SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are

used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information

regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is

seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on September 18, 2024 at 89 FR 76500.

A. Overview of Information Collection

Title of Information Collection: Public Housing—Contracting with Resident-Owned Businesses.

OMB Control Number: 2577–0161.

Type of Request: Extension of previously approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: PHAs that entered into contracts with resident-owned businesses prior to December 26, 2014, must comply with the requirements/procedures set forth in, 24 CFR 85.36(h), and 24 CFR 85.36(i). Contracts with resident-owned businesses entered into after December 26, 2014, must comply with 24 CFR part 963, 2 CFR 200.325, and 2 CFR 200.326 and other such contract terms that may be applicable to the procurement under the Department’s regulations. These requirements include:

- Certified copies of any State, county, or municipal licenses that may be required of the business to engage in the type of business activity for which it was formed. Where applicable, the PHA must obtain a certified copy of its corporate charter or other organizational document that verifies that the business was properly formed in accordance with State law;
- Certification that shows the business is owned by residents,

disclosure documents that indicate all owners of the business and each owner’s percentage of the business along with sufficient evidence sufficient that demonstrates to the satisfaction of the PHA that the business has the ability to perform successfully under the terms and conditions of the proposed contract;

- Certification as to the number of contracts awarded, and the dollar amount of each contract award received, under the alternative procurement process; and

- Contract award documents, proof of bonding documents, independent cost estimates and comparable price analyses.

Members of affected public: Public Housing Agencies, and Applicable Resident Entrepreneurs *Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:* Estimated number of respondents: 75. The calculation for burden hours is as follows: Calculation for number of respondents: 75 (estimated number of PHAs contracting with resident owned businesses) × 24 (number of hours for procurement process) = 1,800 total hours. The Department estimates that out of a total of 3,763 PHAs only 2 percent or 75 PHAs contract with resident owned business. This number is less than the previous request due to several PHAs choosing to leave the program, but the Department anticipates there may have been more business or contracting opportunities particularly during the pandemic.

Information collection	Number of respondents	Average number of responses per respondent	Total annual responses	Burden hours per response	Total hours	Hourly cost	Total annual cost
OMB Control No. 2577–0161	75	1	75	24	1,800	\$30.95	\$55,710

The national average of PHA staff salary used is \$64,590 per year obtained from <https://www.ziprecruiter.com/Salaries/Public-Housing-Authority-Salary>, or \$30.95 per hour as computed using the 2,087-Hour Divisor. The calculation for costs is as follows: 75 PHAs × 24 hours = 1,800 hours × \$30.95 = \$55,710.

Status of the Proposed Information Collection: Meeting HUD Regulation requirements.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of

information described in Section A on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated

collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

(5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comments in response to these questions.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C.

3501 *et seq.*, and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on June 11, 2024 (89 FR 49183).

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

- (1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How the agency could minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The BLM collects the information on the Resource Advisory Council Application (Form No. 1120–19) to determine education, training, and experience related to possible service on advisory committees established under the authority of Section 309 of the Federal Land Policy

and Management Act (43 U.S.C. 1739) and the Federal Advisory Committee Act, 5 U.S.C. App. 2. This information is necessary to ensure that each advisory council is structured to provide fair membership balance, both geographic and interest-specific, in terms of the functions to be performed and points of view to be represented, as prescribed by its charter. The BLM is requesting minor changes to Form 1120–19. The changes include removing some of the previously collected information that is not needed and, in response to user feedback, clarifying certain portions of the form. A complete description of the changes is provided in the ICR that has been submitted to OMB. This OMB control number is scheduled to expire on April 30, 2025. This request is for OMB to renew with revisions this OMB control number for an additional three (3) years.

Title of Collection: Bureau of Land Management Resource Advisory Council Application (43 CFR Subpart 1784).

OMB Control Number: 1004–0204.

Form Number: 1120–19.

Type of Review: Extension with revision of a currently approved collection.

Respondents/Affected Public: Persons who apply for positions on Resource Advisory Councils.

Total Estimated Number of Annual Respondents: 200.

Total Estimated Number of Annual Responses: 200.

Estimated Completion Time per Response: 4 hours.

Total Estimated Number of Annual Burden Hours: 800.

Respondent’s Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: None.

Reason for Change: Some of the previously collected information is not needed.

An agency may not conduct or sponsor and, notwithstanding any other provision of law, a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Darrin King,

Information Collection Clearance Officer.
