

hours. It is estimated that applicants will take 5 minutes to complete a Form USM-271. In order to calculate the public burden for Form USM-271,

USMS multiplied 5 by 180 and divided by 60 (the number of minutes in an hour), which equals 15 total annual burden hours.

7. An estimate of the total annual cost burden associated with the collection, if applicable:

TOTAL BURDEN HOURS

Activity	Number of respondents	Frequency (annually)	Total annual responses	Time per response (min)	Total annual burden (hours)
Ex: Survey (individuals or households)	180	1	180	5	15
Unduplicated Totals	180	180	15

If additional information is required contact: Darwin Arceo, Department Clearance Officer, United States Department of Justice, Justice Management Division, Enterprise Portfolio Management, Two Constitution Square, 145 N Street NE, 4W-218, Washington, DC.

Dated: September 22, 2025.

Darwin Arceo,
 Department Clearance Officer for PRA, U.S. Department of Justice.

BILLING CODE 4410-04-P

DEPARTMENT OF JUSTICE

[OMB Number 1105-0096]

Agency Information Collection Activities; Proposed eCollection eComments Requested; Extension Without Change of a Currently Approved Collection; Comments Requested: Title—Sequestered Juror Information Form

AGENCY: U.S. Marshals Service, Department of Justice.

ACTION: 30-Day notice.

SUMMARY: The U.S. Marshals Service (USMS), Department of Justice (DOJ), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 30 days until October 27, 2025.

FOR FURTHER INFORMATION CONTACT: The proposed information collection was previously published in the **Federal**

Register on May 28, 2025, 90 FR 22515, allowing a 60-day comment period. If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Assistant Chief Karl Slazer/Management Support Division, US Marshals Service Headquarters, 1215 S Clark St., Ste. 10017, Arlington, VA 22202-4387, by telephone at 703-740-2316 or by email at karl.slazer@usdoj.gov.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g.,

permitting electronic submission of responses.

Abstract: The United States Marshals Service is responsible for ensuring the security of federal courthouses, courtrooms, and federal jurist. This information assists Marshals Service personnel in the planning of, and response to, potential security needs of the court and jurors during the course of proceedings.

Overview of This Information Collection

1. *Type of Information Collection:* Extension without change of a currently approved collection.
2. *The Title of the Form/Collection:* Sequestered Juror Information Form.
3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* Form USM-523A.
4. *Affected public who will be asked or required to respond, as well as the obligation to respond:* Individuals or Households.
5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimated 14 respondents will utilize the form, and it will take each respondent approximately 4 minutes to complete the form.
6. *An estimate of the total annual burden (in hours) associated with the collection:* The estimated annual public burden associated with this collection is 1 hour, which is equal to (14 (total # of annual responses) * 4 minutes = 56 minutes or 1 hour).
7. *An estimate of the total annual cost burden associated with the collection, if applicable:*

TOTAL BURDEN HOURS

Activity	Number of respondents	Frequency (annually)	Total annual responses	Time per response (min)	Total annual burden (hours)
Ex: Survey (individuals or households)	14	1	14	4	1

TOTAL BURDEN HOURS—Continued

Activity	Number of respondents	Frequency (annually)	Total annual responses	Time per response (min)	Total annual burden (hours)
Unduplicated Totals	14	14	1

If additional information is required contact: Darwin Arceo, Department Clearance Officer, United States Department of Justice, Justice Management Division, Enterprise Portfolio Management, Two Constitution Square, 145 N Street NE, 4W-218, Washington, DC.

Dated: September 22, 2025.

Darwin Arceo,

Department Clearance Officer for PRA, U.S. Department of Justice.

BILLING CODE 4410-04-P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

[OMB Control No. 1219-0151]

Proposed Extension of Information Collection: Cleanup Program for Accumulations of Coal and Float Coal Dusts, Loose Coal, and Other Combustibles

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Request for public comments.

SUMMARY: The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program for all information collections, to provide the public and Federal agencies with an opportunity to comment on proposed collections of information, in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Mine Safety and Health Administration (MSHA) is soliciting comments on the information collection titled “Cleanup Program for Accumulations of Coal and Float Coal Dusts, Loose Coal, and Other Combustibles.”

DATES: All comments must be received on or before November 24, 2025.

ADDRESSES: Comments concerning the information collection requirements of

this notice may be sent by any of the methods listed below. Please note that comments received after the deadline will not be considered.

- *Federal E-Rulemaking Portal:* <https://www.regulations.gov>. Follow the on-line instructions for submitting comments for docket number MSHA-2025-0053.

- *Mail/Hand Delivery:* DOL-MSHA, Office of Standards, Regulations, and Variances, 200 Constitution Avenue NW, Room C3522, Washington, DC 20210. Before visiting MSHA in person, call 202-693-9440 to make an appointment.

- MSHA will post all comments as well as any attachments, except for information submitted and marked as confidential, in the docket at <https://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Jessica D. Senk, Acting Director, Office of Standards, Regulations, and Variances, MSHA, at MSHA.information.collections@dol.gov (email); (202) 693-9440 (voice); or (202) 693-9441 (facsimile). These are not toll-free numbers.

SUPPLEMENTARY INFORMATION:

I. Background

A. Legal Authority

Section 103(h) of the Federal Mine Safety and Health Act of 1977 (Mine Act), as amended, 30 U.S.C. 813(h), authorizes the Mine Safety and Health Administration (MSHA) to collect information necessary to carry out its duty in protecting the safety and health of miners. Further, section 101(a) of the Mine Act, 30 U.S.C. 811(a), authorizes the Secretary of Labor (Secretary) to develop, promulgate, and revise, as may be appropriate, improved mandatory health or safety standards for the protection of life and prevention of injuries in coal, metal and nonmetal (MNM) mines.

The Paperwork Reduction Act of 1995 (PRA) governs paperwork burdens imposed on the public by Federal agencies for using identical questions to collect information from 10 or more persons. The PRA defines paperwork burden in 44 U.S.C. 3502(2) as time, effort, or financial resources expended to generate, maintain, or provide information to or for a Federal agency.

Under 44 U.S.C. 3507, the PRA also establishes policies and procedures of information collection for controlling paperwork burdens imposed by Federal agencies on the public, including evaluating public comments.

B. Information Collection

To fulfill its statutory mandate to promote miners’ health and safety, MSHA requires information collected under the ICR titled “Cleanup Program for Accumulations of Coal and Float Coal Dusts, Loose Coal, and Other Combustibles.” This information collection is intended to ensure that underground coal mine operators develop and maintain effective cleanup programs to protect miners from accumulations of coal dust and float coal dusts, loose coal, and other combustibles that could create the potential of an explosion hazard.

Under 30 CFR 75.400, coal dust, including float coal dust deposited on rock-dusted surfaces, loose coal, and other combustible materials, shall be cleaned up and not be permitted to accumulate in active workings, or on diesel-powered and electric equipment. Under 30 CFR 75.400-1, coal dust is defined as particles of coal that can pass a No. 20 sieve; float coal dust is defined as the coal dust consisting of particles of coal that can pass a No. 200 sieve; and loose coal is defined as coal fragments larger in size than coal dust. Under 30 CFR 75.401-1, excessive amounts of dust is defined as coal and float coal dust in the air in such amounts as to create the potential of an explosion hazard.

Programs for effective and frequent rock dust cleanup and removal of accumulations of coal and float coal dusts, loose coal, and other combustibles are necessary to protect miners from the potential for a coal dust explosion.

Burden costs associated with this ICR include:

- i. Establishing new cleanup programs; and
- ii. Updating existing cleanup programs.

The associated standards that authorize the collection of information are described below.
