Deseret Generation & Transmission Co-operative, Inc.; Notice of Request for Deferral of Effective Date

On May 19, 2025, Deseret Generation & Transmission Co-operative, Inc. (Deseret) filed a request for deferral of the July 12, 2025 effective date of its Open Access Transmission Tariff (Tariff) Attachment T—Transmission Line Ratings accepted by the Commission¹ in compliance with Order Nos. 881 and 881-A.² Deseret requests that the Commission grant an extension of the deadline to implement its Tariff revisions from July 12, 2025 to a future date that aligns with California Independent System Operator Corporation's (CAISO) and the Western Area Power Administration's (Western) ability to integrate Ambient Adjusted Rates (AAR's) into their respective network models. Deseret states that it must work with third-party vendors to design and implement systems that will be compatible with systems in CAISO and Western that are under development and that will not be functional to meet its compliance deadline.

Nevada Power Company; Notice of Motion for Extension of Time To Comply

On May 5, 2025, Nevada Power Company and Sierra Pacific Power Company (together, Nevada Power) filed a motion for extension of time to comply with implementing the requirements of Order No. 881 and Order No. 881-A¹ and the Commission's May 18, 2023 order,² from July 12, 2025, to October 15, 2027. Specifically, Nevada Power requests: an extension of time (1) to test critical vendor programs necessary for Nevada Power's Order No. 881 compliance on its own system and to align compliance with the Order No. 881 integration timelines proposed by California Independent System Operator Corporation (CAISO) for, among other markets, the Western Energy Imbalance Market; (2) to mitigate potential reliability, operational, and market concerns with starting new and minimally tested line ratings during the 2025 and 2026 peak summer loading periods and without full market integration by CAISO; and (3) to ensure there is appropriate time to train Nevada Power staff on the newly implemented programs, and to comply with the documentation requirements of Order No. 881.

Answers to the motion must be filed by 5 p.m. Eastern Time on June 17, 2025.
