The period of review (POR) is July 6, 2021, through December 31, 2022.

SUPPLEMENTARY INFORMATION:

Background

On March 31, 2023, we received a timely request for an administrative review from GFCL.¹ On May 9, 2023, Commerce published a notice of initiation of an administrative review of the countervailing duty (CVD) order² on granular PTFE.³ On May 15, 2023, Commerce released U.S. Customs and Border Protection (CBP) entry data and stated that because only one company (GFCL) was identified in the *Initiation Notice* and it had entries during the POR, we selected GFCL as the only mandatory respondent in this review.⁴ On November 17, 2023, Commerce extended the deadline for the preliminary results of this review until March 28, 2024.⁵

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁶ A list of topics discussed in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. Scope of the Order

The product covered by the *Order* is granular polytetrafluoroethylene resin from India. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this CVD administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.⁷ For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Preliminary Results of Review

As a result of this review, we preliminarily determine the following net countervailable subsidy rates for the period July 6, 2021, through December 31, 2022:

Company	Subsidy rate (percent <i>ad valorem</i>) 2021 ⁸	Subsidy rate (percent <i>ad valorem</i>) 2022 ⁹
Gujarat Fluorochemicals Limited ¹⁰	4.89	4.70

For GFCL, we intend to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**.
