### SUPPLEMENTARY INFORMATION:

#### A. Purpose

The SF–SAC form is used to collect information required under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR part 200, subpart F). Auditees that expend \$750,000 or more in Federal awards in a fiscal year must submit the SF–SAC along with their Single Audit reporting package to the FAC.

This proposed revision includes:

1. An optional resubmission pathway, with fields for resubmission type, reason, and report ID.

2. Optional structured fields within each audit finding to capture questioned costs (known and likely), criteria, condition, cause, effect, recommendation, and response. These elements are typically included in narrative text; this change allows, but does not require, auditors to enter them in separate fields for improved clarity and data usability.

3. New Yes/No fields in the FAC webform to capture audit-level disclosures of known fraud, likely fraud, whether a summary schedule of prior audit findings is included, and whether significant instances of abuse are disclosed, consistent with 2 CFR 200.516(b)(5)–(7).

#### B. Annual Reporting Burden

**Respondents:** 90,000 (45,000 auditees and 45,000 auditors).
