

Estimated Number of Responses: For the HUD Form 50900, there are 78 submissions per year, 39 Annual MTW Plans and 39 Annual MTW Reports, reflecting the 39 Initial MTW PHAs. This results in a total of 2 submissions per Initial MTW PHA, across all 39 affected Initial MTW PHAs or 78 total responses.

For the HUD Form 50900-Expansion, there are 100 submissions per year, reflecting the up-to 100 Expansion MTW PHAs. There is one annual submission comprised of eight sections. This results in a total of 1 submission per Expansion MTW PHA, across all up-to 100 affected Expansion MTW PHAs or 100 total responses.

Frequency of Response: For the HUD Form 50900, Initial MTW PHAs

complete requirements associated with this Form twice per year (Plan and Report). In the Plan, the Initial MTW PHAs complete each of the seven sections of the Form. In the Report, the Initial MTW PHAs complete only five of the seven sections of the Form.

For the HUD Form 50900-Expansion, Expansion MTW PHAs complete requirements associated with this Form once per year. The Expansion MTW PHAs complete each of the eight sections of the Form.

Average Hours per Response: For the HUD Form 50900, the estimated average burden is 66 hours per response to the Annual MTW Plan and 36 hours per response to the Annual MTW Report (or 102 hours per year). Initial MTW PHAs are not required to submit a five (5) year

plan and annual plans as stated in Section 5A of the 1937 Act.

For the HUD Form 50900-Expansion, the estimated average burden is six hours per response (or six total hours per year). Expansion MTW PHAs are still required to submit a five (5) year plan and annual plans as stated in Section 5A of the 1937 Act.

Total Estimated Burdens: For the HUD Form 50900, the total estimated burden across all Initial MTW PHAs is 3,978 hours per year.

For the HUD Form 50900-Expansion, the total estimated burden across all Expansion MTW PHAs is 600 hours per year.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: HOPE VI Implementation and HOPE VI Main Street Programs.

OMB Approval Number: 2577-0208.

Type of Request: Extension of a currently approved collection.

Form Number: HUD-52825-A, HUD-52861, HUD-53001-A.

Description of the need for the information and proposed use: Section 24 of the U.S. Housing Act of 1937, as added by Section 535 of the Quality Housing and Work Responsibility Act of 1998 (Pub. L. 105-276, 112 Stat. 2461, approved October 21, 1998) and revised by the HOPE VI Program Reauthorization and Small Community Main Street Rejuvenation and Housing Act of 2003 (Pub. L. 108-186, 117 Stat. 2685, approved December 16, 2003), established the HOPE VI program for the purpose of making assistance available on a competitive basis to Public Housing Agencies (PHAs) to improve the living environment for public housing residents of severely distressed public housing projects (or portions thereof); and, beginning in Fiscal Year 2004, to rejuvenate the traditional or historic downtown areas of smaller units of local government. Funds were appropriated for competitive HOPE VI Implementation Notices of Funding Opportunity (NOFOs) through Fiscal Year 2011, when the HOPE VI program sunset and was replaced with the Choice Neighborhoods Initiative.

HOPE VI funds are no longer being appropriated, and HOPE VI Main Street funds are being funded through the Choice Neighborhoods Initiative appropriations. In a change from previous years, the Main Street grant program accounts for most of the reporting burden because many HOPE VI grants are now fully completed and closed out. Currently, there are approximately three HOPE VI Implementation grants that remain active and must be monitored by HUD. HUD publishes competitive bi-annual NOFOs for the HOPE VI Main Street program and monitors grants that have been awarded through those NOFOs. These information collections are required in connection with the monitoring of the remaining active HOPE VI Implementation grants and the bi-annual publication on <http://www.grants.gov> of HOPE VI Main Street NOFOs, contingent upon available funding and authorization, which announce the availability of funds provided in annual appropriations for Section 24 of the Housing Act of 1937, as amended.

Eligible units of local government interested in obtaining HOPE VI Main Street grants are required to submit

applications to HUD, as explained in each NOFO. The information conducted in the applications enables HUD to conduct a comprehensive, merit-based selection process in order to identify and select the applications to receive funding. With the use of HUD-prescribed forms, the information collection provides HUD with sufficient information to approve or disapprove applications.

Applicants that are awarded HOPE VI Implementations grants are required to report on a quarterly basis on their Implementation grant revitalization activities. HOPE VI Implementation grantees do this by sending emails to the HUD grant managers. HUD reviews and evaluates the collected information and uses it as a primary tool with which to monitor the status of HOPE VI projects and programs.

Members of affected public: Public Housing Agencies, Units of Local Government.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:
