B. What action is the Agency taking?

In 2023, EPA announced the availability of and sought public comment on several proposed changes to the existing Standard (88 FR 78017, November 14, 2023 (FRL-11518-01)) and held a public webinar on December 19, 2023, to present the Agency's proposed plans. EPA received 90 comments, representing 131 organizations or individuals. The Response to Comments document, which is available in the docket, is a compilation of the public comments received and EPA's responses. EPA's responses do not address each comment individually. EPA considered each comment and organized responses by section of the Standard.

After considering the public comments, EPA is issuing the final, updated Standard, which is available in the docket and on the Safer Choice website at <https://www.epa.gov/saferchoice/standard>. Revisions to the Standard serve, in part, to add clarity and transparency. Notable changes include an update to packaging requirements to respond to an increased stakeholder interest in more sustainable packaging and a certification for

cleaning service providers that use Safer Choice-certified products for cleaning and DfE-certified products for disinfecting.

II. Background

A. What is the Safer Choice program?

As part of its environmental mission, the Safer Choice program partners with businesses to help consumers and commercial buyers identify products with safer chemical ingredients, without sacrificing quality or performance. The Safer Choice program certifies products containing ingredients that have met the program's specific and rigorous human health and environmental toxicological criteria. The Safer Choice program allows companies to use its label on certified products that contain safer ingredients and perform, as determined by expert evaluation. The Safer Choice program certification represents a high level of achievement in formulating products that are safer for people and the environment. For more information on the Safer Choice program, please see: <https://www.epa.gov/saferchoice>.

B. What is the DfE program?

The DfE program is a similar program currently used by EPA for the purpose of helping consumers and commercial buyers identify antimicrobial products that meet the health and safety standards of the normal pesticide registration process required by FIFRA as well as meeting the DfE certification criteria (as described in the Standard). For more information on the DfE program, please see: <https://www.epa.gov/pesticide-labels/learn-about-design-environment-dfe-certification>.

Authority: 15 U.S.C. 2601 *et seq.*

Dated: July 31, 2024.

Michal Freedhoff,

Assistant Administrator, Office of Chemical Safety and Pollution Prevention.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OGC-2024-0319; FRL-12102-01-OGC]

Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with the Clean Air Act, as amended (CAA or the Act),

notice is given of a proposed consent decree to address a lawsuit filed by Center for Biological Diversity, Sierra Club, and Center for Environmental Health (collectively, Plaintiffs) in the United States District Court for the Northern District of California: *Center for Biological Diversity, et al. v. Michael S. Regan, in his official capacity the Administrator of the United States Environmental Protection Agency*, No. 3:23-cv-04979-RFL (N.D. Cal.). Plaintiffs filed a complaint alleging that the Environmental Protection Agency (EPA) failed to perform a non-discretionary duty under the Act to complete a review of the air quality criteria and the primary National Ambient Air Quality Standards (NAAQS) for oxides of nitrogen. EPA is providing notice of this proposed consent decree, which would resolve all claims in the case by establishing deadlines for EPA to take certain actions in its review of the air quality criteria and NAAQS for oxides of nitrogen, as specified in the decree.

DATES: Written comments on the proposed consent decree must be received by September 9, 2024.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2024-0319, online at <https://www.regulations.gov> (EPA's preferred method). Follow the online instructions for submitting comments.

Instructions: All submissions received must include the Docket ID number for this action. Comments received may be posted without change to <https://www.regulations.gov>, including any personal information provided. For detailed instructions on sending comments and additional information on the rulemaking process, see the "Additional Information about Commenting on the Proposed Consent Decree" heading under the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Melina Williams, Air and Radiation Law Office, Office of General Counsel, U.S. Environmental Protection Agency; telephone (202) 564-3406; email address williams.melina@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining a Copy of the Proposed Consent Decree

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2024-0319) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West,

Room 3334, 1301 Constitution Ave. NW, Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744 and the telephone number for the OEI Docket is (202) 566-1752.

The electronic version of the public docket for this action contains a copy of the proposed consent decree and is available through <https://www.regulations.gov>. You may use <https://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the official public docket, and access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search."

II. Additional Information About the Proposed Consent Decree

The proposed consent decree would establish deadlines for EPA to take certain actions pursuant to CAA sections 108 and 109 to complete a review of the air quality criteria and the primary NAAQS for oxides of nitrogen. The proposed consent decree would require EPA to: issue a final Integrated Science Assessment, a document containing the air quality criteria, addressing human health effects of oxides of nitrogen no later than September 30, 2026; sign a notice setting forth its proposed decision concerning its review of the primary NAAQS for oxides of nitrogen no later than January 17, 2028; sign a notice setting forth its final decision concerning its review of the primary NAAQS for oxides of nitrogen no later than November 10, 2028; and, within 15 business days of issuance of the final Integrated Science Assessment, signature of the proposed decision, and signature of the final decision, respectively, send a notice to the Office of Federal Register for review and publication.

In accordance with section 113(g) of the CAA, for a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

III. Additional Information About Commenting on the Proposed Consent Decree

Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2024-0319, via <https://www.regulations.gov>. Once submitted, comments cannot be edited or removed from this docket. EPA may publish any comment received to its public docket. Do not submit to EPA's docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>. For additional information about submitting information identified as CBI, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this document. Note that written comments containing CBI and submitted by mail may be delayed and deliveries or couriers will be received by scheduled appointment only.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <https://www.regulations.gov> website to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket

system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment.

Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

Gautam Srinivasan,

Associate General Counsel.

BILLING CODE 6560-50-P

FEDERAL RESERVE SYSTEM

Solicitation of Statements of Interest for Membership on the Insurance Policy Advisory Committee

AGENCY: Board of Governors of the Federal Reserve System (Board).

ACTION: Notice.

SUMMARY: The Economic Growth, Regulatory Relief, and Consumer Protection Act established at the Board an Insurance Policy Advisory Committee (IPAC). This Notice advises individuals who wish to serve as IPAC members of the annual opportunity to be considered for the IPAC.

DATES: Individuals who submit a Statement of Interest that is received by the Board from the first Monday in August through the first Monday in October of each year will be considered for appointments to the IPAC announced in the fourth calendar quarter of the same year. Statements of Interest received outside the period from the first Monday in August through the first Monday in October generally will not be considered.

ADDRESSES: Individuals seeking an appointment to the IPAC may send a Statement of Interest by email to IPAC@frb.gov. The Statement of Interest contains only contact information. Candidates also may choose to provide additional information. Candidates may send this information by email to IPAC@frb.gov. The Privacy Act Statement for IPAC Member Selection, which describes the purposes, authority, effects of nondisclosure, and uses of this information, can be found at <https://www.federalreserve.gov/aboutthefed/ipac-privacy.htm>.

Individuals also may mail Statements of Interest and any additional information to the Board of Governors of the Federal Reserve System, Attn: Insurance Policy Advisory Committee,
