

March 15, 2027. Credits are allocated to the second phase of Project F on October 30, 2027. The aggregate amount of credits allocated to the two phases of Project F exceeds the amount of credits that may be allocated to an applicant in one year under the allocating agency's QAP. The second phase of Project F is, therefore, NOT eligible for the increase in basis accorded a project in a 2025 DDA, since it does not meet all of the conditions for a multiphase project, as defined in this notice. The original application for credits for the first phase did not describe the multiphase composition of the project. Also, the application for credits for the second phase of Project F was not made in the year immediately following the first phase application year.

(Case G) Project G is located in an area that is NOT a DDA in 2025 or 2027, but is in a DDA in 2026. A complete application for tax-exempt bond financing for Project G is filed with the bond-issuing agency on October 30, 2025. Project G is placed in service on November 15, 2026 and the bonds are issued on February 20, 2027. Property G is eligible for the increase in basis available to projects located in 2026 DDAs because one of the two necessary actions (the two events being tax-exempt bonds issued and buildings placed in service) occur when the property is in a DDA and both events occur after January 1, 2026, the assumed effective date of the 2026 DDAs.

VIII. Findings and Certifications

A. Environmental Impact

This notice involves the statutorily required establishment of fiscal requirements or procedures that are related to rate and cost determinations and do not constitute a development decision affecting the physical condition of specific project areas or building sites. Accordingly, under 24 CFR 50.19(c)(6) of HUD's regulations, this notice is categorically excluded from environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321, *et seq.*).

B. Federalism Impact

Executive Order 13132 (entitled "Federalism") prohibits an agency from publishing any policy document that has federalism implications if the document either imposes substantial direct compliance costs on state and local governments and is not required by statute, or the document preempts state law, unless the agency meets the consultation and funding requirements of section 6 of the executive order. This notice merely designates DDAs and

QCTs as required under IRC Section 42, as amended, for the use by political subdivisions of the states in allocating the LIHTC. This notice also details the technical methods used in making such designations. As a result, this notice is not subject to review under the order.

Principal Deputy Assistant Secretary for Policy Development and Research.
