

or subtype of module covered by this exemption is no longer likely to maintain a level of safety that is at least equivalent to the level that would be achieved absent this exemption.

Notification must be made by sending an email to FMCSA at [MCPSV@dot.gov](mailto:MCPSV@dot.gov).

(iv) Recurring Reporting Requirements

During the exemption period, the Applicant must provide quarterly submissions to FMCSA of the data described below. The Applicant's first quarterly submission is due on July 16, 2025, and thereafter will be due every 3 months, on the first business day of the month. The first quarterly submission must include the required data beginning 60 days prior to the date of module installation. All quarterly submissions must include data through at least the 14th day (inclusive) of the month immediately preceding the submission. Unless otherwise agreed to by FMCSA, quarterly submissions must be sent via email to FMCSA at [MCPSV@dot.gov](mailto:MCPSV@dot.gov). If the Applicant does not have one or more categories of information described below, it must, within 20 days of the effective date of this exemption, discuss with FMCSA other available information. If the Agency accepts such alternative information, the Applicant must submit that data in lieu of the information specified below.

In the quarterly submission, the Applicant must provide FMCSA the following information known to the Applicant regarding all crashes and other incidents ("crash or incident") involving a CMV equipped with an Intellistop module covered by this exemption where the Intellistop module is potentially implicated. Crashes involving a CMV equipped with an Intellistop module that are "head-on" or otherwise involve only the front of the Intellistop-equipped CMV impacting some other object (such that the Intellistop module, without question, could not be implicated) are not subject to this condition. For the first quarterly submission, data must include any crash or incident occurring in the 60 days prior to installation of the Intellistop module that would have been contained in this reporting category had the module been installed at the time of the crash or incident. The Applicant's knowledge includes, but is not limited to: (1) outreach from a consumer, lawyer, or any other person or organization (via letter, email, fax, telephone call, social media, or any other medium); (2) lawsuits to which the Applicant is a party, or otherwise knows exist where an Intellistop module covered by this exemption is an issue in the litigation; and (3) insurance

claims against the Applicant related to use of the Intellistop module. When in the Applicant's possession, information provided to FMCSA shall include:

1. The date of first contact regarding, or the Applicant's first awareness of, the crash or incident;
2. The date of the most recent follow-up contact, if any, between the Applicant and the other party;
3. The date, time, and location of the crash or incident;
4. A brief description of the crash or incident;
5. The Intellistop module type and/or subtype(s) involved in the crash or incident; and
6. Information, if any, indicating that the Intellistop module is, or was, not working as intended, or caused confusion or a roadway hazard for either the consumer or other motorists.

*Annual data.* At the end of each 12-month period this exemption is in effect, the Applicant shall, within 60 days, submit a report detailing all information in its possession regarding crash rates and vehicle miles traveled by CMVs equipped with a module covered by this exemption. Additionally, the report shall specify the number and type of CMVs the Applicant is operating under the exemption, the module type or sub-type installed on each CMV, the affected lamps (rear clearance, identification, and/or brake lamps), the number of covered vehicles sold or transferred in ownership during the 12-month reporting period, and a statement certifying that any sold/transferred vehicle(s) have been restored to compliance with applicable FMVSSs and FMCSRs.

*Meetings.* The Applicant shall, at FMCSA's request, meet with FMCSA to answer questions regarding data and information provided by the Applicant under this exemption.

(v) Early Termination

The exemption is valid for 5 years from the date of issuance unless rescinded earlier by FMCSA. FMCSA will terminate the exemption if: (1) the Applicant fails to comply with the terms and conditions; (2) the exemption results in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b).

(vi) Notification From the Public

Interested parties possessing information that would demonstrate that Casey's CMVs equipped with Intellistop's pulsating rear-light module are not achieving the requisite

statutory level of safety should immediately notify FMCSA. The Agency will evaluate any such information and, if safety is being compromised or if the continuation of the exemption is not consistent with 49 U.S.C. 31136(e) and 31315(b), will take immediate steps to revoke the exemption.

(vii) Non-Endorsement

This limited and conditional exemption does not constitute an endorsement of the Intellistop product by FMCSA, NHTSA, the U.S. DOT, or any of their components, or by any of these agencies' employees or agents. As a condition of the continued effectiveness of this exemption, Intellistop is expressly prohibited from describing its product as approved by, endorsed by, or otherwise authorized by FMCSA, NHTSA, or U.S. DOT, or as compliant with Federal safety regulations.

**VII. Preemption**

In accordance with 49 U.S.C. 31315(d), as implemented by 49 CFR 381.600, during the period this exemption is in effect, no State shall enforce any law or regulation applicable to interstate commerce that conflicts with or is inconsistent with this exemption. States may, but are not required to, adopt the same exemption with respect to operations in intrastate commerce.
