## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-104081; File No. SR-24X-2025-10]

### Self-Regulatory Organizations; 24X National Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Adopt Connectivity Fees

September 26, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

(“Act”)<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on September 24, 2025, 24X National Exchange LLC (“24X” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to adopt connectivity fees for cross-connects at the Primary and Disaster Recovery facilities. The Exchange also proposes to adopt connectivity fees for Logical Connectivity (Primary), effective September 29, 2025. The proposed rule change is available on the Exchange’s website at <https://equities.24exchange.com/regulation> and at the principal office of the Exchange.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange is proposing to establish monthly connectivity fees. In advance of the Exchange’s commencement of operations as a national securities exchange, the Exchange determined it was reasonable and appropriate to charge market participants for their connectivity to the Exchange.

#### Cross-Connect Fees

The Exchange proposes to offer to both Members<sup>3</sup> and non-Members the option to utilize a 10 Gigabit (“Gb”) ultra-low latency (“ULL”) fiber cross-connection to the Exchange’s Primary and Disaster Recovery facilities, as well as a 10Gb ULL fiber cross-connection to the Test Environment. The Exchange proposes to establish a Cross-Connect fee of \$5,700 per 10Gb physical interface per month that will be assessed to Members and non-Members for connecting to the Primary facility. The Exchange also proposes to establish a Cross-Connect fee of \$2,850 per 10Gb physical interface per month that will be assessed to Members and non-Members for connecting to the Disaster Recovery facility. The Exchange does not contemplate charging a fee for connection to the Test Environment at this time. The Exchange believes these fees will encourage Members to connect to the Exchange’s backup trading systems and to conduct appropriate testing of their use of the Exchange. The Exchange also believes that it is reasonable to charge a lower fee for connection to the Disaster Recovery facility than for connection to the Primary facility given that, pursuant to 24X Rule 2.4, a small number of Members are expected to be required to connect and participate in testing of the Exchange’s backup systems.

Monthly network connectivity fees for Members and non-Members for connectivity will be assessed in any month the Member or non-Member is credentialed to use any of the 24X Application Programming Interfaces in the Primary facility or Disaster Recovery facility.<sup>4</sup>

#### Port Fees

The Exchange proposes to establish a \$500 fee for Primary Logical Connectivity sessions. These application sessions, commonly known as ports, are utilized to perform a particular function on the Exchange, such as order entry or order cancellation, receipt of drop copies, or proprietary market data dissemination. All market participants (Members and non-Members) will be charged per session per month.

<sup>3</sup> The term “Member” shall mean any registered broker or dealer that has been admitted to membership in the Exchange. See 24X Rule 1.5(u).

<sup>4</sup> As proposed, fees for connectivity services would be assessed based on each active connectivity service product at the close of business on the first day of each month. If a product is canceled prior to such fee being assessed, then the Member will not be obligated to pay the applicable product fee.
