SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for the proper performance of MCC's functions; (b) the accuracy of the estimated burden of the proposed collection; (c) ways for MCC

The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection and your comments will become a matter of public record.

Title of Information Collection: MCC Restricted Data Use Application.

OMB Control Number: 0414-0001.

Type of Review: Request to reinstate a previously approved information collection.

Respondents/Affected Public:

Researchers, including university and college faculty and students, who use this data for statistical analysis.

Total Estimated Number of

Respondents: Approximately 10 new respondents are expected annually to access MCC-funded restricted data.

Frequency: One application for each restricted data package for which access is requested by a respondent.

Estimated Average Burden per Response: 90 minutes.

Estimated Total Annual Burden: 15 hours total.

Estimated Total Annual Cost to Public: There are no costs to respondents other than their time.

Respondents' Obligation: Voluntary reply.

Abstract: MCC is committed to providing public access to high-value data collected as part of the development, implementation, and evaluation of MCC-funded foreign assistance programs, while being equally committed to protecting the confidentiality of individuals and organizations from which the data is collected. To achieve these twin aims, MCC publishes de-identified public use files of microdata on its website through the MCC Evidence Platform. In addition, MCC makes restricted data files available in cases where the de-identification efforts for public use files would significantly impair the analytic potential of the data, or where the data contains highly sensitive information that cannot be shared as a public-use file. However, access to restricted data is only granted to users who meet eligibility criteria and agree to terms of access established by MCC, including agreeing to follow strict requirements for maintaining data confidentiality. The MCC Restricted Data Use Application collects information that is used by MCC and its data steward, the University of Michigan's Interagency Consortium for Political and Social Research (ICPSR), to evaluate whether respondents qualify for access to MCC's

restricted data. The application, which is submitted electronically, requires the provision of specific information by the respondent, such as (i) the name, contact information, and CV/Resume/Biosketch for each person that will access the restricted data, (ii) a research proposal describing the need for the data and how it will be used, (iii) evidence of Institutional Review Board approval or exemption of the research proposal, and (iv) a signed restricted data use agreement.

(Authority: Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35))

Dated: September 4, 2025.

Brian Finkelstein,

Acting VP/General Counsel and Corporate Secretary.

NATIONAL CAPITAL PLANNING COMMISSION

Notice of Public Comment Period for the Introduction Chapter Updates of the Comprehensive Plan for the National Capital: Federal Elements

AGENCY: National Capital Planning Commission.

ACTION: Notice of 30-day public comment period.

SUMMARY: The National Capital Planning Commission (NCPC) has released a draft update to the Introduction Chapter of the Comprehensive Plan for the National Capital: Federal Elements for public review. The chapter establishes the planning framework for the Comprehensive Plan's Federal Elements to guide agency actions, including review of projects and long-range plans that affect federal buildings, installations, campuses, and master plans in the National Capital Region. The current Comprehensive Plan's Introduction Chapter was adopted in June 2024 and was updated in response to Executive Order (E.O.) 13985 (Advancing Racial Equity and Support for Underserved Communities Through the Federal Government). By way of E.O. 14148, E.O. 13985 was rescinded, and E.O. 14151 (Ending Radical and Wasteful Government DEI Programs and Preferencing) was signed. Together, these orders required federal agencies to undo or amend agency regulations and policies that were made in accordance with E.O. 13985 or which focused on a similar purpose, thereby necessitating revisions to the Introduction Chapter. The draft update reverts the Comprehensive Plan's Introduction
