

provided for the use of its OEWS data to calculate the AEWR if FLS data is not available. *Id.* DOL thus confirmed that it can employ its OEWS as a substitute for the FLS.

USDA is not required by statute to rely on the FLS to collect data measuring farm labor wages. USDA has determined it is not required or prudent to conduct the FLS and has discontinued information collection for OMB Control Number 0535–0109. USDA's scarce resources must be reallocated to activities that are required by statute and useful to the Department and its customers. Substitutes like DOL's OEWS are available to supplant the FLS to the extent other agencies use the data for purposes other than that for which it was originally conceived in the 19th century. To the extent any request is received for legacy data, USDA will work to make FLS legacy data available as much as possible.

Acting Associate Administrator, National Agricultural Statistics Service.
