

information collection should also be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). You can find this information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

You may review comments and other related materials that pertain to this information collection following the close of the 30-day comment period for this notice by the method set forth in the next bullet.

- *Viewing Comments Electronically:* Go to [www.reginfo.gov](http://www.reginfo.gov). Hover over the “Information Collection Review” tab and click on “Information Collection Review” from the drop-down menu. From the “Currently under Review” drop-down menu, select “Department of Treasury” and then click “submit.” This information collection can be located by searching OMB control number “1557–0236” or “Survey of OCC-Supervised Community Banks.” Upon finding the appropriate information collection, click on the related “ICR Reference Number.” On the next screen, select “View Supporting Statement and Other Documents” and then click on the link to any comment listed at the bottom of the screen.

- For assistance in navigating [www.reginfo.gov](http://www.reginfo.gov), please contact the Regulatory Information Service Center at (202) 482–7340.

**FOR FURTHER INFORMATION CONTACT:** Shaquita Merritt, Clearance Officer, (202) 649–5490, Chief Counsel’s Office, Office of the Comptroller of the Currency, 400 7th Street SW, Washington, DC 20219. If you are deaf, hard of hearing, or have a speech disability, please dial 7–1–1 to access telecommunications relay services.

**SUPPLEMENTARY INFORMATION:** Under the PRA (44 U.S.C. 3501 *et seq.*), Federal agencies must obtain approval from the OMB for each collection of information that they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The OCC asks the OMB to extend its approval of the collection in this notice.

*Title:* Survey of OCC-Supervised Community Banks.

*OMB Control No.:* 1557–0236.

*Type of Review:* Regular.

*Affected Public:* Businesses or other for-profit.

*Description:* The OCC has a continuing commitment to assess its efforts to provide support and technical

assistance to OCC-supervised national banks and Federal savings associations (community banks) that primarily serve the communities in which they are located. To perform this assessment, it is necessary to obtain from community banks feedback on the effectiveness of the OCC’s current efforts and suggestions for enhancing its supervisory efforts and assistance. Previously, the OCC limited the scope of its survey to a specific subset of community banks. The OCC is revising this information collection to remove this subset limitation. This revision provides the OCC with flexibility in administering the survey and enables the agency to determine which community banks to survey each year considering various factors such as specific business models.

Using the Survey of OCC-Supervised Community Banks, the OCC will collect non-generalizable information about customer satisfaction. The OCC will use this information to assess the needs of the community banks surveyed and its current efforts to address those needs. This information will enable the OCC to focus and enhance its supervisory, training, and outreach activities with respect to community banks.

#### Estimated Burden

*Estimated Frequency of Response:* Annually.

*Estimated Number of Respondents:* 827.

*Estimated Responses per Respondent:* 1.

*Estimated Number of Hours per Response:* 2 hours.

*Estimated Total Annual Burden:* 1,654 hours.

*Comments:* On June 9, 2025, the OCC published a 60-day notice for this information collection, (90 FR 24313). No comments were received.

Comments continue to be invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) The accuracy of the OCC’s estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation,

and purchase of services to provide information.

## DEPARTMENT OF THE TREASURY

### Internal Revenue Service

#### Publication of Inflation Adjustment Factor and Applicable Amounts for Clean Electricity Production Credit for Calendar Year 2025

**AGENCY:** Internal Revenue Service (IRS), Treasury.

**ACTION:** Notice of publication.

**SUMMARY:** The 2025 inflation adjustment factor and applicable amounts are used in calculating the amount of the clean electricity production credit allowable under section 45Y (section 45Y credit) of the Internal Revenue Code (Code), which are required by law to be published in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** Kevin I. Babitz, CC:ECE:2, Internal Revenue Service, 1111 Constitution Avenue NW, Washington, DC 20224, (202) 317–5046 (not a toll-free number).

#### SUPPLEMENTARY INFORMATION:

This notice sets forth the 2025 inflation adjustment factor and applicable amounts used to determine the amount of the section 45Y credit that apply to calendar year 2025 sales, consumption, or storage of electricity produced in the United States or a possession thereof at a qualified facility. The contents of this notice will be republished in the Internal Revenue Bulletin (see 26 CFR 601.601(d)(2)).  
*Inflation Adjustment Factor:* The inflation adjustment factor for calendar year 2025 for purposes of the section 45Y credit is 1.9971.

*Section 45Y Credit:* Section 45Y was added to the Code by section 13701(a) of Public Law 117–169, 136 Stat. 1818, 1982 (August 16, 2022), commonly known as the Inflation Reduction Act of 2022, to provide an income tax credit for producing electricity at a qualified facility.

Section 45Y(a)(1) provides that, for purposes of section 38 of the Code, the section 45Y credit for any taxable year is an amount equal to the product of (1) the kilowatt hours of electricity produced by the taxpayer during such taxable year at a qualified facility (described in section 45Y(b)), and either (i) sold by the taxpayer to an unrelated person during the taxable year, or (ii) in

the case of a qualified facility which is equipped with a metering device which is owned and operated by an unrelated person, sold, consumed, or stored by the taxpayer during the taxable year, multiplied by (2) the applicable amount with respect to such qualified facility.

For purposes of the applicable amount used in calculating the section 45Y credit, section 45Y(a)(2) provides a base amount and a higher alternative amount. Section 45Y(a)(2)(A) provides that, subject to section 45Y(g)(7) (providing an increase in credit for qualified facilities located in an energy community), the applicable amount will be the base amount of 0.3 cents in the case of a qualified facility that does not satisfy the requirements for the alternative amount. Section 45Y(a)(2)(B) provides that, subject to section 45Y(g)(7), the applicable amount will be the alternative amount of 1.5 cents in the case of any qualified facility (1) with a maximum net output of less than 1 megawatt (as measured in alternating current), (2) the construction of which begins prior to the date that is 60 days after the Secretary of the Treasury or the Secretary's delegate (Secretary) publishes guidance on the requirements of section 45Y(g)(9) (wage requirements) and section 45Y(g)(10) (apprenticeship requirements),<sup>1</sup> or (3) that satisfies section 45Y(g)(9) and, with respect to the construction of such facility, satisfies section 45Y(g)(10).

Section 45Y(c)(1) provides for an inflation adjustment for both the base and alternative amounts. Section 45Y(c)(1) provides that, in the case of a calendar year beginning after 2024, the

0.3 cent amount in section 45Y(a)(2)(A) and the 1.5 cent amount in section 45Y(a)(2)(B) will each be adjusted by multiplying such amount by the inflation adjustment factor for the calendar year in which the sale, consumption, or storage of the electricity occurs. If the 0.3 cent amount as adjusted for inflation is not a multiple of 0.05 cent, such amount is rounded to the nearest multiple of 0.05 cent. If the 1.5 cent amount as adjusted for inflation is not a multiple of 0.1 cent, such amount is rounded to the nearest multiple of 0.1 cent.

Section 45Y(c)(2) requires the Secretary to determine and publish in the **Federal Register** each calendar year the inflation adjustment factor for such calendar year.

Section 45Y(c)(3) defines the term *inflation adjustment factor* as, with respect to a calendar year, a fraction, the numerator of which is the GDP implicit price deflator for the preceding calendar year and the denominator of which is the GDP implicit price deflator for the calendar year 1992. The term *GDP implicit price deflator* means the most recent revision of the implicit price deflator for the gross domestic product as computed and published by the Department of Commerce before March 15 of the calendar year.

*Inflation Adjustment Factor for Calendar Year 2025:* For purposes of section 45Y(c)(1), for sales, consumption, or storage of electricity occurring in calendar year 2025, the inflation adjustment factor is a fraction, the numerator of which is the GDP implicit price deflator for 2024 (125.234) and the denominator of which is the GDP implicit price deflator for 1992 (62.707), which yields an inflation adjustment factor of 1.9971. Accordingly, the inflation adjustment factor for calendar year 2025 for purposes of the section 45Y credit is 1.9971.

*Applicable Amounts for Calendar Year 2025:* Under the calculation required by section 45Y(c)(1), for sales, consumption, or storage of electricity occurring in calendar year 2025, the applicable amount provided in section 45Y(a)(2)(A) is 0.6 cents (or \$0.006). For sales, consumption, or storage of electricity occurring in calendar year 2025, the applicable amount provided in section 45Y(a)(2)(B) is 3 cents (or \$0.03).

(Authority: Section 45Y(c)(2) of the Internal Revenue Code (26 U.S.C. 45Y(c)(2)).)

**Stephanie N. Bland,**

*Deputy Associate Chief Counsel, (Energy, Credits, and Excise Tax).*
