[Docket ID: FEMA-2024-0007; OMB No. 1660-0103]

Agency Information Collection Activities: Proposed Collection, Comment Request; Property Acquisition and Relocation for Open Space

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 60-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this

opportunity to comment on a revision of a currently approved information collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the property acquisition and relocation for open space process as part of FEMA’s administration of mitigation grants programs and the removal of five instruments from the inventory of this collection that are approved under other OMB Control Numbers.

DATES: Comments must be submitted on or before April 15, 2024.

ADDRESSES: To avoid duplicate submissions to the docket, please submit comments at <http://www.regulations.gov> under Docket ID FEMA-2024-0007. Follow the instructions for submitting comments.

All submissions received must include the Agency name and Docket ID. Regardless of the method used to submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy and Security Notice that is available via a link on the homepage of <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Jennie Orenstein, Branch Chief, FEMA/Mitigation Directorate’s Policy, Tools and Training Branch, at jennie.gallardy@fema.dhs.gov or (202) 212-4071. You may contact the Information Management Division for copies of the proposed collection of information at email address: *FEMA-*

Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: On September 16, 2009, FEMA published a Final Rule on Property Acquisition and Relocation for Open Space (44 CFR part 80) that governs property acquisitions for FEMA's four Hazard Mitigation Assistance (HMA) grant programs, three of which, Pre-Disaster Mitigation, the Hazard Mitigation Grant Program, and the Safeguarding Tomorrow Revolving Loan Fund (RLF) program are authorized under the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1988 (Pub. L. 93-288, as amended) (42 U.S.C. 5133, 5170c, and 5135) and the fourth (Flood Mitigation Assistance) under Section 1366 of the National Flood Insurance Act (NFIA) of 1968 (Pub. L. 90-448, as amended) (42 U.S.C. 4001 *et seq.*). 44 CFR part 80 requires the collection of information from grant applicants to ensure the voluntary nature of the property acquisitions and to ensure that the property acquired remains in open space in perpetuity.

States, federally-recognized Tribes (Tribes) and Territories as applicants/recipients, per 44 CFR 80.5(b)(3), are responsible for collecting and reviewing applications for acquisition projects to ensure that the proposed activities comply with 44 CFR part 80. States, Territories and Tribes must ensure that the property acquisition is voluntary in nature. The subapplication they submit to FEMA for proposed projects must include information to enable FEMA's determination of eligibility, technical feasibility, cost effectiveness, and environmental and historic preservation compliance (44 CFR 80.5(b)(4)). Per 44 CFR 80.5(b), once the property is acquired, States, Territories and Tribes, as well as FEMA and the subrecipients, must enforce the terms of 44 CFR part 80 and the deed restrictions to ensure that the property remains committed to open space use in perpetuity. States, Territories and Tribes must report on property compliance with open space requirements after the grant is awarded.

With this revision, FEMA is removing five instruments off the inventory for this information collection because each of these five instruments are approved for use in a different information collection with its own OMB Control Number. These five instruments will still be used but do not require to be approved for use by OMB twice.
