

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Rather, the Exchange believes that the proposed Exchange Complex Order Feeds will enhance competition by providing a new option for receiving market data to market participants. The proposed Exchange Complex Order Feeds will also further enhance competition between exchanges as other exchanges also offer market data feeds for their own complex order books.<sup>22</sup>

Additionally, the Exchange believes the proposed rule change does not impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. Market participants are not required to purchase the proposed Exchange Complex Order Feeds. Rather, the Exchange is making these additional order feeds available, and firms may choose to receive (and pay for) this data based on their own business needs. Potential purchasers may request the data at any time if they believe it to be valuable or may decline to purchase such data.
