SUPPLEMENTARY INFORMATION:

Title: FERC–512, Preliminary Permit. *OMB Control No.:* 1902–0073.

Type of Request: Three-year approval of the FERC–512 information collection requirements, with no changes to the current reporting requirements.

Abstract: Sections 4(f) and 5(b) of the Federal Power Act authorize the Commission to issue a preliminary permit for a term of up to four years, extend a permit term once for not more than four additional years, and issue an additional permit after the end of an extension period.¹ The purpose of

¹ 18 CFR 4.34(b)(5).

¹ 16 U.S.C. 802 and 16 U.S.C. 798(b)(1).

obtaining a preliminary permit is to maintain priority status for an application for a license while the applicant conducts site examinations and surveys to inform a decision on whether to pursue a license for the project, and if so, prepare a license application. A preliminary permit neither authorizes construction of any facilities, nor provides the use of eminent domain to acquire lands for the project. No application for a preliminary permit or license submitted by another party can be accepted during the permit

term. The FERC-512 is an application for a preliminary permit or to extend a preliminary permit term. Commission staff review preliminary permit applications to assess the scope of the proposed project, the technology to be used, and jurisdictional aspects of the project. The staff assessment includes a review of the proposed hydro development for conflicts with other current permits or licensed projects, and issuance of public notice of the permit application to solicit public and agency comments. An application for a

preliminary permit includes the applicant's name and contact information, a description of the proposed project, the requested term of the permit, names and addresses of the affected political jurisdictions, a verification of the application's facts, and three exhibits, per 18 CFR 4.81.

Type of Respondents: Business or other for-profit and not-for-profit entities.

*Estimate of Annual Burden² and Cost:*³ The Commission estimates as shown below in the table:

	Number of respondents (1)	Annual number of responses per respondent (2)	Total number of responses (1) * (2) = (3)	Average burden hours & cost per response (4)	Total annual burden hours & total annual cost (3) * (4) = (5)	Average annual cost per respondent (5) ÷ (1)
FERC-512: (Preliminary Permit)						
Annual reporting and recordkeeping	65	1	65	24 hrs.; \$2,400 ..	1,560 hrs.; \$156,000	\$2,400
Total FERC-512	65	1	65	24 hrs.; \$2,400 ..	1,560 hrs.; \$156,000	2,400

Comments: Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](https://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or

² Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further

explanation of what is included in the information collection burden, refer to 5 CFR 1320.3.

³ Commission staff estimates that the industry's skill set and cost (for wages and benefits) for FERC-

512 are approximately the same as the Commission's average cost. The FERC 2024 average salary plus benefits for one FERC full-time equivalent (FTE) is \$207,787/year (or \$100/hour).
