

and sheltering habitat via the tear down, enlargement, and reconstruction of a single-family home on a 0.413-ac lot. The parcel is located at 5465 Beach Boulevard in Gulf Shores, Alabama. The applicant proposes to mitigate for the take of ABM through an in-lieu fee of \$3,590.30 to the Alabama Coastal Heritage Trust's ABM conservation fund.

### Our Preliminary Determination

The Service has made a preliminary determination that reasonably foreseeable effects of the applicants' proposed projects, including the construction of a deck with a pool and a single-family home and associated infrastructure (e.g., electric, water, and sewer lines), would have a minor effect on ABM and the human environment. Therefore, we have preliminarily determined that the proposed ESA section 10(a)(1)(B) permit would meet the requirements of the GCP and FEIS.

### Next Steps

The Service will evaluate the application and the comments to determine whether to issue the requested ITP. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the preceding and other matters, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number PER16528606 to Lydia Carpenter and ITP number PER18606066 to Joshua Milligan 1031, LLC.

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

**SUMMARY:** In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Kansas

State Historical Society (KSHS) has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

**DATES:** Repatriation of the human remains and associated funerary objects in this notice may occur on or after September 22, 2025.

**ADDRESSES:** Send written requests for repatriation of the human remains and associated funerary objects in this notice to Dr. Nicole Klarmann, Kansas State Historical Society, 6425 SW 6th Avenue, Topeka, KS 66615-1099, email [kshs.nagpra@ks.gov](mailto:kshs.nagpra@ks.gov).

**SUPPLEMENTARY INFORMATION:** This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the KSHS, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

#### Abstract of Information Available

Human remains representing, at least, 10 individuals have been identified from the Curry site (14GR301) in Greenwood County, KS (UBS 1991-47). The 444 associated funerary objects are stone and shell disc beads, stone and bone tools, non-human bone, and a beaver tooth. These human remains and objects were first removed by the landowner and then by KSHS in 1966. To our knowledge, no known hazardous substances were used to treat any of the human remains or associated funerary objects.

#### Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

#### Determinations

The KSHS has determined that:

- The human remains described in this notice represent the physical remains of 10 individuals of Native American ancestry.
- The 444 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.

- There is a connection between the human remains and associated funerary objects described in this notice and the Nez Perce Tribe; Pawnee Nation of Oklahoma; and the Wichita and Affiliated Tribes (Wichita, Keechi, Waco, & Tawakonie), Oklahoma.

#### Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after September 22, 2025. If competing requests for repatriation are received, the KSHS must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The KSHS is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.

*Authority:* Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.
