

## Overview of This Information Collection

### 1. *Type of Information Collection:*

Extension of a currently approved collection.

### 2. *The Title of the Form/Collection:*

Public Safety Officers Educational Assistance.

3. *The agency form number:* No form number.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: State, local, and tribal governments. Abstract: BJA's Public Safety Officers' Benefits (PSOB) Office will use the PSOE Application information to confirm the eligibility of applicants to receive PSOE benefits. Eligibility is dependent on several factors, including the applicant having received or being eligible to receive a portion of the PSOB Death Benefit, or having a spouse or parent who received the PSOB Disability Benefit. Also considered are the applicant's age and the schools being attended. In addition, information to help BJA identify an individual is collected, such as contact numbers and email addresses.

5. *Obligation to Respond:* Voluntary.

6. *Total Estimated Number of Respondents:* It is estimated that no more than 300 new respondents will apply a year.

7. *Estimated Time per Respondent:* Each application takes approximately 30 minutes to complete.

8. *Frequency:* Once annually.

9. *Total Estimated Annual Time Burden:* The estimated public burden associated with this collection is 150 hours. It is estimated that new respondents will take 30 minutes to complete an application. The burden hours for collecting respondent data sum to 150 hours (300 respondents  $\times$  0.5 hours = 150 hours).

10. *Total Estimated Annual Other Costs Burden:* There is no cost estimate.

*If additional information is required, contact:* Darwin Arceo, Department Clearance Officer, Policy and Planning Staff, Justice Management Division, United States Department of Justice, Two Constitution Square, 145 N Street NE, 4W-218 Washington, DC 20530.

## DEPARTMENT OF JUSTICE

[OMB Number 1125-0019]

### Agency Information Collection Activities; Proposed eCollection eComments Requested; Revision of a Previously Approved Collection; Office of the Chief Administrative Hearing Officer (OCAHO) E-Filing Portal

**AGENCY:** Executive Office for Immigration Review, Department of Justice.

**ACTION:** 60-Day notice.

**SUMMARY:** The Executive Office for Immigration Review, Department of Justice (DOJ), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

**DATES:** Comments are encouraged and will be accepted for 60 days until May 20, 2024.

**FOR FURTHER INFORMATION CONTACT:** If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Raechel Horowitz, Chief, Immigration Law Division, Office of Policy, Executive Office for Immigration Review, 5107 Leesburg Pike, Suite 2500, Falls Church, VA 22041, telephone: (703) 305-0473, [Raechel.Horowitz@usdoj.gov](mailto:Raechel.Horowitz@usdoj.gov).

**SUPPLEMENTARY INFORMATION:** Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological

collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

*Abstract:* In order to improve the efficient adjudication of OCAHO cases and reduce the printing, copying, and mailing costs (for both OCAHO and the public) associated with OCAHO cases, OCAHO began developing a web-based electronic case management system in 2018 and continues to develop a web-based electronic filing portal (OCAHO E-Filing Portal) for this system. The OCAHO E-Filing Portal will allow parties to OCAHO cases to file complaints electronically, request electronic access to a case to which they are a party, file motions and requests electronically, and receive service of orders and decisions from OCAHO by email. EOIR obtained initial PRA clearance for this information collection in 2021. The OCAHO E-Filing Portal has never been made available to the public because it is connected to an internal electronic case management system that is still under development. Since initial clearance in 2021, and in tandem with developments to the OCAHO case management system, EOIR has made several changes to the OCAHO E-Filing Portal: EOIR removed data fields determined to be unnecessary for the adjudication of OCAHO cases; EOIR added comment fields to various parts of the Portal for parties to OCAHO proceedings to provide information relevant to proceedings and not otherwise captured by other fields in this information collection; EOIR reordered Portal contents and form fields, and added instructions throughout the Portal, to enhance clarity and user navigation within the Portal; and EOIR added capabilities to enable form fields to auto-populate in the Portal upon upload of a completed PDF version of the EOIR-58, Unfair Immigration-Related Employment Practices Complaint Form (OMB#1125-0016), and the EOIR-30, OCAHO Subpoena Form. EOIR intends these enhancements to reduce costs and resources required during the course of OCAHO proceedings and ensure that only authorized parties and their representatives will have access to information and documents pertaining to their specific cases. This information collection tool is optional and voluntary.

## Overview of This Information Collection

1. *Type of Information Collection:* Revision of a previously approved collection.

2. *The Title of the Form/Collection:* OCAHO E-Filing Portal.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* Form Number: N/A.

4. *Affected public who will be asked or required to respond, as well as the obligation to respond:* Individuals and households. The obligation to respond is voluntary.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated that 55 respondents will complete each form within approximately 10 minutes each.

6. *An estimate of the total annual burden (in hours) associated with the collection:* The estimated total annual burden hours for this collection is 9.35 annual burden hours.

7. *An estimate of the total annual cost burden associated with the collection, if applicable:* There are no capital or start-up costs associated with this information collection. The estimated public cost is \$736.22 if each respondent were to hire an attorney to complete and submit the information collection.

**SUPPLEMENTARY INFORMATION:** Section 101(c) of the Federal Mine Safety and Health Act of 1977 and Title 30 of the Code of Federal Regulations (CFR) part 44 govern the application, processing, and disposition of petitions for modification.

**I. Background**

Section 101(c) of the Federal Mine Safety and Health Act of 1977 (Mine Act) allows the mine operator or representative of miners to file a petition to modify the application of any mandatory safety standard to a coal or other mine if the Secretary of Labor determines that:

1. An alternative method of achieving the result of such standard exists which will at all times guarantee no less than the same measure of protection afforded the miners of such mine by such standard; or
2. The application of such standard to such mine will result in a diminution of safety to the miners in such mine.

In addition, sections 44.10 and 44.11 of 30 CFR establish the requirements for filing petitions for modification.

**II. Petition for Modification**

*Docket Number:* M-2024-001-C.  
*Petitioner:* River View Coal, LLC, 835 St. Route 1179, Waverly, Kentucky 42462.

*Mine:* Henderson County Mine, MSHA ID No. 15-02709, located in Union County, Kentucky.

*Regulation Affected:* 30 CFR 18.35(a)(5)(i) (Portable (trailing) cables and cords).

*Modification Request:* The petitioner requests a modification of 30 CFR 18.35(a)(5)(i) to increase the maximum length of trailing cables to supply power to permissible equipment used in continuous mining sections.

The petitioner states that:

(a) The mine will be developing three in-seam slopes, approximately 1000 feet in length each. When completed, the 9-degree slopes will be utilized to connect two vertically separated coal seams.

(b) The mine will routinely mine around oil wells which require leaving large barrier pillars to protect the wells and the underground miners.

(c) Accomplishing these mining scenarios safely and efficiently necessitates extended cable lengths, without the need to provide permissible junction boxes that would otherwise be installed and maintained in the direct paths of haulage equipment.

The petitioner proposes the following alternative method:

- (a) The proposed decision and order (PDO) granted by MSHA shall apply only to trailing cables supplying three-phase 995-volts alternating current (VAC) power to continuous mining machines, supplying three-phase 480-VAC power to roof bolting machines, and supplying power to 550-volts direct current (VDC) shuttle cars.
