[Docket No. FDA-2025-N-0124]

Bausch & Lomb Incorporated, et al.; Withdrawal of Approval of Eight Abbreviated New Drug Applications; Correction

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice; correction.

SUMMARY: The Food and Drug Administration (FDA) is correcting a notice that appeared in the **Federal Register** on March 14, 2025 (90 FR 49), appearing on page 12163 in FR Doc. 2025-04106. The document announced the withdrawal of approval of eight abbreviated new drug applications (ANDAs) from multiple applicants, withdrawn as of April 14, 2025. The document indicated that FDA was withdrawing approval of the ANDA 075819 for amantadine hydrochloride syrup, 50 milligrams/5 milliliters, held by CMP Pharma, Inc., 8026 East Marlboro Rd., P.O. Box 147, Farmville, NC 27828. Before FDA withdrew the approval of this ANDA, CMP Pharma, Inc., 8026 East Marlboro Rd., P.O. Box 147, Farmville, NC 27828, informed FDA that they did not want the approval of the ANDA withdrawn. Because CMP Pharma, Inc., timely requested that approval of the ANDA not be withdrawn, the approval is still in effect. This notice corrects this error.

Need and Use of Information Collection: The National Institute of Environmental Health Sciences (NIEHS) was given major responsibility for initiating a worker safety and health training program under Section 126 of the Superfund Amendments and Reauthorization Act of 1986 (SARA) for hazardous waste workers and emergency responders. A network of non-profit organizations that are committed to protecting workers and their communities by delivering high-quality, peer-reviewed safety and health curricula to target populations of hazardous waste workers and emergency responders has been developed. The NIEHS Worker Training Program (WTP) contains the Hazardous Waste Worker Training Program (HWWTP) and the NIEHS/DOE Nuclear Worker Training Program (DOE) to fund nonprofit organizations to develop and administer model health and safety training programs for hazardous materials or waste workers. The Hazardous Materials Worker Health and Safety Training Program provides occupational safety and health training for workers who may be engaged in activities related to hazardous waste removal, containment, or chemical emergency response. This program is the core component of WTP. The other optional programs include the Environmental Career Worker Training Program (ECWTP) that focuses on delivering comprehensive training to increase the number of un- or underemployed workers in areas such as environmental restoration, construction, hazardous materials/waste handling, and emergency response and the HAZMAT Disaster Preparedness Training Program (HDPTP) that supports the development and delivery of training for hazardous material and debris cleanup commonly needed after natural and man-made disasters.
