

**DEPARTMENT OF ENERGY****Federal Energy Regulatory  
Commission**

[Docket No. RC11–6–019]

**North American Electric Reliability  
Corporation; Notice of Staff Review of  
Enforcement Programs**

Pursuant to section 215 of the Federal Power Act,<sup>1</sup> Commission staff coordinated with the staff of the North American Electric Reliability Corporation (NERC) to conduct the annual oversight of the Find, Fix, Track and Report (FFT) program, as outlined in the March 15, 2012 Order,<sup>2</sup> and the Compliance Exception (CE) Program, as proposed by NERC's September 18, 2015 annual Compliance Filing and accepted by delegated letter order.<sup>3</sup>

Commission staff reviewed a sample of 32 of 232 FFTs and 33 of 1,089 CEs submitted by NERC between October 2023 and September 2024.

Commission staff found that the FFT and CE programs are meeting the Commission's expectations in accordance with the FFT Order. All 65 FFTs and CEs have been adequately remediated, and the root cause of each noncompliance was clearly identified. Commission staff also reviewed the supporting information for these FFTs and CEs and agreed with the final risk determinations for all 65 noncompliances, which clearly identified the factors affecting the risk prior to mitigation (such as potential and actual risk) and actual harm. Further, no FFTs or CEs sampled contained any material misrepresentations by the registered entities. Commission staff found that the Regional Entities appropriately identified all 65 of the sampled noncompliances as appropriate to be processed as FFTs and CEs.

Dated: August 29, 2025.

**Debbie-Anne A. Reese,**  
Secretary.

[Docket No. CP25–540–000]

**National Fuel Gas Supply Corporation;  
Notice of Request Under Blanket  
Authorization and Establishing  
Intervention and Protest Deadline**

Take notice that on August 21, 2025 National Fuel Gas Supply Corporation (National Fuel), 6363 Main Street, Williamsville, New York 14221, filed in the above referenced docket, a prior notice request pursuant to sections 157.205, 157.213 and 157.216 of the Commission's regulations under the Natural Gas Act (NGA), and National Fuel's blanket certificate issued in Docket No. CP83–4–000, for authorization to convert indicator Well 1332I and injection/withdrawal Well 1211I to observation wells and to abandon portions of the associated well lines AW1332, AW1223, AW1211, and AM62S in its Lawtons Storage Field in Erie County, New York. (Lawtons Storage Field Conversion Project). The project will allow National Fuel to repurpose these wells to monitor gas pressures for inventory verification and performance monitoring. The estimated cost for the project is \$100,000 all as more fully set forth in the request which is on file with the Commission and open to public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

User assistance is available for eLibrary and the Commission's website during normal business hours from FERC Online Support at (202) 502–6652 (toll free at 1–866–208–3676) or email at [ferconlinesupport@ferc.gov](mailto:ferconlinesupport@ferc.gov), or the Public Reference Room at (202) 502–8371, TTY (202) 502–8659. Email the Public Reference Room at [public.referenceroom@ferc.gov](mailto:public.referenceroom@ferc.gov).

Any questions concerning this request should be directed to Meghan M. Emes, Senior Counsel, National Fuel Gas

Supply Corporation, 6363 Main Street, Williamsville, New York 14221, by phone at (716) 857–7004, or by email at [emesm@natfuel.com](mailto:emesm@natfuel.com).

**Public Participation**

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on October 28, 2025. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

**Protests**

Pursuant to section 157.205 of the Commission's regulations under the NGA,<sup>1</sup> any person<sup>2</sup> or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,<sup>3</sup> and must be submitted by the protest deadline, which is 5:00 p.m. Eastern Time on October 28, 2025. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

**Interventions**

Any person has the option to file a motion to intervene in this proceeding.

<sup>1</sup> 18 CFR 157.205.<sup>2</sup> Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).<sup>3</sup> 18 CFR 157.205(e).

Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure<sup>4</sup> and the regulations under the NGA<sup>5</sup> by the intervention deadline for the project, which is 5:00 p.m. Eastern Time on October 28, 2025. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

#### Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before 5:00 p.m. Eastern Time on October 28, 2025. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

#### How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and

comments. In both instances, please reference the Project docket number CP25–540–000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or<sup>6</sup>

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference the Project docket number CP25–540–000

*To file via USPS:* Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

*To file via any other method:* Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov).

Protests and motions to intervene must be served on the applicant either by mail at: Meghan Emes, Senior Counsel, National Fuel Gas Supply Corporation, 6363 Main Street, Williamsville, New York 14221, or by email (with a link to the document) at [emesm@natfuel.com](mailto:emesm@natfuel.com). Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

#### Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208–FERC, or on the FERC website at [www.ferc.gov](http://www.ferc.gov) using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

<sup>6</sup> Additionally, you may file your comments electronically by using the eComment feature, which is located on the Commission's website at [www.ferc.gov](http://www.ferc.gov) under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to [www.ferc.gov/docs-filing/esubscription.asp](http://www.ferc.gov/docs-filing/esubscription.asp).

Dated: August 29, 2025.

BILLING CODE 6717–01–P

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP25–539–000]

#### Rockies Express Pipeline LLC, Cheyenne Connector, LLC, East Cheyenne Gas Storage, LLC; Notice of Application and Establishing Intervention Deadline

Take notice that on August 15, 2025, Rockies Express Pipeline LLC (REX), Cheyenne Connector, LLC (Cheyenne Connector), and East Cheyenne Gas Storage, LLC (East Cheyenne) (collectively, Applicants), 11550 Ash Street, Suite 220, Leawood, Kansas 66211, filed an application pursuant to sections 7(b) and 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations requesting authorizations for the Critical Energy Reliability Link Project (Project) located in Weld, Adams, Arapahoe, Elbert, El Paso, and Lincoln Counties, Colorado. Specifically, REX requests authorization (1) to expand its system by installing a total of approximately 160.0 miles of 24-inch-diameter pipeline, the new 6,195-horsepower LaSalle Compressor Station, three new meter stations, and appurtenant facilities; (2) to acquire via a lease 250,000 dekatherms (Dth) per day of existing unsubscribed transportation capacity on Cheyenne Connector's system; (3) to acquire via lease 1,500,000 Dth of existing unsubscribed storage capacity at East Cheyenne's storage facility; and (4) to establish new no-notice, firm storage, and interruptible storage services and associated pro forma tariff records, rates for service on the Project, and other related tariff changes. Additionally, Cheyenne Connector and East Cheyenne request authorization to abandon by lease the corresponding 250,000 Dth per
