**SUPPLEMENTARY INFORMATION:** The Gulf, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NMFS and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop, (2) a series of assessment webinars, and (3) A Review Workshop. The product of the Data Workshop is a report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf, South Atlantic, and Caribbean Fishery Management Councils and NMFS Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants

include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the Assessment Webinar IV are as follows:

Participants will review the assessment modelling work to date.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

On January 20, 2025, President Trump issued Executive Order 14172 to rename the Gulf of Mexico as the Gulf of America. Any reference to Gulf of America red snapper in SEDAR reports and other documents refers to the same species of red snapper listed in 50 CFR part 622, Appendix A, Table I (Gulf of Mexico Reef Fish).

**Special Accommodations**

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

**Note:** The times and sequence specified in this agenda are subject to change.

**SUPPLEMENTARY INFORMATION:**

*Title and OMB Number:* Defense Federal Acquisition Regulation Supplement (DFARS), Preventing Conflicts of Interest for Certain Consulting Services; OMB Control Number 0750-0009.

*Type of Request:* New submission.  
*Affected Public:* Businesses or other for-profit and not-for-profit institutions.  
*Respondent's Obligation:* Required to obtain or retain benefits.  
*Frequency:* On Occasion.  
*Number of Respondents:* 9,345.  
*Responses Per Respondent:* Approximately 1.

*Annual Responses:* 9,657.  
*Average Burden Per Response:* 1 hour.  
*Annual Burden Hours:* 9,657.  
*Needs and Uses:* This information collection is necessary to implement

section 812 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2024 (Pub. L. 118–31). Section 812 requires DoD to collect information regarding potential conflicts of interest from any offeror, including any subsidiary or affiliate thereof, proposing to perform work on a DoD contract for certain consulting services.

The solicitation provision at DFARS 252.209–7012, Prohibition Relating to Conflicts of Interest in Consulting Services—Certification, will be included in solicitations assigned a North American Industry Classification System (NAICS) code beginning with 5416, including solicitations using Federal Acquisition Regulation (FAR) part 12 procedures for the acquisition of commercial services, but excluding contracts for commercial products. NAICS codes beginning with 5416 include management, scientific, and technical consulting services.

The solicitation provision at DFARS 252.209–7012 requires offerors to certify whether the offeror, or any of its subsidiaries or its affiliates, hold a contract or subcontract that involves consulting services with one or more covered foreign entities. The term “covered foreign entity” is defined in section 812 of the NDAA for FY 2024 and includes, but is not limited to, the government of the People’s Republic of China and the government of the Russian Federation.

The solicitation provision also requires offerors to certify whether they maintain a conflict-of-interest mitigation plan. If an offeror certifies that it, or any of its subsidiaries or affiliates, hold a contract or subcontract that involves consulting services with one or more covered foreign entities, then to be eligible for award, the offeror would be required to submit to the contracting officer a conflict-of-interest mitigation plan auditable by a contract oversight entity (e.g., the Defense Contract Management Agency).

Contracting officers will use the information provided by offerors to ensure that—

- (1) An offeror does not have contracts or subcontracts that involve consulting services with covered foreign entities;
- (2) The conflict of interest will be mitigated if an offeror has such contracts or subcontracts and is tentatively selected for award; or
- (3) A contract will not be awarded to the offeror.

If a contract is awarded to an offeror with an approved conflict-of-interest mitigation plan, the contracting officer will incorporate the offeror’s conflict-of-interest mitigation plan into the

contract. The plan may be audited by a contract oversight entity.

*DoD Clearance Officer:* Mr. Tucker Lucas. Requests for copies of the information collection proposal should be sent to Mr. Lucas at *whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil*.

### SUPPLEMENTARY INFORMATION:

*Title; Associated Form; and OMB Number:* Disposition of Remains—Reimbursable Basis and Request for Payment of Funeral and/or Interment Expense, DD Forms 2065 and 1375; OMB Control Number 0704–0030.

*Type of Request:* Extension.  
*Number of Respondents:* 2,450.  
*Responses per Respondent:* 1.  
*Annual Responses:* 2,450.  
*Average Burden per Response:* 30 minutes.  
*Annual Burden Hours:* 1,225.

*Needs and Uses:* This collection is needed to support our service members and other federal agencies by providing mortuary services, transportation, funeral and interment, support for deceased dependents of our service members; and transportation and mortuary service support requested by other federal agencies. This also allows the person authorized to direct disposition of our service members’ remains to be reimbursed for authorized expenses incident to death.

The DD Form 2065 records the sponsor’s disposition instructions for the remains and to record the associated cost for necessary services and supplies. If the remains are shipped to the United States, the sponsor will be required to complete and sign DD Form 2065, selecting one of three options. A signed copy of this form will accompany the remains to the port mortuary. The DD Form 2065 is presented to the sponsor by the Casualty Assistance Officer (CAO) who will aid the sponsor in the completion of the DD Form 2065. Once the form is completed, the CAO will return the completed form to Service Casualty Office (SCO). The sponsor will then submit payment to the Army budget office by a vehicle of their choosing. The SCO will then upload the DD Form 2065 in the Defense Casualty Information Processing System (DCIPS). The sponsor is typically a family member of the deceased. The Privacy Act Statement is on the form, and this is how respondents are notified of the appropriate disclosures.

The DD Form 1375 is the form on which payment of interment allowance will be requested. The DD Form 1375 is presented to the sponsor by the CAO who will aid the sponsor in the completion of the DD Form 1375. The sponsor is typically a family member of the deceased. Once the form is completed the CAO will return the completed form to the SCO. The claim must be signed by the claimant and include all documents e.g., receipts for services performed or paid for. The Military Service will then adjudicate the claim and process the payment to the sponsor. The Military Service will upload the DD Form 1375 claim packet into DCIPS. The Privacy Act Statement is on the form, and this is how respondents are notified of the appropriate disclosures.

*Affected Public:* Individuals or households.

*Frequency:* As required.

*Respondent’s Obligation:* Voluntary.
