A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered species for scientific purposes that promote recovery or for enhancement of propagation or survival of the species. Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Applications Available for Review and Comment

The ESA requires that we invite public comment before issuing these permits. Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to these applications. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies. Proposed activities in the following permit requests are for the recovery and enhancement of propagation or survival of the species in the wild.

DEPARTMENT OF JUSTICE

[CPCLO Order No. 03–2025]

Privacy Act of 1974; Systems of Records

AGENCY: Executive Office for Immigration Review, United States Department of Justice.

ACTION: Notice of a modified system of records. System of records notice republished in full.

SUMMARY: Pursuant to the Privacy Act of 1974 and Office of Management and Budget (OMB) Circular No. A–108, notice is hereby given that the Executive Office for Immigration Review (EOIR), a component within the United States Department of Justice (DOJ or Department), proposes to modify a system of records notice, JUSTICE/EOIR–001, previously titled “Records and Management Information System” and now retitled as “Adjudication and Appeal Records of the Office of the Chief Immigration Judge and Board of Immigration Appeals.” EOIR proposes this update and reissuance to notify the public of the expanded functionality of this system of records, which now includes new types of electronic records, as well as records previously covered by the Decisions of the Board of Immigration Appeals system of records, JUSTICE/BIA–001. This system of records will also adopt new and modified routine uses to better reflect the operation of the system.

DATES: In accordance with 5 U.S.C. 552a(e)(4) and (11), this notice is effective upon publication, subject to a 30-day period in which to comment on the routine uses, described below. Therefore, please submit any comments by September 29, 2025.

ADDRESSES: The public, OMB, and Congress are invited to submit any comments: by mail to the United States Department of Justice, Office of Privacy and Civil Liberties, ATTN: Privacy Analyst, Two Constitution Square, 145 N St. NE, Suite 8W–300, Washington, DC 20530; by facsimile at 202–307–0693; or by email at privacy.compliance@usdoj.gov. To ensure proper handling, please reference the above CPCLO Order No. on your correspondence.

FOR FURTHER INFORMATION CONTACT: Justine Fuga, Senior Component Official for Privacy, Office of the General Counsel; Executive Office for Immigration Review, 5107 Leesburg Pike, Suite 2600, Falls Church, VA 22041; Justine.Fuga@usdoj.gov; EOIR.Privacy.Intake@usdoj.gov.

SUPPLEMENTARY INFORMATION: EOIR is modifying this system of records, Adjudication and Appeal Records of the Office of the Chief Immigration Judge and Board of Immigration Appeals, JUSTICE/EOIR–001, to account for changes in the character, format, and routine uses of records in this system of records that have occurred since EOIR published the last system of records notice (SORN) for it on May 11, 2004. To clarify the scope of this system of records, EOIR is changing the title of this system from “Records and Management Information System” to “Adjudication and Appeal Records of the Office of the Chief Immigration Judge and Board of Immigration Appeals.” This new title is intended to clarify that JUSTICE/EOIR–001 primarily pertains to a subset of EOIR records used to process, track, and adjudicate immigration proceedings before the Office of the Chief Immigration Judge (OCIJ) and the Board of Immigration Appeals (Board).

EOIR is modifying this system of records to include electronic records that are part of the record of proceedings in cases adjudicated by OCIJ and the Board. Since 2018, OCIJ and the Board have generally used two electronic case management systems, the Case Access System for EOIR (CASE) and the EOIR Courts and Appeals System (ECAS), to generate, process, and maintain the electronic records in this system of records. CASE is an internal, web-based electronic case management system and database of immigration case information for OCIJ and the Board, designed to internally manage all aspects of an immigration proceeding and serve as an official data repository for immigration case data. ECAS is a suite of internal and public-facing, web-based applications to manage electronic
