

On August 14, 2025, the petitioner² submitted a timely request that Commerce postpone the preliminary determination in this LTFV investigation.³ The petitioner stated that it requested postponement to “allow Petitioner adequate time to analyze and comment on responses and will allow Commerce adequate time to issue supplemental questionnaires and develop a comprehensive record in this investigation that Petitioner can then comment upon in advance of Commerce issuing a preliminary determination”⁴ and to “provide Commerce with the necessary time to analyze Petitioner’s recently submitted sales- and cost-based particular market situation (‘PMS’) allegations in advance of its preliminary determination.”⁵

For the reasons stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determination in this LTFV investigation by 50 days, *i.e.*, 190 days after the date on which this investigation was initiated. As a result, Commerce will issue its preliminary determination no later than November 6, 2025. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

Notification to Interested Parties

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: August 18, 2025.

Fiberglass Door Panels From the People’s Republic of China: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of fiberglass door panels from the People’s Republic of China (China). The period of investigation is January 1, 2024, through December 31, 2024. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable August 21, 2025.

FOR FURTHER INFORMATION CONTACT: Samuel Brummitt or T.J. Worthington, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–7851 or (202) 482–4567, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on April 15, 2025.¹ On May 29, 2025, Commerce postponed the preliminary determination of this investigation and the revised deadline is now August 18, 2025.² For a complete description of the events that followed the initiation of this investigation, *see* the Preliminary Decision Memorandum.³ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public

ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is fiberglass door panels from China. For a complete description of the scope of this investigation, *see* Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce’s regulations,⁴ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage, (*i.e.*, scope).⁵ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. Commerce intends to issue its preliminary decision regarding comments concerning the scope of the less-than-fair-value (LTFV) and countervailing duty (CVD) investigations in the preliminary determination of the companion LTFV investigation. We will incorporate the scope decision from the LTFV investigation into the scope of the final CVD determination for this investigation after considering any relevant comments submitted in scope case and rebuttal briefs.⁶

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.⁷ For a full description of the methodology underlying our preliminary determination, *see* the Preliminary Decision Memorandum.

Commerce notes that, in making these findings, it relied, in part, on facts

⁶ The deadline for interested parties to submit scope case and rebuttal briefs will be established in the preliminary scope decision memorandum accompanying preliminary determination of the LTFV investigation.

⁷ *See* sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

available and, because it finds that certain respondents did not act to the best of their ability to respond to Commerce's requests for information, it drew an adverse inference, where appropriate, in selecting from among the facts otherwise available.⁸ For further information, see the "Use of Facts Otherwise Available and Adverse Inferences" section in the Preliminary Decision Memorandum.

Alignment

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), Commerce is aligning the final CVD determination in this investigation with the final determination in the companion LTFV investigation of fiberglass door panels from China based on a request made by the petitioner.⁹ Consequently, the final CVD determination will be issued on the same date as the final LTFV determination, which is currently scheduled to be issued no later than December 30, 2025, unless postponed.

All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount

equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act. Pursuant to section 705(c)(5)(A)(ii) of the Act, if the individual estimated countervailable subsidy rates established for all exporters and producers individually examined are zero, *de minimis*, or determined based entirely on facts otherwise available, Commerce may use any reasonable method to establish the estimated subsidy rate for all other producers or exporters. In this investigation, Commerce calculated individual estimated countervailable subsidy rates for Dalian Capstone Engineering Co., Ltd. (Dalian Capstone) and Jiangxi Fangda Tech Co., Ltd. (Jiangxi Fangda) that are not zero, *de minimis*, or based entirely on facts otherwise available. Commerce calculated the all-others rate using a weighted average of the individual estimated subsidy rates calculated for the examined respondents using each company's publicly-ranged values for the merchandise under consideration.¹⁰

Rate for Non-Responsive Companies

Six exporters and/or producers of fiberglass door panels from China failed to provide responses to Commerce's

quantity and value questionnaire. We find that, by not responding to Commerce's requests for information, each of these companies withheld requested information and significantly impeded this proceeding. Thus, in reaching our preliminary determination, pursuant to sections 776(a)(2)(A) and (C) of the Act, we are basing the subsidy rate for the non-responsive companies on facts otherwise available.¹¹

We further preliminarily determine that an adverse inference is warranted, pursuant to section 776(b) of the Act. By failing to submit responses to Commerce's questionnaires, the non-responsive companies did not cooperate to the best of their ability in this investigation. Accordingly, we preliminarily find that an adverse inference is warranted to ensure that the non-responsive companies will not obtain a more favorable result than had they fully complied with our requests for information. For more information on the application of adverse facts available to the non-responsive companies, see the "Use of Facts Otherwise Available and Adverse Inferences" section in the Preliminary Determination Memorandum.

Preliminary Determination

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

Company	Subsidy rate (percent <i>ad valorem</i>)
Dalian Capstone Engineering Co., Ltd. ¹²	71.37
Jiangxi Fangda Tech Co., Ltd. ¹³	59.17
Kits Glass (China) Limited	* 921.42
Hebei Charlotte Enterprise Co., Ltd	* 921.42
Lily Industries Co., Ltd	* 921.42
Shanghai Unikey International Trading Co., Ltd	* 921.42
Zhejiang Kuchuan Door Co., Ltd	* 921.42
Zhenshi Group Huamei New Materials Co Ltd	* 921.42
All Others	62.55

^{*} Rate is based on facts available with adverse inferences.

⁸ See sections 776(a) and (b) of the Act.

⁹ See Petitioner's Letter, "Request to Align Countervailing Duty Investigation Final Determination with Antidumping Duty Investigation Final Determination," dated August 13, 2025.

¹⁰ With two respondents under examination, Commerce normally calculates: (A) a weighted-average of the estimated subsidy rates calculated for the examined respondents; (B) a simple average of the estimated subsidy rates calculated for the examined respondents; and (C) a weighted-average of the estimated subsidy rates calculated for the examined respondents using each company's publicly-ranged U.S. sale values for the merchandise under consideration. Commerce then

compares (B) and (C) to (A) and selects the rate closest to (A) as the most appropriate rate for all other producers and exporters. See, e.g., *Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed-Circumstances Review, and Revocation of an Order in Part*, 75 FR 53661, 53662 (September 1, 2010), and accompanying Issues and Decision Memorandum at Comment 1. As complete, publicly-ranged sales data were available, Commerce based the all-others rate on the publicly-ranged sales data of the mandatory respondents. For a complete analysis of the data, see the All-Others Rate Calculation Memorandum.

¹¹ These companies are: (1) Kits Glass (China) Limited; (2) Hebei Charlotte Enterprise Co., Ltd.; (3)

Lily Industries Co., Ltd.; (4) Shanghai Unikey International Trading Co., Ltd.; (5) Zhejiang Kuchuan Door Co., Ltd; and (6) Zhenshi Group Huamei New Materials Co Ltd.

¹² As discussed in the Preliminary Decision Memorandum, Commerce has found the following company to be cross-owned with Dalian Capstone: Qinhuangdao Entrylite Co., Ltd.

¹³ As discussed in the Preliminary Decision Memorandum, Commerce has found the following companies to be cross-owned with Jiangxi Fangda: Jiangxi Hangda Tech Co., Ltd.; Jiangxi Onda Tech Co., Ltd.; and one affiliate whose name is business proprietary. See the Jiangxi Fangda proprietary preliminary calculation memorandum.

Suspension of Liquidation

In accordance with section 703(d)(1)(B) and (d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of fiberglass door panels, as described in the scope of the investigation section, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the rates indicated above.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of its public announcement, or if there is no public announcement, within five days of the date of this notice in accordance with 19 CFR 351.224(b).

Consistent with 19 CFR 351.224(e), Commerce will analyze and, if appropriate, correct any timely allegations of significant ministerial errors by amending the preliminary determination. However, consistent with 19 CFR 351.224(d), Commerce will not consider incomplete allegations that do not address the significance standard under 19 CFR 351.224(g) following the preliminary determination. Instead, Commerce will address such allegations in the final determination together with issues raised in the case briefs or other written comments.

Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination.

Public Comment

All interested parties will have the opportunity to submit scope case and rebuttal briefs on the preliminary decision regarding the scope of the LTFV and CVD investigations. The deadlines to submit scope case and rebuttal briefs will be provided in the preliminary scope decision memorandum accompanying the preliminary determination of the LTFV investigation. For all scope case and rebuttal briefs, parties must file identical documents simultaneously on the records of the ongoing LTFV and CVD investigations. No new factual information or business proprietary information may be included in either scope case or rebuttal briefs.

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and

Compliance no later than seven days after the date on which the last verification report is issued in this investigation. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁴ Interested parties who submit case or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹⁵

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁶ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁷

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants and whether any participant is a foreign national; and (3) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

¹⁴ See 19 CFR 351.309(d); see also *Administrative Protective Order, Service, and Other Procedures in Antidumping and Countervailing Duty Proceedings*, 88 FR 67069, 67077 (September 29, 2023) (*APO and Service Final Rule*).

¹⁵ See 19 CFR 351.309(c)(2) and (d)(2).

¹⁶ We use the term "issue" here to describe an argument that Commerce would normally address in a comment of the Issues and Decision Memorandum.

¹⁷ See *APO and Service Final Rule*.

U.S. International Trade Commission (ITC) Notification

In accordance with section 703(f) of the Act, Commerce will notify the ITC of its determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of fiberglass door panels from China are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act, and 19 CFR 351.205(c).

Dated: August 18, 2025.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation consists of fiberglass door panels, including fiberglass sidelites, whether finished or unfinished, whether assembled or unassembled, whether pre-hung or included in an entry door system. The subject fiberglass door panels consist of at least one fiberglass skin, frames typically made of wood or composite stiles, bottom rails, and top rails, binding materials, including adhesives or fasteners, insulation foam, and may be assembled with glass lites (glass that is ultimately installed in the fiberglass door panel). Fiberglass sidelites (or "sidelights") are typically smaller in width than fiberglass door panels, and consist of at least one fiberglass skin, frames typically made of wood or composite stiles, bottom rails, and top rails, binding materials, including adhesives or fasteners, insulation foam, and may be assembled with glass lites (glass that is ultimately installed in the fiberglass sidelite). Subject merchandise includes fiberglass door panels and sidelites whether the fiberglass skin surface is painted or unpainted, contains or does not contain cut-outs for door components, or assembled or unassembled with glass lites in the door.

Fiberglass door panels and sidelites are covered by the investigation whether they are imported attached to, or in conjunction with door components and accessories (including but not limited to door jambs, door handles, locks, hinges, door stoppers, door kicks, door thresholds, door sills, and trim), in a pre-hung door system, or an entry door system. Subject fiberglass door panels and sidelites are covered whether or not they are accompanied by other parts. However, if a subject fiberglass door panel or sidelite is imported in a pre-hung door system or entry door system, only the fiberglass door panel and sidelite, including when assembled with glass lites or when the glass lites are shipped with the subject merchandise for further assembly, are covered by the scope. Door

components and accessories (including but not limited to transoms, door jambs, door handles, locks, hinges, door stoppers, door kicks, door thresholds, door sills, and trim) are not included in the scope when imported with a fiberglass door panel or sidelite, including when such components or accessories are assembled to a fiberglass door panel or sidelite, or when imported separately. Subject merchandise may be impact-rated to withstand hurricane force wind loads and may be reinforced with steel sheet or plate. Impact-rated doors may be certified to Testing Application Standards (TAS) 201/202/203–94/and American Society for Testing and Materials (ASTM) E330–02/14/M–14, E1886–05/13a/, or E1996–09/14a.

Subject merchandise may be fire-rated for up to 90 minutes and may contain flame retardant composites, including, but not limited to flame retardant foam or mineral core materials, including but not limited to low density calcium silicate. Fire-rated doors generally satisfy the National Fire Protection Association (NFPA) 252 Standard Methods of Fire Tests of Door Assemblies and UL10(b) and (c)-Standard for Safety-Fire Tests of Door Assemblies.

Subject merchandise also includes fiberglass door panels and sidelites that have been processed in a third country, including but not limited to one or more of the following: filling with insulation foam, trimming, cutting, notching, punching, drilling, painting, finishing, assembly, or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the in-scope product. The inclusion of other parts, such as door components and accessories (including but not limited to door jambs, door handles, locks, hinges, door stoppers, door kicks, door thresholds, door sills, and trim) in a third country does not remove the fiberglass door panels and sidelites from the scope.

Excluded from the scope of this investigation are all products covered by the scope of the antidumping duty and countervailing duty orders on wood mouldings and millwork products from the People's Republic of China. *See Wood Mouldings and Millwork Products from the People's Republic of China: Amended Final Antidumping Duty Determination and Antidumping Duty Order*, 86 FR 9486 (February 16, 2021); and *Wood Mouldings and Millwork Products from the People's Republic of China: Countervailing Duty Order*, 86 FR 9484 (February 16, 2021).

Excluded from the scope of this investigation are all products covered by the scope of the antidumping duty and countervailing duty proceedings on float glass products from China. *See Float Glass Products from the People's Republic of China and Malaysia: Initiation of Less-Than-Fair-Value Investigations*, 90 FR 1435 (January 8, 2025); and *Float Glass Products from the People's Republic of China and Malaysia: Initiation of Countervailing Duty Investigations*, 90 FR 1443 (January 8, 2025).

Imports of subject merchandise are classified under Harmonized Tariff Schedule of the United States (HTSUS) statistical number 3925.20.0010. Subject merchandise

may also be classified under 4418.29.4000, 4418.29.8030, 4418.29.8060, or 7019.90.5150. The HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of this investigation is dispositive.
