Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(b) of the Act, we determine that revocation of the *Order* would be likely to lead to continuation or recurrence of countervailable subsidies at the following net countervailable subsidy rates:

Company	Subsidy rate (percent <i>ad valorem</i>)
Bhushan Steel	541.15
Welspun Trading Limited	541.15
All Others	541.15

Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing these final results and this notice in accordance with sections 751(c), 752(b), and 777(i)(1) of the Act, and 19 CFR 351.218.

Dated: May 15, 2024.

Ryan Majerus,
Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix

List of Topics Discussed in the Issues and Decision Memorandum

- I. Summary
- II. Background
- III. Scope of the *Order*
- IV. History of the *Order*
- V. Legal Framework
- VI. Discussion of the Issues
 - 1. Likelihood of Continuation or Recurrence of a Countervailable Subsidy
 - 2. Net Countervailable Subsidy Rates Likely To Prevail
 - 3. Nature of the Subsidies
- VII. Final Results of Sunset Review
- VIII. Recommendation

National Oceanic and Atmospheric Administration

[RTID 0648–XD964]

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Lighthouse Repair and Tour Operations at Northwest Seal Rock, California

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of issuance of letter of authorization.

SUMMARY: Pursuant to the Marine Mammal Protection Act (MMPA), as amended, and implementing regulations, notification is hereby given that a Letter of Authorization (LOA) has been issued to the St. George Reef Lighthouse Preservation Society (Society) for the take of marine mammals incidental to conducting aircraft operations, lighthouse renovation, light maintenance activities, and tour operations on the St. George Reef Lighthouse Station (Station) on Northwest Seal Rock (NWSR).

DATES: This authorization is effective from May 15, 2024 through May 14, 2027.

ADDRESSES: The LOA and supporting documentation are available online at: <https://www.fisheries.noaa.gov/action/incidental-take-authorization-lighthouse-repair-and-tour-operations-northwest-seal-rock>. In case of problems accessing these documents, please call the contact listed below (see **FOR FURTHER INFORMATION CONTACT**).

FOR FURTHER INFORMATION CONTACT: Kate Fleming, Office of Protected Resources, NMFS, (301) 427–8401.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for the incidental takings shall be granted if NMFS finds that the taking will have a negligible

impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined “negligible impact” in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

Except with respect to certain activities not pertinent here, the MMPA defines “harassment” as: any act of pursuit, torment, or annoyance, which (i) has the potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering (Level B harassment).

Summary of Request

On April 15, 2022, we issued a final rule upon request from the Society for authorization to take marine mammals incidental to lighthouse maintenance and preservation activities at NWSR, offshore of Crescent City, CA (87 FR 22484). These activities include aircraft operations, lighthouse renovation, light maintenance activities, and tour operations. These regulations include mitigation, monitoring, and reporting requirements for the incidental take of marine mammals during the specified activities.

NMFS previously issued an LOA under the regulations that was effective from May 15, 2022, through May 14, 2023 (87 FR 30918, May 20, 2022). The Society has requested issuance of a subsequent LOA for remaining work described in the regulations, to be effective until expiration of the regulations on May 15, 2027.

The 2022 LOA included a requirement for quarterly monitoring report submissions, and the notice of issuance for the 2022 LOA stated that NMFS would reevaluate that requirement prior to issuance of subsequent LOAs to the Society. Upon review of the Society’s reporting, NMFS has determined that annual reporting is sufficient, as allowed under the regulations (50 CFR 217.55(b)(1)(i)).

Authorization

NMFS has issued an LOA to the Society for the harassment of small

numbers of four marine mammal species incidental to conducting aircraft operations, lighthouse renovation, light maintenance activities, and tour operations at NWSR.

Dated: May 17, 2024.

Kimberly Damon-Randall,
Director, Office of Protected Resources,
National Marine Fisheries Service.

BILLING CODE 6355–01–P

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Business Board; Notice of Federal Advisory Committee Meeting

AGENCY: Office of the Deputy Secretary of Defense, Department of Defense (DoD).

ACTION: Notice of Federal advisory committee meeting; amendment.

SUMMARY: On Tuesday, April 23, 2024, the DoD published a notice announcing a closed meeting of the Defense Business Board on May 7 and 8, 2024. Subsequent to publication of the notice, DoD made changes to the meeting agenda. The amended meeting agenda is included in this notice.

DATES: Closed to the public May 7, 2024 from 8:10 a.m. to 7:00 p.m. and closed to the public May 8, 2024 from 8:30 a.m. to 11:50 a.m. All Eastern time.

ADDRESSES: The closed meeting will be held in room B7 of the Pentagon Library

Conference Center, the Navy Executive Mess (room 4D728) in the Pentagon, and the U.S. Naval Research Laboratory, Washington DC.

FOR FURTHER INFORMATION CONTACT: Ms. Cara Allison Marshall, Designated Federal Officer (DFO) of the Board in writing at Defense Business Board, 1155 Defense Pentagon, Room 5B1088A, Washington, DC 20301–1155; or by email at cara.l.allisonmarshall.civ@mail.mil; or by phone at 703–614–1834.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of chapter 10 of title 5, United States Code (U.S.C.) (commonly known as the “Federal Advisory Committee Act” or “FACA”), 5 U.S.C. 552b (commonly known as the “Government in the Sunshine Act”), and 41 CFR 102–3.140 and 102–3.150.

Due to circumstances beyond the control of the DFO, the Defense Business Board was unable to provide public notification required by 41 CFR 102–3.150(a) concerning changes to its May 7–8, 2024 meeting that was previously announced in the **Federal Register** on April 23, 2024. Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102–3.150(b), waives the 15-calendar day notification requirement.

Purpose of the Meeting: The mission of the Board is to examine and advise the Secretary and Deputy Secretary of Defense on overall DoD management and governance. The Board provides independent, strategic-level, private sector and academic advice and counsel on enterprise-wide business management approaches and best practices for business operations and achieving National Defense goals.

Agenda: The Board will begin in closed session on May 7 from 8:10 a.m. to 7:00 p.m. The DFO will start the closed session followed by a welcome by Board Chair, Hon. Deborah James. The Board will have a working breakfast and receive a classified discussion on thawing the “Frozen Middle” from Hon. Kathleen Hicks, Deputy Secretary of Defense. The term ‘frozen middle’ is used when an organization becomes ‘stuck in its ways’ at the middle management levels. Those personnel layers tend to delay or avoid change to remove risk from the process, thereby preventing substantial progress as a result. The discussion will consider the processes and practices that enable private industry to adapt workflows in a way that keep human expertise fully engaged while making the most of the new technologies. Next, the Board will receive a classified discussion on

Implementing Emerging Technologies to Create Operational Strategic Effects from Mr. Jay Dryer, Director, Strategic Capabilities Office. This discussion is expected to focus on using existing DoD tools and processes to adapt developing technology to key operational challenges in the National Defense Strategy. Next, the Board will receive a classified discussion on Current Affairs from Hon. Lloyd Austin, Secretary of Defense. This session will focus on the state of the current global security environment and its implications for current and future business operations. The Board will receive a classified briefing on Naval Research Lab (NRL) Operations at the U.S. Naval Research Laboratory, followed by a classified tour. This tour and discussion will explore management constructs unique to NRL’s mission and personnel, to include developing and managing talent and communicating across a diverse workforce. This portion of the meeting will cover how NRL partners with industry to fulfill their mandate and demonstrates capabilities made possible by NRL’s organizational constructs and authorities. The Board will meet at the Navy Executive Mess for the final session on May 7. The Board Chair, Hon. Deborah James will provide remarks, followed by a classified update on Industry Partnerships with the Director of Information Systems Agency (DISA), Lt Gen Robert J. Skinner, Director of DISA and the Commander of the Joint Force Headquarters-Department of Defense Information Network. The Director will offer an overview of DISA’s partnerships with various stakeholders to bolster warfighter capabilities, including how DISA is developing global situational awareness and assessing the threat against DISA operations and assets. He will discuss unique challenges of managing a DoD Agency and Field Activity, as well as provide insights on recommendations from the February 2023 DBB IT User Experience Study. The DFO will adjourn the closed session. The Board will reconvene in closed session May 8 from 8:30 a.m. to 11:50 a.m. in room B7 of the Pentagon Library Conference Center. The DFO will begin the closed session followed by a welcome by the Board Chair. The Board will receive a classified discussion on Growing Production Capacity for Crises from Dr. Erin Simpson, Director, Joint Production Accelerator Cell, Office of the Under Secretary of Defense for Acquisition & Sustainment. The conversation is expected to delve into actions the DoD is taking to prioritize resources and to create a modern, resilient defense
