**Procedures for Providing Public Input:** Public comment for consideration by EPA's Federal advisory committees has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a Federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees provide independent advice to EPA. Members of the public may submit comments on matters being considered by the EFAB for consideration as the Board develops its advice and recommendations to EPA.

**Oral Statements:** In general, individuals or groups requesting an oral presentation at a public listening session will be limited to three minutes each. Persons interested in providing oral statements at the February 2024 listening session should register in advance and provide notification, as noted in the registration confirmation, by February 13, 2024, to be placed on the list of registered speakers. Those providing oral statements may also submit supplementary written statements per the instructions below.

**Written Statements:** Written statements should be received by February 13, 2024, so that the information can be made available to the EFAB for its consideration prior to the listening session. Written statements should be sent via email to [efab@epa.gov](mailto:efab@epa.gov). Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the EFAB website. Copyrighted material will not be posted without explicit permission of the copyright holder.

**Accessibility:** For information on access or services for individuals with disabilities or to request accommodations for a disability, please register for the listening session and list any special requirements or accommodations needed on the registration form at least 10 business days prior to the listening session to allow as much time as possible to process your request.

**SUPPLEMENTARY INFORMATION:**

**Contents**

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement

and associated materials (see **ADDRESSES**).

**CMS-10185 Medicare Part D Reporting Requirements**

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires Federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

**Information Collection**

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Medicare Part D Reporting Requirements; *Use:* Section 1860D-12(b)(3)(D) of the Act provides broad authority for the Secretary to add terms to the contracts with Part D sponsors, including terms that require the sponsor to provide the Secretary with information as the Secretary may find necessary and appropriate. Pursuant to our statutory authority, we codified these information collection requirements for Part D sponsors in regulation at 42 CFR 423.514(a).

Data collected via the Medicare Part D reporting requirements will be an integral resource for oversight, monitoring, compliance, and auditing activities necessary to ensure quality provision of the Medicare Prescription Drug Benefit to beneficiaries. For all reporting sections (Enrollment and Disenrollment, Medication Therapy Management (MTM) Programs, Grievances, Improving Drug Utilization Review Controls, Coverage Determinations and Redeterminations, and Employer/Union Sponsored Sponsors, and Medicare Prescription Payment Plan), data are reported electronically to CMS. The data collected via the MTM and Grievances reporting sections are used in the Medicare Part C and D Star Ratings and Display Measures. The other reporting sections' data are analyzed for program oversight to ensure the availability, accessibility, and acceptability of

sponsors' services, such as coverage determinations and appeals processes, and opioid safety edits at the time of dispensing. *Form Number:* CMS-10185 (OMB Control Number: 0938-0992); *Frequency:* Yearly; *Affected Public:* Business or other for-profits; *Number of Respondents:* 1,019; *Number of Responses:* 14,325; *Total Annual Hours:* 19,900. (For policy questions regarding this collection contact Abigale Sanft at 410-786-6068.)
