

- The estimated total number of respondents for the information collection I–131 is 1,073,059 and the estimated hour burden per response is 2 hours.

- The estimated total number of respondents for the information collection I–192 is 68,050 and the estimated hour burden per response is 2.08 hours.

- The estimated total number of respondents for the information collection I–485 is 1,060,585 and the estimated hour burden per response is 2 hours.

- The estimated total number of respondents for the information collection I–589 is 203,379 and the estimated hour burden per response is 2 hours.

- The estimated total number of respondents for the information collection I–590 is 106,200 and the estimated hour burden per response is 2.08 hours.

- The estimated total number of respondents for the information collection I–730 is 13,000 and the estimated hour burden per response is 2 hours.

- The estimated total number of respondents for the information collection I–751 is 140,000 and the estimated hour burden per response is 2 hours.

- The estimated total number of respondents for the information collection I–829 is 1,010 and the estimated hour burden per response is 2 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 7,163,906 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$0. No additional costs to the public are anticipated due to this action. Any costs to the respondents associated with the specific form filed are captured in those approved information collections.

Dated: May 22, 2025.

Jerry L. Rigdon,

Acting Chief, Regulatory Coordination Division, Office of Policy and Strategy, U.S. Citizenship and Immigration Services, Department of Homeland Security.

BILLING CODE 9111–97–P

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

[OMB Control Number 1615–0008]

Agency Information Collection Activities; Revision of a Currently Approved Collection: Biographic Information (for Deferred Action)

AGENCY: U.S. Citizenship and Immigration Services, Department of Homeland Security.

ACTION: 60-Day notice.

SUMMARY: The Department of Homeland Security (DHS), U.S. Citizenship and Immigration Services (USCIS) invites the general public and other Federal agencies to comment upon this proposed revision of a currently approved collection of information. In accordance with the Paperwork Reduction Act (PRA) of 1995, the information collection notice is published in the **Federal Register** to obtain comments regarding the nature of the information collection, the categories of respondents, the estimated burden (*i.e.* the time, effort, and resources used by the respondents to respond), the estimated cost to the respondent, and the actual information collection instruments.

DATES: Comments are encouraged and will be accepted for 60 days until June 30, 2025.

ADDRESSES: All submissions received must include the OMB Control Number 1615–0008 in the body of the letter, the agency name and Docket ID USCIS–2005–0024. Submit comments via the Federal eRulemaking Portal website at <https://www.regulations.gov> under e-Docket ID number USCIS–2005–0024.

FOR FURTHER INFORMATION CONTACT: USCIS, Office of Policy and Strategy, Regulatory Coordination Division, Jerry Rigdon, Acting Chief, telephone number (240) 721–3000 (This is not a toll-free number. Comments are not accepted via telephone message). Please note contact information provided here is solely for questions regarding this notice. It is not for individual case status inquiries. Applicants seeking information about the status of their individual cases can check Case Status Online, available at the USCIS website at <https://www.uscis.gov>, or call the USCIS Contact Center at 800–375–5283 (TTY 800–767–1833).

SUPPLEMENTARY INFORMATION:

Comments

You may access the information collection instrument with instructions

or additional information by visiting the Federal eRulemaking Portal site at: <https://www.regulations.gov> and entering USCIS–2005–0024 in the search box. Comments must be submitted in English, or an English translation must be provided. All submissions will be posted, without change, to the Federal eRulemaking Portal at <https://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <https://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Revision of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Biographic Information (for Deferred Action).

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* G–325A; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Individuals or households. USCIS uses Form G–325A

to collect biographic information from individuals requesting deferred action for certain military service members and their family members, or for non-military deferred action (other than deferred action based on Deferred Action for Childhood Arrivals (DACA), Violence Against Women Act, A-3, G-5 nonimmigrants, and T and U nonimmigrant visas).

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection G-325A is 7,500 and the estimated hour burden per response is 2.31 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The estimated total annual hour burden associated with this collection is 17,325 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$187,500.

Dated: May 22, 2025.

Jerry L. Rigdon,

Acting Chief, Regulatory Coordination Division, Office of Policy and Strategy, U.S. Citizenship and Immigration Services, Department of Homeland Security.

BILLING CODE 9111-97-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[Docket No. FWS-R1-ES-2022-0029; ES1114010000-256-FF01E0000]

Record of Decision for the Final Environmental Impact Statement and Habitat Conservation Plan for the Elliott State Research Forest in Coos and Douglas Counties, Oregon

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; record of decision.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service) announce the availability of a record of decision (ROD) for the issuance of a permit under the Endangered Species Act (ESA) for certain activities at the Elliott State Research Forest supported by a habitat conservation plan (HCP) in Coos and Douglas Counties, Oregon. The ROD documents the Service's decision to issue an incidental take permit (ITP) to the Oregon Department of State Lands (DSL) in response to their permit

application. As summarized in the ROD, the Service has selected the proposed action alternative, which is issuance of an 80-year ITP authorizing take of species listed under the ESA that may occur incidental to research and management activities over the permit term implemented consistent with the HCP.

ADDRESSES: You may obtain copies of the ROD and other documents associated with the decision by any of the following methods:

- **Internet:** <https://www.regulations.gov> (search for Docket No. FWS-R1-ES-2022-0029) or at <https://www.fws.gov/project/elliott-state-research-forest-habitat-conservation-plan>.

- **Phone:** You may call Shauna Everett at 503-231-6949, to request alternative formats of the documents.

FOR FURTHER INFORMATION CONTACT: Shauna Everett, U.S. Fish and Wildlife Office, Oregon Fish and Wildlife Office (see **ADDRESSES**), by telephone at 503-231-6949, or by email at shauna_everett@fws.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the Service, announce the availability of a ROD for the issuance of a permit under section 10(a)(1)(B) of the ESA, as amended (16 U.S.C. 1531 *et seq.*) to the DSL for research and forest management activities on the Elliott State Research Forest, as supported and implemented under DSL's HCP. In compliance with the National Environmental Policy Act of 1969, as amended (NEPA; 42 U.S.C. 4321 *et seq.*), the Service prepared an environmental impact statement (EIS) analyzing effects to the human environment associated with the proposed action and alternatives. The ROD documents the Service's decision to select Alternative 2, the proposed action, which includes issuance of an 80-year ITP authorizing take of the threatened northern spotted owl (*Strix occidentalis caurina*) and threatened marbled murrelet (*Brachyramphus marmoratus*) that may occur incidental to research and management activities in the permit area over the permit term.

The Service and National Marine Fisheries Service (NMFS) make independent decisions regarding authorization for incidental take of the

species under their respective jurisdictions. NMFS's decision regarding authorization of take of the threatened Oregon Coast coho salmon (*Oncorhynchus kisutch*) is not addressed in the Service's ROD.

Background

As described in the HCP, DSL requested authorization for take of the northern spotted owl, marbled murrelet, and Oregon Coast coho salmon (together, the covered species) that may occur incidental to a variety of research and management activities, including forest research treatments, timber removal, forest and species research projects, supporting management activities, supporting infrastructure management, and activities identified in the conservation strategy and monitoring program of the HCP. These activities and the effects on covered species and the human environment are described further in the HCP and final EIS. Measures to minimize and mitigate impacts on covered species are described in the HCP for each species as conservation measures and conditions on covered activities, guided by goals and objectives in the conservation strategy of the HCP. DSL will monitor implementation of these measures for compliance and effectiveness.

The Service published a notice of intent in the **Federal Register** to develop an EIS for this project on May 5, 2022 (87 FR 26778). The Service published a notice of availability (NOA) for the draft EIS on November 18, 2022 (87 FR 69291), followed by an extension of the comment period (December 20, 2022, 87 FR 77877). Next, the Service published an NOA for the final EIS on January 10, 2025 (90 FR 1013). The EIS analyzed the environmental consequences of the proposed action (also described as the preferred alternative), a no action alternative, and two alternatives to the proposed action. All alternatives analyzed in detail include forest management activities (*i.e.*, timber harvest and reforestation, thinning, and supporting management activities and infrastructure); however, the implementation of these activities would vary by alternative, as described in the final EIS.

The Service prepared the draft EIS and final EIS pursuant to the Council on Environmental Quality's (CEQ's) implementing NEPA regulations at 40 CFR 1500-1508, effective as of May 20, 2022 (87 FR 23453; April 20, 2022). On February 25, 2025, in response to President Trump's Executive Order (E.O.) 14154, CEQ issued an interim final rule removing all its NEPA regulations (90 FR 10610, effective April
