Information Collection Request

Title: Small Passenger Vessels—Title 46 CFR Subchapters K and T.

OMB Control Number: 1625–0057.

Summary: The information requirements are necessary for the proper administration and enforcement of the program on safety of commercial vessels as it affects small passenger vessels. The requirements affect small passenger vessels (under 100 gross tons) that carry more than 6 passengers.

Need: Under the authority of 46 U.S.C. 3305 and 3306, the Coast Guard prescribed regulations for the design, construction, alteration, repair and operation of small passenger vessels to secure the safety of individuals and property on board. The Coast Guard uses the information in this collection to ensure compliance with the requirements.

Forms

- CG–5256, U.S. Coast Guard Inspected Small Passenger Vessel [sticker].

Basis for the Change in the Number of Forms: The Coast Guard removed four forms from this ICR to eliminate double counting of the responses and hour burden. Forms CG–841 (Certificate of Inspection), CG–854 (Temporary Certificate of Inspection), CG–948 (Permit to Proceed to Another Port for Repairs) and CG–949 (Permit to Carry Excursion Party) are currently accounted for within ICR 1625–0032 (Vessel Inspection Related Forms and Reporting Requirements Under Title 46 U.S. Code). Removing the four forms from this ICR ensures that the reporting and recordkeeping requirements are only accounted for once per occurrence. Additionally, as the four forms have a broader use than just small passenger vessels, retaining them in ICR 1625–0032 is preferred as that collection accounts for all 46 U.S. Code vessels subject to inspection.

Respondents: Owners and operators of small passenger vessels.

Frequency: On occasion.

Hour Burden Estimate: The estimated burden has increased from 406,113 hours to 421,124 hours a year, due to an increase in the estimated annual number of respondents.

(Acting) Chief, Office of Privacy Management, U.S. Coast Guard.
