

authorized to take certain actions to encourage remediation of those conditions. Specifically, the Commission may take actions “against any foreign carrier that is a contributing cause, or whose government is a contributing cause, to those conditions.” 46 U.S.C. 42304(a). Potential actions include imposing limits and/or fees on Canadian-flagged vessels that visit U.S. ports and requesting that the U.S. Department of Homeland Security and the U.S. Coast Guard refuse clearance and deny entry of such vessels into the U.S., or detain such vessels. *See* 46 U.S.C. 42304, 42305. Any such fees could be substantial, as they are authorized by law at a level up to \$2,559,636 per voyage. *See* 46 CFR 506.4. Under section 42304(b), the Commission “may consult with, seek the cooperation of, or make recommendations as to other appropriate agencies of the United States government” prior to taking such action. When the Commission initiates a Chapter 423 investigation, it will notify the U.S. Secretary of State and may request that the Secretary “seek resolution of the matter through diplomatic channels.” 46 CFR 555.7. Before any action is taken under 46 U.S.C. 42304 or 42305, the relevant determination is submitted for Presidential review, within 10 days of receipt, under 46 U.S.C. 42306.

At this initial stage of the investigation, the Commission will focus on providing a route for interested parties, including the Government of Canada, as well as Canadian carriers operating in the Great Lakes trade, to provide information, perspectives, and proposed solutions.

III. Investigation and Initial Request for Comments

The Commission has determined that the above situation meets the threshold requirements for consideration under the relevant statutory and regulatory authority. *See* 46 U.S.C. 42302; 46 CFR 555.3, 555.5. The Commission has therefore determined to initiate an investigation into whether the situation has created conditions that adversely affect the operations of United States carriers as described above. *See* 46 U.S.C. 42302; 46 CFR 555.5, 555.6. To that end, the Commission has designated the General Counsel to lead an investigation into the conditions and to prepare a report on the investigation’s findings and recommendations for Commission consideration.

Interested persons are requested to submit written comments containing arguments, experiences, and/or data relevant to the above-described

conditions, with a particular focus on the situation of vessels that will become subject to the Canadian regulation described above in September 2024. It would be especially helpful for the agency to receive comments addressing what options exist for carriers to seek an exemption from the Canadian regulations going into effect in September 2024, and whether any such processes differ based on whether the carrier is a U.S. carrier or a Canadian carrier.

The Commission’s jurisdiction under 46 U.S.C. 42302 is broad, and the agency welcomes comments not only from the Government of Canada, but also from container shipping interests, bulk cargo interests, vessel owners, individuals and groups with relevant information on commercial and environmental considerations, and anyone else with relevant information or perspectives on this matter.

As the Commission proceeds with this investigation, it may determine to request additional comment or gather information through other means as authorized under 46 U.S.C. 42303 and 46 CFR 555.5, 555.6.

By the Commission.

Dated: May 16, 2024.

David Eng,
Secretary.

AHRQ is conducting this review pursuant to Section 902 of the Public Health Service Act, 42 U.S.C. 299a.

The EPC Program is dedicated to identifying as many studies as possible that are relevant to the questions for each of its reviews. We are looking for studies that report on *Management of Suicidal Thoughts and Behaviors in Youth*. The entire research protocol is available online at: <https://effectivehealthcare.ahrq.gov/products/suicidal-thoughts-youth/protocol>.

This is to notify the public that the EPC Program would find the following information on *Management of Suicidal Thoughts and Behaviors in Youth* helpful:

- A list of completed studies that your organization has sponsored for this topic. In the list, please *indicate whether results are available on*

ClinicalTrials.gov along with the ClinicalTrials.gov trial number.

- *For completed studies that do not have results on ClinicalTrials.gov*, a summary, including the following elements, if relevant: study number, study period, design, methodology, indication and diagnosis, proper use instructions, inclusion and exclusion criteria, primary and secondary outcomes, baseline characteristics, number of patients screened/eligible/enrolled/lost to follow-up/withdrawn/analyzed, effectiveness/efficacy, and safety results.

- *A list of ongoing studies that your organization has sponsored for this topic.* In the list, please provide the *ClinicalTrials.gov* trial number or, if the trial is not registered, the protocol for the study including, if relevant, a study number, the study period, design, methodology, indication and diagnosis, proper use instructions, inclusion and exclusion criteria, and primary and secondary outcomes.

- Description of whether the above studies constitute *ALL Phase II and above clinical trials* sponsored by your organization for this topic and an index outlining the relevant information in each submitted file.

Your contribution is very beneficial to the Program. Materials submitted must be publicly available or able to be made public. Materials that are considered confidential; marketing materials; study types not included in the review; or information on topics not included in the review cannot be used by the EPC Program. This is a voluntary request for information, and all costs for complying with this request must be borne by the submitter.

The draft of this review will be posted on AHRQ's EPC Program website and available for public comment for a period of 4 weeks. If you would like to be notified when the draft is posted, please sign up for the email list at: <https://effectivehealthcare.ahrq.gov/email-updates>.
