Park Service.

National Register of Historic Places; Notification of Pending Nominations and Related Actions

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service is soliciting electronic comments on the significance of properties nominated before December 2, 2023, for listing or related actions in the National Register of Historic Places.

DATES: Comments should be submitted electronically by December 27, 2023.

ADDRESSES: Comments are encouraged to be submitted electronically to National_Register_Submissions@nps.gov with the subject line “Public Comment on <property or proposed district name, (County) State>.” If you have no access to email, you may send them via U.S. Postal Service and all other carriers to the National Register of Historic Places, National Park Service, 1849 C Street NW, MS 7228, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Sherry A. Frear, Chief, National Register of Historic Places/National Historic Landmarks Program, 1849 C Street NW, MS 7228, Washington, DC 20240, sherry_frear@nps.gov, 202–913–3763.

SUPPLEMENTARY INFORMATION: The properties listed in this notice are being considered for listing or related actions in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before December 2, 2023. Pursuant to section 60.13 of 36 CFR part 60, comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Nominations submitted by State or Tribal Historic Preservation Officers.

[Docket No. BOEM–2023–0062]

Atlantic Wind Lease Sale 10 for Commercial Leasing for Wind Power Development on the U.S. States Central Atlantic Outer Continental Shelf—Proposed Sale Notice

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Proposed sale notice; request for comments.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) proposes to hold Atlantic Wind Lease Sale 10 and offer one or more lease areas (Lease Areas) for commercial wind power development on the U.S. Central Atlantic Outer Continental Shelf (OCS). The Lease Areas are located in the previously identified wind energy areas (WEAs) A–2 and C–1 offshore the State of Delaware

and the Commonwealth of Virginia. This proposed sale notice (PSN) contains information pertaining to the areas available for leasing, certain lease provisions and conditions, auction details, criteria for evaluating competing bids, and procedures for lease award, appeals, and lease execution. BOEM proposes a multiple factor bidding format using a simultaneous clock auction. BOEM will use new auction software for the lease sale, with attendant and minor changes in the auction rules used in previous OCS wind lease auctions. Any lease resulting from this sale does not constitute approval of any offshore wind energy facilities. Lessees must first submit project-specific plans to BOEM and obtain BOEM's approval before they may start any construction of an OCS wind energy facility. BOEM will subject such plans to environmental, technical, and public reviews prior to deciding whether the proposed development should be authorized.

DATES: BOEM must receive your comments no later than February 12, 2024.

For prospective bidders who want to participate in this lease sale, unless you have received confirmation from BOEM that you are qualified to participate in the Central Atlantic auction, BOEM must receive your qualification materials no later than February 12, 2024 and, prior to the auction, BOEM must confirm your qualification to bid in the auction.

ADDRESSES: You may send comments in any of the following ways:

- *Electronically:* Visit <https://www.regulations.gov>. In the entry entitled, “Enter Keyword or ID,” enter [BOEM–2023–0062] then click “search.” Follow the instructions to submit comments.

- *Mail or delivery service:* Enclose comment in an envelope labeled, “Comments on Central Atlantic Wind Lease Sale PSN” and send to: Bridgette Duplantis, Bureau of Ocean Energy Management, Office of Renewable Energy Programs, 45600 Woodland Road, VAM–OREP, Sterling, Virginia 20166.

- *For prospective bidders who want to participate in this lease sale:* Submit your qualification materials in an envelope labeled, “Qualification Materials for Central Atlantic Wind Energy Lease Sale” to Bureau of Ocean Energy Management, Office of Renewable Energy Programs, 45600 Woodland Road, VAM–OREP, Sterling, Virginia 20166 or electronically to renewableenergy@boem.gov.
