Certain Corrosion-Resistant Steel Products From the Socialist Republic of Vietnam: Final Affirmative Countervailing Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that countervailable subsidies are being provided to producers and exporters of certain corrosion-resistant steel products (CORE) from the Socialist Republic of Vietnam (Vietnam) during the period of investigation (POI), January 1, 2023, through December 31, 2023.

DATES: Applicable August 29, 2025.

FOR FURTHER INFORMATION CONTACT: Ted Pearson, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2631.

SUPPLEMENTARY INFORMATION:

Background

On February 10, 2025, Commerce published in the **Federal Register** the *Preliminary Determination* and invited interested parties to comment.¹ On June 10, 2025, Commerce issued a post-preliminary analysis.² Because Commerce aligned the deadline for the final determination in this countervailing duty (CVD) investigation with the deadline for the final determination in the companion less-than-fair-value (LTFV) investigation of CORE from Vietnam, the deadline for this final CVD determination is now August 25, 2025.³

For a complete description of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, see the Issues and Decision Memorandum.⁴ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized

¹ See *Certain Corrosion-Resistant Steel Products from the Socialist Republic of Vietnam: Preliminary Affirmative Countervailing Duty Determination, and Alignment of Final Determination With Antidumping Duty Determination*, 90 FR 9235 (February 10, 2025) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum.

² See Memorandum, “Post-Preliminary Analysis,” dated June 10, 2025 (Post-Preliminary Analysis).

³ See *Preliminary Determination*, 90 FR 9235; see also *Certain Corrosion-Resistant Steel Products From the Socialist Republic of Vietnam: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures*, 90 FR 15343, 15345 (April 10, 2025).

⁴ See Memorandum, “Issues and Decision Memorandum for the Final Affirmative Determination in the Countervailing Duty Investigation of Certain Corrosion-Resistant Steel Products from the Socialist Republic of Vietnam,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is CORE from Vietnam. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In the Preliminary Scope Memorandum, we set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope) in scope-specific case briefs or other written comments.⁵ We received scope case and rebuttal briefs from multiple interested parties. For a summary of the product coverage comments and rebuttal responses submitted to the record for this final determination, and accompanying discussion and analysis of all comments timely received, see the Final Scope Memorandum.⁶ In the Final Scope Memorandum, Commerce made no changes to the scope language as it appeared in the *Initiation Notice*.⁷ See Appendix I.

Verification

Commerce conducted verification of the information relied upon in making its final determination in this investigation, in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act). Specifically, we conducted on-site verifications of the subsidy information reported by Hoa Sen Group (HSG) and Ton Dong A

⁵ See Memorandum, “Less-Than-Fair-Value Investigations of Certain Corrosion-Resistant Steel Products from Australia, Brazil, Canada, Mexico, the Netherlands, South Africa, Taiwan, the Republic of Türkiye, the United Arab Emirates, and the Socialist Republic of Vietnam, and Countervailing Duty Investigations of Certain Corrosion-Resistant Steel Products from Brazil, Canada, Mexico, and the Socialist Republic of Vietnam: Preliminary Scope Decision Memorandum,” dated April 3, 2025 (Preliminary Scope Memorandum).

⁶ See Memorandum, “Less-Than-Fair-Value Investigations of Certain Corrosion-Resistant Steel Products from Australia, Brazil, Canada, Mexico, the Netherlands, South Africa, Taiwan, the Republic of Türkiye, the United Arab Emirates, and the Socialist Republic of Vietnam, and Countervailing Duty Investigations of Certain Corrosion-Resistant Steel Products from Brazil, Canada, Mexico, and the Socialist Republic of Vietnam: Final Scope Decision Memorandum,” dated concurrently with this notice (Final Scope Memorandum).

⁷ See *Certain Corrosion-Resistant Steel Products from Brazil, Canada, Mexico, and the Socialist Republic of Vietnam: Initiation of Countervailing Duty Investigations*, 89 FR 80204 (October 2, 2024) (*Initiation Notice*).

Corporation (TDA) in May 2025 using standard verification procedures, including an examination of relevant sales and accounting records, and original source documents provided by HSG and TDA.⁸

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation, and the issues raised in the case and rebuttal briefs that were submitted by parties in this investigation, are discussed in the Issues and Decision Memorandum. For a list of the issues raised by parties, and to which we responded in the Issues and Decision Memorandum, see Appendix II.

Changes Since the Preliminary Determination

Based on our review and analysis of the information received during verification, our post-preliminary analysis, and comments received from parties, for this final determination, we made certain changes to the countervailable subsidy rate

calculations for HSG, TDA, and for all other producers/exporters. For a discussion of these changes, see the Issues and Decision Memorandum.

Methodology

Commerce conducted this investigation in accordance with section 701 the Act. For each of the subsidy programs found to be countervailable, Commerce determines that there is a subsidy, i.e., a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.⁹ For a full description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

In making this final determination, Commerce relied, in part, on facts available, including adverse facts available (AFA), pursuant to sections 776(a) and (b) of the Act. For a full discussion of our application of AFA, see the section “Use of Facts Otherwise Available and Application of Adverse Inferences” in the Issues and Decision Memorandum.

All-Others Rate

Pursuant to section 705(c)(5)(A)(i) of the Act, Commerce will determine an all-others rate equal to the weighted average countervailable subsidy rates established for those exporters and/or producers individually investigated, excluding any zero and *de minimis* countervailable subsidy rates, and any rates based entirely under section 776 of the Act. In this investigation, Commerce calculated a total subsidy rate for HSG that is *de minimis*. Therefore, the only rate that is not zero, *de minimis*, or based entirely on facts otherwise available is the rate calculated for TDA. Consequently, the rate calculated for TDA is also assigned as the rate for all other producers and exporters.

Final Determination

Commerce determines that the following estimated countervailable subsidy rates exist for the period January 1, 2023, through December 31, 2023:

Company	Subsidy rate (percent <i>ad valorem</i>)
Hoa Sen Group ¹⁰	0.30 (<i>de minimis</i>).
Ton Dong A Corporation	1.29.
190 Steel Pipe Co Ltd.	257.83*.
Vietnam Steel Pipe Co., Ltd	257.83*.
Vina One Steel Manufacturing Corporation	257.83*.
VNSTEEL—Thang Long Coated Sheets Joint Stock Company	257.83*.
VNSTEEL—Vietnam Steel Corp	257.83*.
All Others ¹¹	1.29.

* Rate based on facts available with adverse inferences.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this final determination within five days of its public announcement, or if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

As a result of our *Preliminary Determination*, and pursuant to sections 703(d)(1)(B) and (d)(2) of the Act, we instructed U.S. Customs and Border Protection (CBP) to collect cash deposits

and suspend liquidation of entries of CORE, as described in the scope of the investigation section, that were entered, or withdrawn from warehouse, for consumption on or after February 10, 2025, the date of publication of the *Preliminary Determination* in the **Federal Register** for entries produced and/or exported by the non-responsive companies and all other producers and exporters. In accordance with section 703(d) of the Act, we instructed CBP to discontinue the suspension of liquidation of all entries of CORE entered or withdrawn from warehouse on, or after, June 10, 2025, but to continue the suspension of liquidation of all entries of CORE between February

10, 2025, and June 9, 2025. Because the subsidy rates for HSG and TDA were zero and *de minimis* at the *Preliminary Determination*, respectively, Commerce directed CBP not to suspend liquidation of entries of the merchandise from these companies.

However, because the final subsidy rate for TDA is above *de minimis*, in accordance with section 705(c)(1)(C) of the Act, we are directing CBP to suspend liquidation of all entries of subject merchandise produced and/or exported by TDA that are entered, or withdrawn from warehouse, for consumption on or after the date of the publication of this notice in the **Federal Register** and to require a cash deposit

⁸ See Memorandum, “Verification of Hoa Sen Group,” dated June 9, 2025; see also Memorandum, “Verification of Ton Dong A Corporation,” dated June 9, 2025.

⁹ See sections 771(5)(B) and (D) of the Act regarding financial contribution; see also section

771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

¹⁰ We find HSG to be cross-owned with the following companies: Hoa Sen Nghe An One Member Limited Liabilities Company; Hoa Sen Nhon Hoi—Binh Dinh One Member Limited

Liability Company; Hoa Sen Phu My One Member Limited Liabilities; and Hoa Sen Steel One Member Company Limited.

¹¹ We note that (1) Vietnam Germany Steel JSC and (2) Formosa H Tinh Steel are subject to the all-others rate.

for such entries of merchandise in the amount indicated above.

If the U.S. International Trade Commission (ITC) issues a final affirmative injury determination, we will issue a countervailing duty (CVD) order, reinstate the suspension of liquidation under section 706(a) of the Act, and require a cash deposit of estimated countervailing duties for such entries of subject merchandise in the amounts indicated above, except for HSG and its cross-owned companies because HSG's rate is *de minimis*, in accordance with section 706(a) of the Act. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated, and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

ITC Notification

In accordance with section 705(d) of the Act, Commerce will notify the ITC of its final affirmative determination that countervailable subsidies are being provided to producers and exporters of CORE from Vietnam. Because the final determination is affirmative, in accordance with section 705(b) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of CORE from Vietnam no later than 45 days after this final determination. In addition, we are making available to the ITC all non-privileged and nonproprietary information related to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance. If the ITC determines that material injury or threat of material injury does not exist, this proceeding will be terminated and all cash deposits will be refunded.

If the ITC determines that such injury does exist, Commerce will issue a CVD order directing CBP to assess, upon further instruction by Commerce, countervailing duties on all imports of the subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the "Continuation of Suspension of Liquidation" section.

Administrative Protective Order

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an APO of their responsibility concerning the destruction of proprietary information disclosed under APO, in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 705(d) and 777(i) of the Act, and 19 CFR 351.210(c).

Dated: August 25, 2025.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The products covered by this investigation are certain flat-rolled steel products, either clad, plated, or coated with corrosion-resistant metals such as zinc, aluminum, or zinc-, aluminum-, nickel- or iron-based alloys, whether or not corrugated or painted, varnished, laminated, or coated with plastics or other non-metallic substances in addition to the metallic coating. The products covered include coils that have a width of 12.7 mm or greater, regardless of form of coil (e.g., in successively superimposed layers, spirally oscillating, etc.). The products covered also include products not in coils (e.g., in straight lengths) of a thickness less than 4.75 mm and a width that is 12.7 mm or greater and that measures at least 10 times the thickness. The products covered also include products not in coils (e.g., in straight lengths) of a thickness of 4.75 mm or more and a width exceeding 150 mm and measuring at least twice the thickness. The products described above may be rectangular, square, circular, or other shape and include products of either rectangular or non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process, *i.e.*, products which have been "worked after rolling" (e.g., products which have been beveled or rounded at the edges).

For purposes of the width and thickness requirements referenced above:

(1) Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set forth above, and

(2) where the width and thickness vary for a specific product (e.g., the thickness of certain products with non-rectangular cross-section, the width of certain products with non-rectangular shape, etc.), the

measurement at its greatest width or thickness applies.

Steel products included in the scope of these investigations are products in which: (1) iron predominates, by weight, over each of the other contained elements; and (2) the carbon content is 2 percent or less, by weight.

Subject merchandise also includes corrosion-resistant steel that has been further processed in a third country, including but not limited to annealing, tempering, painting, varnishing, trimming, cutting, punching and/or slitting or any other processing that would not otherwise remove the merchandise from the scope of the investigations if performed in the country of manufacture of the in-scope corrosion resistant steel.

All products that meet the written physical description are within the scope of these investigations unless specifically excluded. The following products are outside of and/or specifically excluded from the scope of these investigations:

- Flat-rolled steel products either plated or coated with tin, lead, chromium, chromium oxides, both tin and lead ("terne plate") or both chromium and chromium oxides ("tin free steel"), whether or not painted, varnished or coated with plastics or other non-metallic substances in addition to the metallic coating;

- Clad products in straight lengths of 4.7625 mm or more in composite thickness and of a width which exceeds 150 mm and measures at least twice the thickness;

- Certain clad stainless flat-rolled products, which are three-layered corrosion-resistant carbon steel flat-rolled products less than 4.75 mm in composite thickness that consist of a carbon steel flat-rolled product clad on both sides with stainless steel in a 20%–60%–20% ratio; and

Also excluded from the scope of the antidumping duty investigation on corrosion resistant steel from Taiwan are any products covered by the existing antidumping duty order on corrosion-resistant steel from Taiwan. *See Certain Corrosion-Resistant Steel Products from India, Italy, the People's Republic of China, the Republic of Korea and Taiwan: Amended Final Affirmative Antidumping Determination for India and Taiwan, and Antidumping Duty Orders*, 81 FR 48390 (July 25, 2016); *Corrosion-Resistant Steel Products from Taiwan: Notice of Third Amended Final Determination of Sales at Less Than Fair Value Pursuant to Court Decision and Partial Exclusion from Antidumping Duty Order*, 88 FR 58245 (August 25, 2023).

Also excluded from the scope of the antidumping duty investigation on corrosion-resistant steel from the United Arab Emirates and the antidumping duty and countervailing duty investigations on corrosion-resistant steel from the Socialist Republic of Vietnam are any products covered by the existing antidumping and countervailing duty orders on corrosion-resistant steel from the People's Republic of China and the Republic of Korea and the antidumping duty order on corrosion-resistant steel from Taiwan. *See Certain Corrosion-Resistant Steel Products from India, Italy, the People's Republic of China, the Republic of Korea and Taiwan: Amended Final Affirmative Antidumping*

Determination for India and Taiwan, and Antidumping Duty Orders, 81 FR 48390 (July 25, 2016); *see also Certain Corrosion-Resistant Steel Products from India, Italy, Republic of Korea and the People's Republic of China: Countervailing Duty Order*, 81 FR 48387 (July 25, 2016). This exclusion does not apply to imports of corrosion-resistant steel that are entered, or withdrawn from warehouse, for consumption in the United States for which the relevant importer and exporter certifications have been completed and maintained and all other applicable certification requirements have been met such that the entry is entered into the United States as not subject to the antidumping and countervailing duty orders on corrosion-resistant steel from the People's Republic of China, the antidumping and countervailing duty orders on corrosion-resistant steel from the Republic of Korea, or the antidumping duty order on corrosion-resistant steel from Taiwan.

The products subject to this investigation are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under item numbers: 7210.30.0030, 7210.30.0060, 7210.41.0000, 7210.49.0030, 7210.49.0040, 7210.49.0045, 7210.49.0091, 7210.49.0095, 7210.61.0000, 7210.69.0000, 7210.70.6030, 7210.70.6060, 7210.70.6090, 7210.90.6000, 7210.90.9000, 7212.20.0000, 7212.30.1030, 7212.30.1090, 7212.30.3000, 7212.30.5000, 7212.40.1000, 7212.40.5000, 7212.50.0000, 7212.60.0000, 7225.91.0000, 7225.92.0000, 7226.99.0110, and 7226.99.0130.

The products subject to this investigation may also enter under the following HTSUS item numbers: 7210.90.1000, 7215.90.1000, 7215.90.3000, 7215.90.5000, 7217.20.1500, 7217.30.1530, 7217.30.1560, 7217.90.1000, 7217.90.5030, 7217.90.5060, 7217.90.5090, 7225.99.0090, 7226.99.0180, 7228.60.6000, 7228.60.8000, and 7229.90.1000.

The HTSUS subheadings above are provided for convenience and customs purposes only. The written description of the scope of the investigation is dispositive.

DEPARTMENT OF COMMERCE

International Trade Administration

[A–583–878]

Certain Corrosion-Resistant Steel Products From Taiwan: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that imports of certain corrosion-resistant steel products (CORE) from Taiwan are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is July 1, 2023, through June 30, 2024.

DATES: Applicable August 29, 2025.

FOR FURTHER INFORMATION CONTACT: Preston Cox, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (240) 956–8630.

SUPPLEMENTARY INFORMATION:

Background

On April 10, 2025, Commerce published in the *Federal Register* its preliminary affirmative determination in the LTFV investigation of CORE from Taiwan, in which we also postponed the final determination until August 25, 2025 and invited interested parties to comment on the *Preliminary*

Determination.¹ On June 10, 2025, Commerce clarified that the deadlines for case briefs and rebuttal briefs would be established at a future date, notwithstanding the deadlines established in the *Preliminary Determination*.² On July 23, 2025, Commerce issued a post-preliminary analysis memorandum in which we: (1) preliminarily determined that both a cost-based particular market situation (PMS) and a sales-based PMS existed during the POI and (2) made certain changes to our differential pricing analysis.³ We invited interested parties to comment on the *Preliminary Determination* and the Post-Preliminary Analysis.⁴

A summary of the events that occurred since the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum.⁵ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is CORE from Taiwan. For a complete description of the scope of this investigation, *see* Appendix I.

Scope Comments

In the *Preliminary Scope Memorandum*, we set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope) in scope-

¹ *See Certain Corrosion-Resistant Steel Products from Taiwan: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures*, 90 FR 15359 (April 10, 2025) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum (PDM).

² *See* Memorandum, “Clarification of the Deadlines,” dated June 10, 2025.

³ *See* Memorandum, “Post-Preliminary Analysis for the Less-Than-Fair-Value Investigation of Certain Corrosion-Resistant Steel Products from Taiwan,” dated July 23, 2025 (Post-Preliminary Memorandum).
