

(d) The grader operators shall be trained to lower the grader blade to provide additional stopping capability.

(e) The petitioner proposes to transfer the RDG-1 504S Road Builder, serial number 6390, from the Viper Mine 11-02664 that is closing, to Knight Hawk Coal (“Prairie Eagle Underground Mine”).

(f) The road grader requested within this petition for the Prairie Eagle Underground Mine has been safely operated at Viper Mine for many years. Also, the same style road grader is utilized and approved by MSHA at Peabody Gateway Mine under docket No. M-2015-012-C. Underground mining conditions can be similar to that of the Gateway mine as the two operations are located in close proximity to each other and mine in the same Herrin #6 coal seam.

(g) The miners at Prairie Eagle Underground Mine are not represented by a labor organization and the petition has been posted at the mine on June 27, 2025.

The petitioner asserts that the alternative method will guarantee no less than the same measure of protection afforded the miners under the mandatory standard.

Jessica D. Senk,

Acting Director, Office of Standards, Regulations, and Variances.
