

international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: On April 24, 2023, the Notice of Intent to segregate lands and prepare an environmental impact statement for the proposed Libra Solar Project was published in the **Federal Register** (88 FR 24827). This announced the segregation of 5,500 acres of public lands for the proposed project. This notice effectively adds 120 acres to the segregation for a total of 5,620 acres of public land.

Regulations found at 43 CFR 2091.3–1(e) and 43 CFR 2804.25(f) allow the BLM to temporarily segregate public lands within a right-of-way application area for solar energy development from the operation of the public land laws, including the Mining Law, by publication of a **Federal Register** notice. The BLM uses this temporary segregation authority to preserve its ability to approve, approve with modifications, or deny proposed rights-of-way, and to facilitate the orderly administration of the public lands. This temporary segregation is subject to valid existing rights, including existing mining claims, located before this segregation notice. Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature that would not impact lands identified in this notice may be allowed with the approval of an authorized officer of the BLM during the segregation period. The lands segregated under this notice are legally described as follows:

Mount Diablo Meridian, Nevada

T. 12 N., R. 27 E.,
Sec. 32, N½SE¼;
Sec. 35, NE¼ SW¼.

The areas described aggregate 120 acres, according to the official plat of the survey on file with the BLM.

As provided in the regulations, the segregation of lands in this notice will not exceed 2 years from the date of publication unless extended for up to 2 additional years through publication of a new notice in the **Federal Register**. Termination of the segregation occurs on the earliest of the following dates: upon issuance of a decision by the authorized officer granting, granting with modifications, or denying the application for a ROW; automatically at the end of the segregation; or upon publication of a **Federal Register** notice of termination of the segregation.

Upon termination of segregation of these lands, all lands subject to this segregation would automatically reopen to appropriation under the public land laws.

(Authority: 43 CFR 2091.3–1e and 43 CFR 2804.25(f))

Kimberly D. Dow,

District Manager.

BILLING CODE 4331–21–P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2024–0006]

Notice of Availability of a Draft Environmental Assessment for Additional Site Assessment Activities on Beacon Wind, LLC’s Renewable Energy Lease OCS–A 0520

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) announces the availability of the draft environmental assessment (EA) to analyze the reasonably foreseeable impacts from additional site assessment plan (SAP) activities in Lease Area OCS–A 0520 offshore Massachusetts. Beacon Wind, LLC (Beacon Wind), the leaseholder, requests to conduct additional site assessment activities in the lease area that were not analyzed in the initial EA titled “Commercial Wind Lease Issuance and Site Assessment Activities on the Atlantic Outer Continental Shelf Offshore Massachusetts” (2014 EA). The draft EA analyzes the potential environmental impacts of the proposed site assessment activities, which consist of 35 deployments and removals of a single suction bucket foundation at 26 locations within the Lease Area to gather information to support the engineering design of wind turbine and offshore substation foundations that would potentially be installed within the Lease Area for a future Beacon Wind project. This notice of availability (NOA) announces the start of the public review and comment period, as well as the dates and times for public meetings on the draft EA. After BOEM holds the public meetings and addresses public comments submitted during the review period, BOEM will publish a final EA. The EA will inform BOEM’s decision whether to approve the site assessment plan amendment for additional site assessment activities.

DATES: Comments must be received no later than March 4, 2024. BOEM’s virtual public meetings will be held on the following dates at the times (eastern time) indicated.

- Friday, February 23, 2024; 1:00 p.m.
- Wednesday, February 28, 2024; 5:00 p.m.

Registration for the virtual public meeting is required and may be completed at <https://www.boem.gov/renewable-energy/state-activities/beacon-wind>. Meeting information will be sent to registrants via their email address provided during registration.

ADDRESSES: The draft EA and detailed information about the proposed site assessment activities can be found on BOEM’s website at: <https://www.boem.gov/renewable-energy/state-activities/beacon-wind>. Comments can be submitted in any of the following ways:

- Orally or in written form during any of the public meetings identified in this NOA.

- In written form by mail or any other delivery service, enclosed in an envelope labeled “Beacon Wind SAP EA” and addressed to Chief, Office of Renewable Energy Programs, Bureau of Ocean Energy Management, 45600 Woodland Road, Mailstop VAM–OREP, Sterling, VA 20166.

- *Through the regulations.gov web portal:* Navigate to <https://www.regulations.gov> and search for Docket No. BOEM–2024–0006. Click on the “Comment” button below the document link. Enter your information and comment, then click “Submit Comment.”

For more information about submitting comments, please see “*Information on Submitting Comments*” under the **SUPPLEMENTARY INFORMATION** heading below.

FOR FURTHER INFORMATION CONTACT: Laura Lee Wolfson, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, Sterling, Virginia 20166, (703) 787–1433 or lauralee.wolfson@boem.gov.

SUPPLEMENTARY INFORMATION:

Proposed Action: The draft EA analyzes two alternatives: the proposed action, which is approving the additional site assessment activities proposed in the Beacon Wind SAP Amendment to the Lease Area, and the no action alternative. The EA considers the reasonably foreseeable environmental consequences associated with the deployment and recovery of suction bucket foundations to further assess the site conditions and gather information to support the engineering design of wind turbine and offshore substation foundations that would potentially be installed within the Lease Area for the proposed Beacon Wind project. BOEM prepared an EA for this proposed action in order to assist the

agency's planning and decision-making (40 CFR 1501.5(b)).

Availability of the draft EA: The draft EA and associated information are available on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/beacon-wind>. If you require a digital copy on a flash drive or paper copy, BOEM may provide one upon request, if supplies are available. You may request a flash drive or paper copy of the draft EA by contacting Laura Lee Wolfson at (703) 787-1662 or lauralee.wolfson@boem.gov.

Cooperating Agencies: The following Federal agency will participate as cooperating agency in the preparation of the EA: the Bureau of Safety and Environmental Enforcement.

Information on Submitting Comments

a. Freedom of Information Act

BOEM will protect privileged or confidential information that you submit when required by the Freedom of Information Act (FOIA). Exemption 4 of FOIA applies to trade secrets and commercial or financial information that is privileged or confidential. If you wish to protect the confidentiality of such information, clearly label it and request that BOEM treat it as confidential. BOEM will not disclose such information if BOEM determines under 30 CFR 585.114(b) that it qualifies for exemption from disclosure under FOIA. Please label privileged or confidential information "Contains Confidential Information" and consider submitting such information as a separate attachment.

BOEM will not treat as confidential any aggregate summaries of such information or comments not containing such privileged or confidential information. Information that is not labeled as privileged or confidential may be regarded by BOEM as suitable for public release.

b. Personally Identifiable Information

BOEM discourages anonymous comments. Please include your name and address as part of your comment. You should be aware that your entire comment, including your name, address, and any other personally identifiable information (PII) that you include, may be made publicly available. All comments from identified individuals, businesses, and organizations will be available for public viewing on [regulations.gov](https://www.regulations.gov). Note that BOEM will make available for public inspection all comments, in their entirety, submitted by organizations and businesses, or by individuals identifying

themselves as representatives of organizations or businesses.

For BOEM to consider withholding your PII from disclosure, you must identify any information contained in your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of information, such as embarrassment, injury, or other harm. Even if BOEM withholds your information in the context of this notice, your comment is subject to FOIA. If your comment is requested under FOIA, BOEM will withhold your information only if it determines that one of FOIA's exemptions to disclosure applies. Such a determination will be made in accordance with the Department's FOIA regulations and applicable law.

c. Section 304 of the NHPA (54 U.S.C. 307103(a))

After consultation with the Secretary, BOEM is required to withhold the location, character, or ownership of historic resources if it determines that disclosure may, among other things, risk harm to the historic resources or impede the use of a traditional religious site by practitioners. Tribal entities should designate information that falls under section 304 of NHPA as confidential.

Authority: 42 U.S.C. 4231 *et seq.* (NEPA, as amended) and 40 CFR 1506.6.

Karen Baker,

Chief, Office of Renewable Energy Programs,
Bureau of Ocean Energy Management.

Agency Information Collection Activities; Fee Collection and Coal Production Reporting and Form OSM-1, Coal Reclamation Fee Report

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the Office of Surface Mining Reclamation and Enforcement (OSMRE), are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before March 4, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Please provide a copy of your comments to Mark Gehlhar, Office of Surface Mining Reclamation and Enforcement, 1849 C Street NW, Room 4556-MIB, Washington, DC 20240, or by email to mgehlhar@osmre.gov. Please reference OMB Control Number 1029-0063 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Mark Gehlhar by email at mgehlhar@osmre.gov, or by telephone at (202) 208-2716. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA; 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on September 12, 2023 (88 FR 62599). No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:
