

offenses he pled guilty to, including the offenses of: (1) importation into the United States a quantity of ethylone, a Schedule I Controlled Substance in violation of 21 U.S.C. 952(a) and 960(a)(1); (2) importation into the United States quantities of TURINABOL and DIANABOL, anabolic steroids, and Schedule III Controlled Substances in violation of 21 U.S.C. 952(b) and 960(a)(1); and (3) smuggling goods into the United States, that is, alpha-PVP ethylone, Schedule I Controlled Substances, and TURINABOL and DIANABOL, Schedule III Controlled Substances, in violation of 18 U.S.C. 545. FDA's finding that debarment is appropriate is based on the felony conviction referenced herein. The factual basis for this conviction is as follows:

As contained in the superseding indictment, filed on March 22, 2018, the Defendant's motion for downward variance, filed on April 24, 2023, and the Government's sentencing memorandum, filed April 24, 2023, from Mr. Nagy's case, Mr. Nagy was the owner and operator of Prescription Nutrition, Prescription Protein, and N.O.B. Industries located in Pennsylvania. From on or about June 2014 to on or about September 2014, Mr. Nagy imported various types of controlled substances which he then capsuled and distributed to clients. Specifically, from on or about June 2014 to on or about July 2014, Mr. Nagy illegally imported ethylone. In July 2014, he also illegally imported TURINABOL and DIANABOL. In addition, from June 2014 until on or about September 2014, Mr. Nagy illegally imported alpha-PVP, ethylone, TURINABOL, and DIANABOL. All the controlled substances Mr. Nagy imported and smuggled into the country came from China.

As a result of this conviction, FDA sent Mr. Nagy, by certified mail, on September 20, 2023, a notice proposing to debar him for a 15-year period from importing or offering for import any drug into the United States. The proposal was based on a finding under section 306(b)(3)(C) of the FD&C Act that Mr. Nagy's three felony convictions that included: (1) importation into the United States a quantity of ethylone, a Schedule I Controlled Substance in violation of 21 U.S.C. 952(a) and 960(a)(1); (2) importation into the United States quantities of TURINABOL and DIANABOL, anabolic steroids and Schedule III Controlled Substances in violation of 21 U.S.C. 952(b) and 960(a)(1); and (3) smuggling goods into the United States, that is, alpha-PVP ethylone, Schedule I Controlled

Substances, and TURINABOL, DIANABOL, Schedule III Controlled Substances in violation of 18 U.S.C. 545, were for conduct relating to the importation into the United States of any drug or controlled substance because he imported controlled substances into the United States in order to capsule portions of the drugs to sell to clients. In proposing a debarment period, FDA weighed the considerations set forth in section 306(c)(3) of the FD&C Act that it considered applicable to Mr. Nagy's offenses and concluded that each offense warranted the imposition of a 5-year period of debarment, to run consecutively, for a total of a 15-year period of debarment.

The proposal informed Mr. Nagy of the proposed debarment and offered him an opportunity to request a hearing, providing him 30 days from the date of receipt of the letter in which to file the request, and advised him that failure to request a hearing constituted a waiver of the opportunity for a hearing and of any contentions concerning this action. Mr. Nagy received the proposal and notice of opportunity for a hearing on September 22, 2023. Mr. Nagy failed to request a hearing within the timeframe prescribed by regulation and has, therefore, waived his opportunity for a hearing and waived any contentions concerning his debarment (21 CFR part 12).

II. Findings and Order

Therefore, the Assistant Commissioner, Office of Human and Animal Food Operations, under section 306(b)(3)(C) of the FD&C Act, under authority delegated to the Assistant Commissioner, finds that Adam Michael Nagy been convicted of three felonies under federal law for conduct relating to the importation into the United States of any drug or controlled substance. FDA finds that the offense should be accorded a debarment period of 15 years as provided by section 306(c)(2)(A)(iii) of the FD&C Act.

As a result of the foregoing finding, Mr. Nagy is debarred for a period of 15 years from importing or offering for import any drug into the United States, effective (see DATES). Pursuant to section 301(cc) of the FD&C Act (21 U.S.C. 331(cc)), the importing or offering for import into the United States of any drug by, with the assistance of, or at the direction of Mr. Nagy is a prohibited act.

Dated: December 11, 2023.
