Ferrosilicon From Brazil, Kazakhstan, and Malaysia; Supplemental Schedule for the Final Phase of Countervailing Duty and Antidumping Duty Investigations

AGENCY: United States International Trade Commission.

ACTION: Notice.

DATES: March 28, 2025.

FOR FURTHER INFORMATION CONTACT:

Keysha Martinez ((202) 205–2136), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these investigations may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION: Effective June 28, 2024, the Commission established a general schedule for the conduct of the final phase of its countervailing duty and antidumping duty investigations on ferrosilicon from Brazil, Kazakhstan, Malaysia, and Russia (89 FR 56407, July 9, 2024), following preliminary determinations by the U.S. Department of Commerce (“Commerce”) that imports of ferrosilicon from Russia are being subsidized by the government of Russia and are being sold at less than fair value (“LTFV”) (89 FR 53949 and 53953, June 28, 2024). Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on July 9, 2024 (89 FR 56407). The Commission conducted its in-person hearing on September 12, 2024. All persons who requested the opportunity were permitted to participate.

On September 18, 2024, Commerce issued final affirmative countervailing duty and antidumping duty

determinations with respect to ferrosilicon from Russia (89 FR 76450 and 76454). The Commission subsequently issued its final determinations that an industry in the United States was materially injured by reason of imports of ferrosilicon from Russia provided for in subheadings 7202.21 and 7202.29 of the Harmonized Tariff Schedule of the United States (“HTSUS”) that have been found by Commerce to be subsidized by the government of Russia and to be sold at LTFV (89 FR 88814, November 8, 2024).

On March 28, 2025, Commerce’s final affirmative countervailing duty and antidumping duty determinations with respect to imports of ferrosilicon from Brazil, Kazakhstan, and Malaysia were published in the **Federal Register** (90 FR 14075, 14077, 14105, 14108, 14112, and 14114). Accordingly, the Commission currently is issuing a supplemental schedule for its countervailing duty and antidumping duty investigations on imports of ferrosilicon from Brazil, Kazakhstan, and Malaysia.

This supplemental schedule is as follows: the deadline for filing supplemental party comments on Commerce’s final countervailing duty and antidumping duty determinations is 5:15 p.m. on April 11, 2025. Supplemental party comments may address only Commerce’s final countervailing duty and antidumping duty determinations regarding imports of ferrosilicon from Brazil, Kazakhstan, and Malaysia. These supplemental final comments may not contain new factual information and may not exceed five (5) pages in length. The supplemental staff report in the final phase of the current investigations will be placed in the nonpublic record on April 23, 2025, and a public version will be issued thereafter.

For further information concerning this proceeding see the Commission’s notice cited above and the Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission’s rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission’s rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as

identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Please note the Secretary’s Office will accept only electronic filings during this time. Filings must be made through the Commission’s Electronic Document Information System (EDIS, <https://edis.usitc.gov>.) No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

Authority: This proceeding is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission’s rules.

By order of the Commission.

Issued: March 31, 2025.

Lisa Barton,

Secretary to the Commission.

DEPARTMENT OF JUSTICE

[OMB Number 1110–0071]

Agency Information Collection Activities; Proposed eCollection Activities Requested; Extension of a Previously Approved Collection; National Use-of-Force Data Collection

AGENCY: Federal Bureau of Investigation, Department of Justice.

ACTION: 60-Day notice.

SUMMARY: The Federal Bureau of Investigation (FBI), Department of Justice (DOJ), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 60 days until June 2, 2025.

FOR FURTHER INFORMATION CONTACT: If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Linda Shriver, Acting Unit Chief, Crime and Law Enforcement Statistics Unit, FBI, CJIS Division, Module D–2, 1000 Custer Hollow Road, Clarksburg, West Virginia 26306, telephone: 304–625–4830, email: llshriver@fbi.gov.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the

public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Abstract: The FBI has a long-standing tradition of collecting data and providing statistics concerning Law Enforcement Officers Killed and Assaulted (LEOKA) and justifiable homicides. To provide a better understanding of the incidents of use of force by law enforcement, the FBI’s Uniform Crime Reporting (UCR) Program developed a data collection for law enforcement agencies to provide information on incidents where the use of force by a law enforcement officer led to the death or serious bodily injury of a person, as well as when a law enforcement officer discharged a firearm at or in the direction of a person. When a use of force incident occurs, federal, state, county, local, tribal, and territorial law enforcement agencies provide information to the data collection on

characteristics of the incident, the victim(s) on which force was used by law enforcement, and the officers who applied force in the incident. Agencies positively affirm, monthly, whether their agency did or did not have a use of force incident that resulted in a fatality, a serious bodily injury to a person, or a firearm discharge at or in the direction of a person. When no use of force incident occurs in a month, agencies submit a zero report. Enrollment information from agencies and state points of contact is collected when the agency or contact initiates participation in the data collection. Enrollment information is updated no less than annually to assist with managing the data. The data collection defines a law enforcement officer using the current LEOKA definition: “All local, county, state, and federal law enforcement officers (such as municipal, county police officers, constables, state police, highway patrol, sheriffs, their deputies, federal law enforcement officers, marshals, special agents, etc.) who are sworn by their respective government authorities to uphold the law and to safeguard the rights, lives, and property of American citizens. They must have full arrest powers and be members of a public governmental law enforcement agency, paid from government funds set aside specifically for payment to sworn police law enforcement organized for the purposes of keeping order and for preventing and detecting crimes, and apprehending those responsible.” The definition of “serious bodily injury” is based, in part, on Title 18, United States Code, Section 2246 (4), to mean “bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.” These actions include the use of a firearm, an electronic control

weapon (e.g., taser), an explosive device, pepper or oleoresin capsicum spray or other chemical agent, a baton, an impact projectile, a blunt instrument, hands-fists-feet, or canine.

Overview of This Information Collection

1. *Type of Information Collection:* Extension of a previously approved collection.
2. *The Title of the Form/Collection:* National Use-of-Force Data Collection.
3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* There is no agency form number. The applicable component within DOJ is the FBI’s Criminal Justice Information Services (CJIS) Division.
4. *Affected public who will be asked or required to respond, as well as the obligation to respond:* State, local and tribal governments, and the Federal Government. The obligation to respond is voluntary.
5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* A total of 12,861 agencies are enrolled in the National Use-of-Force Data Collection as possible respondents. The FBI estimates it will receive 94,340 incident reports per year. The estimated time to complete an incident report is 38 minutes.
6. *An estimate of the total annual burden (in hours) associated with the collection:* The FBI estimates the total annual burden hours for this collection as 59,749 hours (94,340 incident reports × 38 minutes per report/60 = 59,749).
7. *An estimate of the total annual cost burden associated with the collection, if applicable:* The estimated monetary cost burden for supplies, storage, or the like for this information collection is \$0. Incident reports are submitted to the FBI through an online system maintained and operated by the FBI.

TOTAL BURDEN HOURS

Activity	Number of respondents	Frequency	Total annual responses	Time per response (min)	Total annual burden (hours)
Use of force incident report	12,861	Variable	94,340	38	59,749
Unduplicated Totals	12,861	94,340	59,749
