Employment and Training (ETA) Program Year (PY) 2024 Workforce Innovation and Opportunity Act (WIOA) Section 166, Indian and Native American Programs Grantee Allotments

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: This notice announces allotments for PY 2024 for the Indian and Native American (INA) Programs.

DATES: The PY 2024 INA Program allotments become effective for the grant period that begins July 1, 2024. Written comments on this notice are invited and must be received by July 29, 2024.

ADDRESSES: Comments are accepted via email to DINAP@dol.gov. Please enter “PY24 Indian and Native American Program Allotments Public Comment” in the subject line of the email.

FOR FURTHER INFORMATION CONTACT: Nathaniel Coley, Chief, Division of Indian and Native American Programs, Office of Workforce Investment, at 202–693–4287 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: This notice is published pursuant to Section 182(d) of the WIOA, Prompt Allotment of Funds. The Department is announcing PY 2024 allotments for the INA Program. This notice provides

information on the amount of funds available during PY 2024 to federally recognized Tribes, Tribal controlled non-profit organizations, and Tribal consortiums awarded through the PY 2022 Funding Opportunity Announcement (FOA) for the INA Program workforce development grants. On March 23, 2024, the Further Consolidated Appropriations Act, 2024, Public Law 118–47 was signed into law (“the Act”). The Act appropriates \$60,000,000 for the INA Program under the WIOA Section 166. Of this amount, \$600,000 will be set-aside for technical assistance pursuant to 20 CFR 684.270(e). Therefore, the total amount available for the INA Comprehensive Services Program is \$59,400,000. This amount will be allocated to WIOA Section 166 INA Program grantees using the formula at 20 CFR 684.270(b).

Description of Data Files and Allotment Formula. The data source to calculate the INA Program annual funding formula will be updated from the 2000 Decennial Census Data to the 5-year (2014–2018) American Community Survey (ACS) data for American Indian, Alaska Native, and Native Hawaiians unemployment and poverty data. The WIOA Final Rule at 20 CFR 684.270(b)(3) states that data and definitions used to implement the funding formula are provided by the U.S. Census Bureau. However, in 2010 the Census Bureau discontinued the use of “long form” questions. The long form questionnaire was administered in conjunction with each ten-year census of population, and asked detailed questions about a person’s education, employment, income, and other characteristics and served as the data source of the unemployment and poverty counts for INA geographic service area(s) that the Department used to allocate funds for the WIOA Section 166 INA Program grants.

The Census Bureau transitioned from using the long form questions during the decennial count to collecting similar data on the population in the ACS. The ACS has a smaller sample size than the decennial census and is collected over a number of years. The data that is being implemented for the PY 2024 INA Program allotments has been aggregated over a 5-year period, 2014–2018. Using these updated data allows the Department to allocate resources more effectively and design programs that are responsive to the changing needs of the community regarding demographic trends, economic conditions, and other factors. The change in unemployment and poverty counts from decennial Census to ACS sources for WIOA Section 166 INA Program grantees is

available at: <https://www.dol.gov/agencies/eta/dinap/census>.

The INA Program funding allotment formula (20 CFR 684.270(b)) states that each INA Program grantee will receive the sum of funds calculated using the following: (1) One-quarter of the funding available will be allocated on the basis of the number of unemployed American Indian, Alaska Native, and Native Hawaiian individuals in the grantee's geographic service area(s) compared to all such unemployed persons in the United States; and (2) Three-quarters of the funding available will be allocated on the basis of the number of American Indian, Alaska Native, and Native Hawaiian individuals in poverty in the grantee's geographic service area(s) as compared to all such persons in poverty in the United States.

Description of the Hold-Harmless Provision. To minimize program disruptions, the Department is implementing a "hold-harmless" or phase-in approach to adjusting funding allotments resulting from use of the ACS population data in the funding formula. Pursuant to 20 CFR 684.270(c), the Department is applying the hold-harmless or phase-in approach beginning with the PY 2024 funding allotments after consulting with the

grantee community and the Native American Employment and Training Council.

The hold-harmless process compares each grantee's relative share (or percentage) of the ACS data's total relevant population to the grantee's relative share (percentage, not dollars) of the prior year's (PY 2023) funding allotment. Therefore, when the hold-harmless is applied, a grantee will receive funding for PY 2024 based on no less than 95 percent of their prior year relative share (percentage, not dollars). Additionally, the hold-harmless approach will be in effect over a three-year period, PY 2024 through PY 2026, applied against the prior year relative share (percentage, not dollars). The hold-harmless levels for the CSP and Supplemental Youth Services Program (SYSP) will be 95 percent for PY 2024, 90 percent for PY 2025, and 80 percent for PY 2026. In PY 2027, all grantees will receive funding that reflects their actual relative share based on the updated ACS data.

Funding Allotments. The WIOA Section 166 INA Program grantee allotments set forth in the Tables appended to the notice reflect the distribution resulting from the allotment formula described above. For PY 2024, the funding level provided in the

Further Consolidated Appropriations Act, 2024 for the INA Program is \$60,000,000. Of this amount, \$600,000 will be set aside for technical assistance pursuant to 20 CFR 684.270(e). Therefore, the total amount available for the CSP is \$59,400,000. The Act also provides \$948,130,000 for grants to states for WIOA Youth activities. After reductions authorized by the Act, \$944,073,800 is available for Youth Activities and 1½ percent of this amount is reserved for the SYSP. Accordingly, \$14,161,107 is available for PY 2024 to be allotted to the INA grantees that receive SYSP funding.

For purposes of illustrating the effects of the allotment formula and application of the hold-harmless process for the CSP and SYSP, columns 5 through 7 in Tables A and B show the PY 2024 amount, dollar difference between PY 2023 and PY 2024 amounts, and percent difference between PY 2023 and PY 2024 amounts without applying the hold-harmless provision. Column 8 shows the PY 2024 amount after applying the hold-harmless.

This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

- (1) whether or not the Federal employee has performed Federal service;
- (2) the periods of Federal service;
