

process or a fabrication process (e.g., welding) and may include a ceramic refractory coating, heat treatment or various finishes in order to handle high temperature slag. Slag pots may contain integral features or attachments including (1) legs (or a stand) and (2) pivotal mounting hooks or brackets. Legs (or a stand) are a fixed or detachable support structure which allows the slag pot to be securely positioned upright on a surface when not being lifted or transported and may also keep the slag pot off the ground and allow for air cooling. The pivotal mounting hooks and brackets are specialized attachment points (such as lifting lugs or trunnions) that allow the slag pot to be securely lifted and transported by a crane or lifting device, or that enable the slag pot to swing or rotate while remaining attached to the lifting mechanism. The merchandise covered by this investigation includes all aforementioned attachments of a fully assembled slag pot, regardless of whether shipped assembled or unassembled.

Slag pots are included within the scope whether finished or unfinished, whether imported individually or with other subject or non-subject merchandise, or whether assembled with attachments or unassembled. Finishing includes, but is not limited to, arc washing, welding, grinding, shot blasting, heat treatment, machining, and assembly of various parts.

The country of origin for slag pots whether fully assembled, unfinished or finished, is the country where the slag pot was cast or forged. Subject merchandise includes slag pots that have been further processed or further assembled in a third country. Further processing and further assembly include, but is not limited to, arc washing, welding, grinding, shot blasting, heat treatment, painting, coating, priming, machining, and assembly of attachments.

Slag pots subject to the investigation are specified within the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7309.00.0090 and 8454.20.0080. The slag pot attachments covered by the scope of this investigation may enter under HTSUS subheadings 7316.00.0000, 7325.10.0080, 7325.99.1000, 7325.99.5000, and 7326.19.0080. The HTSUS subheading is provided for convenience and customs purposes only. The written description of the scope of the investigation is dispositive.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A–570–207]

#### Polypropylene Corrugated Boxes From the People’s Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) preliminarily determines that polypropylene corrugated boxes (corrugated boxes) from the People’s Republic of China (China) is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is July 1, 2024, through December 31, 2024. Interested parties are invited to comment on this preliminary determination.

**DATES:** Applicable August 28, 2025.

**FOR FURTHER INFORMATION CONTACT:** Dan Alexander, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4313.

#### SUPPLEMENTARY INFORMATION:

##### Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation in the *Federal Register* on April 14, 2025.<sup>1</sup>

For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.<sup>2</sup> A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

##### Scope of the Investigation

The product covered by this investigation is corrugated boxes from China. For a complete description of the

scope of this investigation, see Appendix I.

##### Scope Comments

In accordance with the preamble to Commerce’s regulations,<sup>3</sup> the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (i.e., scope).<sup>4</sup> No interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. Thus, Commerce is not preliminarily modifying the scope language as it appeared in the *Initiation Notice*. See Appendix I.

##### Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Furthermore, pursuant to sections 776(a) and (b) of the Act, Commerce preliminarily has relied upon facts otherwise available, with adverse inferences (AFA), for the China-wide entity. For a full description of the methodology underlying Commerce’s preliminary determination, see the Preliminary Decision Memorandum.

##### Combination Rates

In the *Initiation Notice*,<sup>5</sup> Commerce stated that it would calculate producer/exporter combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.<sup>6</sup> In this case, because no respondent qualified for a separate rate, producer/exporter combination rates were not calculated.

##### Preliminary Determination

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist:

<sup>3</sup> See *Antidumping Duties; Countervailing Duties, Final Rule*, 62 FR 27296, 27323 (May 19, 1997).

<sup>4</sup> See *Initiation Notice*.

<sup>5</sup> See *Initiation Notice*, 89 FR at 87549.

<sup>6</sup> See Enforcement and Compliance’s Policy Bulletin No. 05.1, regarding, “Separate-Rates Practice and Application of Combination Rates in Antidumping Investigations Involving Non-Market Economy Countries,” (April 5, 2005) (Policy Bulletin 05.1), available on Commerce’s website at <https://enforcement.trade.gov/policy/bull05-1.pdf>.

<sup>1</sup> See *Polypropylene Corrugated Boxes from the People’s Republic of China and the Socialist Republic of Vietnam: Initiation of Less-Than-Fair-Value Investigations*, 90 FR 15544 (April 14, 2025) (*Initiation Notice*).

<sup>2</sup> See Memorandum, “Decision Memorandum for the Preliminary Determination in the Less-Than-Fair-Value Investigation of Polypropylene Corrugated Boxes from the People’s Republic of China,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

Producer/exporter	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset) (percent)
China-wide Entity .....	* 83.64	73.10

\* Rate based on facts available with adverse inferences.

**Suspension of Liquidation**

In accordance with section 733(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of subject merchandise as described in the Scope of the Investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**, as discussed below. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the weighted average amount by which normal value exceeds U.S. price, as indicated in the chart above.

To determine the cash deposit rate, Commerce normally adjusts the estimated weighted-average dumping margin by the amount of domestic subsidy pass-through and export subsidies determined in a companion countervailing duty (CVD) proceeding when CVD provisional measures are in effect. Accordingly, where Commerce has made a preliminary affirmative determination for domestic subsidy pass-through or export subsidies, Commerce has offset the calculated estimated weighted-average dumping margin by the appropriate rate. Any such adjusted rates may be found in the ‘‘Preliminary Determination’’ section’s chart of estimated weighted-average dumping margins above.

Should provisional measures in the companion CVD investigation expire prior to the expiration of provisional measures in this LTFV investigation, Commerce will direct CBP to begin collecting cash deposits at a rate equal to the estimated weighted-average dumping margin calculated in this preliminary determination unadjusted for the passed-through domestic subsidies or for export subsidies at the time the CVD provisional measures expire.

These suspension of liquidation instructions will remain in effect until further notice.

**Disclosure**

Normally, Commerce discloses to interested parties the calculations performed in connection with a

preliminary determination within five days of its public announcement or, if there is no public announcement, within five days of the date of publication of the notice of preliminary determination in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce preliminarily applied total AFA to the China-wide entity in this investigation, in accordance with section 776 of the Act, and the applied AFA rate is based solely on the petition, there are no calculations to disclose.

**Verification**

Because no company responded to Commerce’s quantity and value questionnaire, we were unable to select mandatory respondents. Therefore, verification will not be conducted.

**Public Comment**

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than 30 days after the date of publication of the preliminary determination.<sup>7</sup> Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.<sup>8</sup> Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.<sup>9</sup>

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.<sup>10</sup> Further, we request that

interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).<sup>11</sup>

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain: (1) the party’s name, address, and telephone number, (2) the number of participants, and whether any participant is a foreign national, and (3) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined.

**Final Determination**

Section 735(a)(1) of the Act and 19 CFR 351.210(b)(1) provide that Commerce will issue the final determination within 75 days after the date of its preliminary determination. Accordingly, Commerce will make its final determination no later than 75 days after the signature date of this preliminary determination.

**U.S. International Trade Commission Notification**

In accordance with section 733(f) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of its preliminary determination of sales at LTFV. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination

in a comment of the Issues and Decision Memorandum.

<sup>11</sup> See APO and Service Final Rule.

<sup>7</sup> See 19 CFR 351.309(c)(1)(i); see also 19 CFR 351.303 (for general filing requirements).

<sup>8</sup> See 19 CFR 351.309(d); see also *Administrative Protective Order, Service, and Other Procedures in Antidumping and Countervailing Duty Proceedings*, 88 FR 67069, 67077 (September 29, 2023) (APO and Service Final Rule).

<sup>9</sup> See 19 CFR 351.309(c)(2) and (d)(2).

<sup>10</sup> We use the term ‘‘issue’’ here to describe an argument that Commerce would normally address

whether imports of the subject merchandise are materially injuring, or threaten material injury to, the U.S. industry.

### Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: August 25, 2025.

**Abdelali Elouaradia,**

*Deputy Assistant Secretary for Enforcement and Compliance.*

### Appendix I

#### Scope of the Investigation

The merchandise covered by this investigation is polypropylene corrugated boxes. Polypropylene corrugated boxes are boxes, bins, totes, or other load-bearing containers made for holding goods, that are made of corrugated polypropylene sheets, also known as polypropylene hollow core sheets, polypropylene fluted sheets, polypropylene twin wall sheets, or multi wall sheets. Such polypropylene sheets are “corrugated,” “fluted,” or “hollow core,” meaning the inside of the sheet contains channels or pockets of air which make the sheets lightweight, while retaining strength and durability. Polypropylene corrugated boxes are typically produced from a plastic resin consisting of 50 percent or more polypropylene. Polypropylene corrugated boxes are covered by the scope irrespective of the particular mix of polypropylene homo-polymer, polypropylene co-polymer, recycled or virgin polypropylene, or ancillary chemicals such as electrostatic agents or flame retardants. Polypropylene corrugated boxes are formed by corrugated polypropylene sheets cut to length, die-cut into specific box shapes, and may be cut or scored to allow each side of the box to be folded into shape. Polypropylene corrugated boxes may include a tab or attached portion of polypropylene corrugated sheet (commonly referred to as a “manufacturer’s joint”) that has been cut, slotted, or scored to facilitate the formation of the box by stapling, gluing, welding, or taping the sides together to form a tight seal. One-piece polypropylene corrugated boxes are die-cut or otherwise formed so that the top, bottom, and sides form a single, contiguous unit. Two-piece polypropylene corrugated boxes are those with a folded bottom and a folded top as separate pieces. Multi-piece polypropylene corrugated boxes are those with separate bottoms and tops that are fitted to a single folded piece comprising the sides of the box. Polypropylene corrugated boxes may be printed with ink or digital designs.

The subject merchandise includes polypropylene corrugated boxes with or without handles, with or without lids or tops, with or without reinforcing wire, whether in a one-piece, two-piece, or multi-piece configuration, and whether folded into shape or in an unfolded form. The subject merchandise includes all polypropylene corrugated boxes regardless of size, shape, or dimension. The subject merchandise also

includes polypropylene corrugated box lids or tops when imported separately from polypropylene corrugated boxes.

The products subject to this investigation are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under statistical reporting number 3923.10.9000. Although the HTSUS statistical reporting number is provided for convenience and customs purposes, the written description of the merchandise is dispositive.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A–570–196]

#### Slag Pots From the People’s Republic of China: Final Affirmative Determination of Sales at Less Than Fair Value

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) determines that slag pots from the People’s Republic of China (China) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is April 1, 2024, through September 30, 2024.

**DATES:** Applicable August 28, 2025.

**FOR FURTHER INFORMATION CONTACT:** George McMahon, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1167.

#### SUPPLEMENTARY INFORMATION:

##### Background

On June 17, 2025, Commerce published its *Preliminary Determination* in the **Federal Register**.<sup>1</sup> We invited

<sup>1</sup> See *Slag Pots from the People’s Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value*, 90 FR 25584 (June 17, 2025) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum (PDM).

interested parties to comment on our *Preliminary Determination*; however, no parties submitted comments. Because no interested parties submitted comments, we have adopted our *Preliminary Determination* as the final determination. Accordingly, no decision memorandum accompanies this **Federal Register** notice.

#### Scope of the Investigation

The products covered by this investigation are slag pots from China. For a complete description of the scope of this investigation, see the appendix to this notice.

#### Scope Comments

In the Preliminary Scope Memorandum, we set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope) in scope-specific case or other written comments on scope issues.<sup>2</sup> We received no comments from interested parties on the scope of the investigation as it appeared in the Preliminary Scope Memorandum. Therefore, we made no changes to the scope of the investigation.<sup>3</sup>

#### Verification

Because no companies in this investigation demonstrated eligibility for a separate rate, Commerce determined that all companies are part of the China-wide entity; therefore, no verification was conducted.

#### China-Wide Entity and Use of Adverse Facts Available

Consistent with the *Preliminary Determination*,<sup>4</sup> Commerce continues to find, pursuant to sections 776(a) and (b) of the Tariff Act of 1930, as amended (the Act), that the use of facts otherwise available, with adverse inferences, is warranted in determining the dumping rate for the China-wide entity. Thus, in this final determination, as adverse facts available (AFA), we continue to assign a rate of 294.43 percent, which is the highest margin alleged in the Petition,<sup>5</sup> to the China-wide entity.<sup>6</sup>

<sup>2</sup> See Memorandum, “Preliminary Scope Decision Memorandum,” dated March 27, 2025 (Preliminary Scope Memorandum), at 3.

<sup>3</sup> *Id.* at Appendix.

<sup>4</sup> See *Preliminary Determination*, 90 FR at 25584; see also *Preliminary Determination* PDM at 6–10.

<sup>5</sup> See *Slag Pots from the People’s Republic of China: Initiation of Less-Than-Fair-Value Investigation*, 90 FR 8276, 8279 (January 28, 2025) (*Initiation Notice*); see also Checklist, “Antidumping Duty Investigation Initiation Checklist: Slag Pots from the People’s Republic of China,” dated January 21, 2025 (Initiation Checklist) at 7.

<sup>6</sup> The China-wide entity includes: (1) Chaeng Great Wall Casting Co., Ltd.; (2) Chaugzhou Jinyuan Machinery Equipment Ltd. Co.; (3) China Minmetals Corporation; (4) Dawang Metals Co. Ltd.;
